

EMIRATES NBD PJSC

(incorporated with limited liability in The United Arab Emirates)

EMIRATES NBD GLOBAL FUNDING LIMITED

(incorporated as an exempted company with limited liability in the Cayman Islands)

U.S.\$7,500,000,000

Euro Medium Term Note Programme

On 20 June 2002, Emirates Bank International PJSC ("**EBI**") entered into a U.S.\$1,000,000,000 Euro Medium Term Note Programme (the "**Programme**"). On 19 January 2005, the maximum aggregate nominal amount of Notes which may be outstanding under the Programme was increased from U.S.\$1,000,000,000 to U.S.\$3,500,000,000 and on 19 April 2007 such maximum aggregate nominal amount was further increased to U.S.\$7,500,000,000. On 21 November 2009, EBI was legally amalgamated with Emirates NBD PJSC ("**ENBD**" or the "**Bank**") As a result of the amalgamation, all of the assets and liabilities of EBI were transferred to ENBD, EBI was dissolved and ENBD is now considered to be the issuer of the Notes issued by EBI prior to the date hereof. Any Notes (as defined below) issued under the Programme are issued subject to the provisions set out herein. This does not affect any Notes issued prior to the date hereof.

Under the Programme, ENBD and Emirates NBD Global Funding Limited ("**EGF**" and, together with ENBD in its capacity as issuer, the "**Issuers**" and each an "**Issuer**") may from time to time issue notes (the "**Notes**") denominated in any currency agreed between the relevant Issuer and the relevant Dealer (as defined below).

The payments of all amounts due in respect of the Notes issued by EGF will be unconditionally and irrevocably guaranteed (the "**Guarantee**") by ENBD (in such capacity, the "**Guarantor**").

References to "**the relevant Obligor(s)**" shall, in the case of any issue of Notes, mean the relevant Issuer and, if the relevant Issuer is EGF, the Guarantor.

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed U.S.\$7,500,000,000 (or its equivalent in other currencies calculated as described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "*General Description of the Programme*" and any additional Dealer appointed under the Programme from time to time by the Issuers (each a "**Dealer**" and together the "**Dealers**"), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the "**relevant Dealer**" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe for such Notes. **An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "*Risk Factors*".**

Application has been made to the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") in its capacity as competent authority under the Luxembourg Act dated 10 July 2005 on prospectuses for securities (the "**Luxembourg Law**") to approve this document as a base prospectus. The CSSF assumes no responsibility as to the economic and financial soundness of the Programme or in respect of the quality or solvency of ENBD or EGF pursuant to Article 7(7) of the Luxembourg Law. Application has also been made to the Luxembourg Stock Exchange for Notes issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market (the "**Regulated Market**") and to be listed on the official list (the "**Official List**") of the Luxembourg Stock Exchange, during the period of 12 months from the date of this Base Prospectus.

This Base Prospectus has been approved by the Dubai Financial Services Authority (the "**DFSA**") under the DFSA's Markets Rule 2.6 and is therefore an Approved Prospectus for the purposes of Article 14 of the DFSA's Markets Law 2012. Application has also been made to the DFSA for certain Notes issued under the Programme during the period of 12 months from the date of this Base Prospectus to be admitted to the official list of securities (the "**DFSA Official List**") maintained by the DFSA and to NASDAQ Dubai for such Notes to be admitted to trading on NASDAQ Dubai.

References in this Base Prospectus to Notes being "**listed**" (and all related references) shall mean that: (i) such Notes have been admitted to listing on the Official List and admitted to trading on the Regulated Market which is a regulated market for the purposes of Directive 2004/39/EC (the "**Markets in Financial Instruments Directive**"); and/or (ii) such Notes have been admitted to trading on NASDAQ Dubai and have been admitted to the Official List of securities maintained by the DFSA.

The DFSA does not accept any responsibility for the content of the information included in this Base Prospectus, including the accuracy or completeness of such information. The liability for the content of this Base Prospectus lies with each of ENBD and EGF. The DFSA has also not assessed the suitability of the Notes to which this Base Prospectus relates to any particular investor or type of investor. If you do not understand the contents of this Base Prospectus or are unsure whether the Notes to which this Base Prospectus relates are suitable for your individual investment objectives and circumstances, you should consult an authorised financial advisor.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under "*Terms and Conditions of the Notes*") of Notes will be set out in a final terms (the "**Final Terms**") which, with respect to Notes to be listed on the Luxembourg Stock Exchange, will be filed with the CSSF and which, with respect to Notes to be listed on NASDAQ Dubai, will be delivered to the DFSA and NASDAQ Dubai.

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between each relevant Obligor and the relevant Dealer. The Issuers may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The rating of certain Tranches of Notes to be issued under the Programme and the credit rating agency issuing such rating may be specified in the applicable Final Terms. ENBD has been assigned a long term rating of A+ and a short term rating of F1 by Fitch Ratings Ltd. ("**Fitch**") and Baa1 by Moody's Investors Service Ltd. ("**Moody's**"). The United Arab Emirates has been assigned a credit rating of Aa2 by Moody's Investors Service Singapore Pte. Ltd. ("**Moody's Singapore**"). The rating has been endorsed by Moody's in accordance with Regulation (EC) No. 1060/2009, as amended (the "**CRA Regulation**").

Moody's Singapore is not established in the European Union and has not applied for registration under the CRA Regulation. Each of Fitch and Moody's is established in the European Union and is registered under the CRA Regulation. Each of Fitch and Moody's appears on the latest update of the list of registered credit rating agencies on the European Securities and Markets Authority ("**ESMA**") website at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The date of this Base Prospectus is 17 April 2014

This Base Prospectus complies with the requirements in Part 2 of the Markets Law (DIFC Law No. 1 of 2012) and Chapter 2 of the Markets Rules and comprises a base prospectus for the purposes of Article 5.4 of Directive 2003/71/EC, as amended (which includes the amendments made by Directive 2010/73/EU to the extent that such amendments have been implemented in a relevant Member State of the European Economic Area) (the "**Prospectus Directive**").

Each of ENBD and EGF accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge of each of ENBD and EGF (each having taken all reasonable care to ensure that such is the case) the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

Each Tranche of Notes will be issued on the terms set out herein under "*Terms and Conditions of the Notes*" as completed by the applicable Final Terms. This Base Prospectus must be read and construed together with any supplements hereto and with any information incorporated by reference herein (see "*Documents Incorporated by Reference*") and, in relation to any Tranche of Notes which is the subject of Final Terms, must be read and construed together with the applicable Final Terms.

Copies of Final Terms will be available from the registered office of ENBD and the specified offices of the Paying Agent (as defined below).

Certain information contained in "*Risk Factors*", "*Description of Emirates NBD PJSC – ENBD's Competition*", "*Overview of the UAE and the Emirate of Dubai*" and "*The United Arab Emirates Banking and Financial Services System*" (as indicated therein) has been extracted from independent, third party sources. Each of ENBD and EGF confirms that all third party information contained in this Base Prospectus has been accurately reproduced and that, as far as it is aware and is able to ascertain from information published by the relevant, third party sources, no facts have been omitted which would render the reproduced information inaccurate or misleading. The source of any third party information contained in this Base Prospectus is stated where such information appears in this Base Prospectus.

The Dealers have not independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers as to the accuracy or completeness of the information contained or incorporated in this Base Prospectus or any other information provided by any of ENBD or EGF in connection with the Programme. No Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by any of ENBD or EGF in connection with the Programme.

No person is or has been authorised by ENBD or EGF to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by ENBD or EGF or any of the Dealers.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes: (i) is intended to provide the basis of any credit or other evaluation; or (ii) should be considered as a recommendation by ENBD or EGF or any of the Dealers that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the relevant Obligor(s). Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of ENBD or EGF or any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning ENBD or EGF is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of any of ENBD or EGF during the life of the Programme or to advise any investor in the Notes of any information coming to their attention. Investors should review, *inter alia*, the most

recently published documents incorporated by reference into this Base Prospectus when deciding whether or not to purchase any Notes.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended, (the “**Securities Act**”) and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see “*Subscription and Sale*”).

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuers, the Guarantor and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuers, the Guarantor or the Dealers which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area (including the United Kingdom, the Republic of Italy and France), Japan, the Dubai International Financial Centre, the Kingdom of Saudi Arabia, The United Arab Emirates and the Cayman Islands (see “*Subscription and Sale*”).

This Base Prospectus has not been submitted for clearance to the *Autorité des marchés financiers* in France.

Certain figures and percentages included in this Base Prospectus have been subject to rounding adjustments. Accordingly, figures shown in the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

All references in this document to “**U.S. dollars**”, “**U.S.\$**” and “**\$**” refer to United States dollars, to “**Dirham**” and “**AED**” refer to United Arab Emirates Dirham, to “**euro**” and “**€**” refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended and all references to “**CNY**”, “**Renminbi**” and “**RMB**” are to the lawful currency of the People’s Republic of China (the “**PRC**”) which, for the purposes of this Base Prospectus, excludes the Hong Kong Special Administrative Region of the PRC, the Macao Special Administrative Region of the PRC and Taiwan. In addition, all references in this document to “**UAE**” are to the United Arab Emirates.

All references in this document to “**ISDA Definitions**” refer to the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes. Investors should consult the Issuer in case they require a copy of the 2006 ISDA Definitions.

This Base Prospectus includes forward-looking statements. All statements other than statements of historical facts included in this Base Prospectus may constitute forward-looking statements. Forward-looking statements generally can be identified by the use of forward-looking terminology, such as “**may**”, “**will**”, “**expect**”, “**intend**”, “**estimate**”, “**anticipate**”, “**believe**”, “**continue**” or similar terminology. Although EGF and ENBD believe that the expectations reflected in their forward-looking statements are reasonable at this time, there can be no assurance that these expectations will prove to be correct.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (a) Notes are legal investments for it, (b) Notes can be used as collateral for various types of borrowing, and (c) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk based capital or similar rules.

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF NOTES, THE DEALER OR DEALERS (IF ANY) NAMED AS THE STABILISATION MANAGER(S) IN THE RELEVANT SUBSCRIPTION AGREEMENT (THE "**STABILISATION MANAGER(S)**") (OR PERSONS ACTING ON BEHALF OF ANY STABILISATION MANAGER(S)) MAY OVER-ALLOT NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, THERE IS NO ASSURANCE THAT THE STABILISATION MANAGER(S) (OR PERSONS ACTING ON BEHALF OF A STABILISATION MANAGER) WILL UNDERTAKE STABILISATION ACTION. ANY STABILISATION ACTION OR OVER-ALLOTMENT MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF NOTES IS MADE AND, IF BEGUN, MAY BE ENDED AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF THIRTY (30) DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF NOTES AND SIXTY (60) DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF NOTES. ANY STABILISATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE RELEVANT STABILISATION MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILISATION MANAGER(S)) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

KINGDOM OF SAUDI ARABIA NOTICE

This Base Prospectus may not be distributed in the Kingdom of Saudi Arabia except to such persons as are permitted under the Offers of Securities Regulations issued by the Capital Market Authority of the Kingdom of Saudi Arabia (the "**Capital Market Authority**").

The Capital Market Authority does not make any representations as to the accuracy or completeness of this Base Prospectus, and expressly disclaims any liability whatsoever for any loss arising from, or incurred in reliance upon, any part of this Base Prospectus. Prospective

purchasers of Notes issued under the Programme should conduct their own due diligence on the accuracy of the information relating to the Notes. If a prospective purchaser does not understand the contents of this Base Prospectus he or she should consult an authorised financial adviser.

RISK FACTORS

Each of the Obligors believes that the following factors may affect its ability to fulfil its obligations in respect of the Notes issued under the Programme or under the Guarantee, as the case may be. All of these factors are contingencies which may or may not occur and neither Obligor is in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with the Notes issued under the Programme are also described below.

If any of the risks described below actually materialise, the Issuer and/or the Group's business, results of operations, financial condition or prospects could be materially and adversely affected. If that were to occur, the trading price of the Notes could decline and investors could lose all or part of their investment.

Each of the Obligors believes that the factors described below represent all the material risks inherent in investing in the Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to them or which they may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Factors that may affect EGF's ability to fulfil its obligations under Notes issued under the Programme

EGF has a limited operating history and no material assets

At the date of this Base Prospectus, EGF is an exempted company with limited liability, incorporated under the laws of the Cayman Islands on 3 July 2009 and has a limited operating history. EGF will not engage in any business activity other than the issuance of Notes under this Programme and other borrowing programmes established from time to time by ENBD, the issuance of shares in its capital and other activities incidental or related to the foregoing. EGF is not expected to have any income except payments received from ENBD, which will be the only material sources of funds available to meet the claims of the Noteholders. As a result, EGF is subject to all of the risks to which ENBD is subject, to the extent that such risk could limit ENBD's ability to satisfy in full and on a timely basis its obligations to EGF under the Programme.

As EGF is a Cayman Islands company, it may not be possible for Noteholders to effect service of process outside of the Cayman Islands.

Factors that may affect ENBD's ability to, in its capacity as Issuer, fulfil its obligations under Notes issued under the Programme and to, in its capacity as Guarantor, fulfil its obligations under the Guarantee

Principal shareholder and governmental interests

As at 31 December 2013, the Government of Dubai (the "**Government**") indirectly holds 55.6 per cent. of the share capital of ENBD. Investment Corporation of Dubai ("**ICD**"), which is wholly owned by the Government, holds shares in ENBD directly. However, the Government does not explicitly or implicitly guarantee the financial obligations of ENBD (including in respect of the Notes to be issued under the Programme and the Guarantee) nor does it, like any other shareholder (acting through ICD), have any legal obligation to provide any support or additional funding for any of ENBD's future operations.

Investors should also be aware that in June 2009, EBI issued AED 4 billion of Tier 1 securities in order to help satisfy the requirements of the Central Bank of the UAE (the "**UAE Central Bank**"). Following the amalgamation of EBI and National Bank of Dubai PJSC ("**NBD**") with ENBD, described further at "*Description of Emirates NBD PJSC*" below, ENBD is now considered to be the issuer of the securities.

However, notwithstanding the Tier 1 securities described in the previous paragraph, the funding support received from the UAE Federal Government during the difficult period of the global financial crisis that occurred from late 2008 to early 2009 and the conversion of AED 12.6 billion of deposits from the UAE Federal Government with ENBD into Tier 2 capital in March 2009, of which AED 7.8 billion has been repaid in 2013, (see "*Capital Adequacy*" under "*Description of Emirates NBD PJSC*" below), neither the Government nor the UAE Federal Government are under

any obligation to continue to invest in, make deposits with, do business with or otherwise support ENBD. The Government and the UAE Federal Government may, whether directly or through government-owned entities, at any time and for any reason, dispose of its investments in, withdraw its deposits from, cease to do business with or otherwise cease to support ENBD. The reduction or elimination of governmental support could have a material adverse effect on the business, results of operations, financial condition and prospects of ENBD.

Competition

ENBD faces high levels of competition for all products and services. ENBD competes primarily with a large number of other domestic banks in the UAE, some of which are also owned, directly or indirectly, by the governments of the relevant Emirates, government-related entities or members of the ruling families of the relevant Emirates. As at 30 November 2013, there were a total of 51 banks registered in the UAE (source: the UAE Central Bank). ENBD's main domestic competitors in terms of size of banking franchise and product and customer segments are the Abu Dhabi Commercial Bank PJSC, National Bank of Abu Dhabi, First Gulf Bank, Dubai Islamic Bank, Mashreqbank, Union National Bank, Abu Dhabi Islamic Bank and HSBC. Among banks in the UAE market, as at 31 December 2013, ENBD ranked first by total assets (Source: Bank Financial Statements and Press Releases for FY 2013, Bloomberg). However, there can be no assurance that ENBD will be able to maintain this ranking in the future.

In addition to the local commercial banks in the UAE, ENBD competes with a number of international banks in investment advisory, investment banking, corporate advisory, finance and other services. In the large corporate and government client segments, ENBD faces competition from international banks and such competition is expected to increase in the UAE over time. Although ENBD seeks to cooperate with some of the top-tier international banks, especially in securities underwriting and distribution, it will also compete with them in other areas, particularly in corporate advisory and treasury operations in which these banks have a long history of successful operations in other regions.

Further, although the UAE could be viewed as an over-banked market, even by regional standards, there has traditionally been little impetus for consolidation (see *"The United Arab Emirates Banking and Financial Services System – Principal Banks in Dubai – Characteristics of the Banking System"*).

In addition, the UAE's membership of the World Trade Organisation will require greater economic liberalisation, which may lead to increased competition for ENBD in the future. If ENBD is unable to compete successfully, it could adversely impact ENBD's business, results of operations, financial condition and prospects.

Foreign exchange movements may adversely affect the profitability of ENBD

ENBD maintains its accounts and reports its results in AED. The UAE dirham has been pegged at a fixed exchange rate to the U.S. dollar since 22 November 1980. ENBD is exposed to the potential impact of any alteration to or abolition of this foreign exchange peg.

Majority of business in the UAE

ENBD has the majority of its operations and assets in the UAE and accordingly its business may be affected by the financial, political and general economic conditions prevailing from time to time in the UAE and/or the Middle East generally.

These markets are subject to greater risks than more developed markets, including in some cases significant legal, economic and political risks. Accordingly, investors should exercise particular care in evaluating the risks involved and must decide for themselves whether, in the light of those risks, their investment is appropriate. Generally, investment is only suitable for sophisticated investors who fully appreciate the significance of the risk involved (see also *"– Risks factors relating to the UAE and the Middle East – Political, economic and related considerations"* below).

Importance of key personnel

ENBD's ability to maintain and grow its business will depend, in part, on its ability to continue to recruit and retain qualified and experienced banking and management personnel. ENBD may face challenges in recruiting and retaining qualified personnel to manage its business from time to time and, if it is to continue to grow, will need to continue to increase its employee numbers.

Additionally, the UAE Federal Government has a recommended policy that companies operating in the UAE recruit UAE nationals representing at least 4 per cent. of their total employees each year. In common with other banks in the UAE, ENBD experiences a shortage of, and competition to recruit and retain, qualified UAE national employees. If ENBD is unable to meet or exceed the UAE Federal Government's recommended policy for recruiting UAE nationals, it may be subject to legal penalties including with respect to its current licences, and may be prevented from obtaining additional licences necessary in order to allow it to expand its business.

While ENBD currently meets (and exceeds) the UAE Federal Government's "Emiratisation" requirements (in particular, see "*Management of Emirates NBD PJSC – Emiratisation*") and believes that it has effective staff recruitment, training and incentive programmes in place, if it was unable to retain key members of its senior management and/or remove under performing staff and/or hire new qualified personnel in a timely manner, this could have a material adverse effect on its business, results of operations, financial condition and prospects.

Risks relating to the business of ENBD

In the course of its business activities, ENBD is exposed to a variety of risks, the most significant of which are market risks, liquidity risks, credit risks and operational risks.

In the last five years in particular, difficult macro-economic and financial market conditions have affected and could continue to materially adversely affect ENBD's business.

Market risks

Since the second half of 2007, disruptions in global capital and credit markets, coupled with the re-pricing of credit risk and the deterioration of the real estate markets in the United States, Europe, the UAE, the other countries of the GCC and elsewhere, have created difficult conditions in the financial markets. These conditions have resulted in historically high levels of volatility across many markets (including capital markets) and the failures of a number of financial institutions in the United States and Europe. Further market disruption may be caused by certain European countries experiencing debt servicing problems.

The countries of the GCC were affected by the global financial crisis in the second half of 2007, however, the most significant adverse effects only impacted the region in the second half of 2008. Since then, there has been a significant slowdown or reversal of the high growth rates that had been experienced by many countries within the GCC and the UAE, especially in Dubai (as described further in the next paragraph). Consequently, certain sectors of the GCC economy that had benefited from the high rate of growth, such as real estate, construction and financial institutions, have been materially adversely affected by the crisis.

During the second half of 2008 and into 2009, world oil prices fell by approximately 70 per cent. with the OPEC Reference Basket price falling from its peak level of U.S.\$140 per barrel in July 2008 to around U.S.\$43 per barrel in February 2009, before returning to above U.S.\$108 in December 2012. According to the OPEC website, the price of the OPEC Reference Basket had a year-end figure in 2008 of U.S.\$94.45 per barrel, a year-end figure in 2009 of U.S.\$61.06 per barrel, a year-end figure in 2010 of U.S.\$77.45 per barrel, a year-end figure in 2011 of U.S.\$107.46 per barrel, a year-end figure in 2012 of U.S.\$109.45 per barrel and a year-end figure in 2013 of U.S.\$105.87 per barrel. Oil prices remain volatile and have the potential to adversely affect the UAE economy in the future. In addition, the credit crisis in the global financial markets, which was particularly acute in 2008 and 2009, and the resultant deterioration in the global economic outlook led to a general reduction in liquidity and available financing and generally increased financing costs. These events affected Dubai and the UAE in a number of ways. First, gross domestic product ("**GDP**") was adversely affected in 2009 reflecting the significant contributions of the oil and gas sector to the UAE's GDP and, in the case of Dubai, through the impact of these events on the construction and real estate sectors. Second, the UAE's trade surplus declined in 2009 reflecting the reduced value of hydrocarbon exports and its current account balance was additionally impacted as a result of declining services receipts and lower investment income. Third, certain "government related entities" wholly or substantially owned by the Government have suffered from asset value deterioration and limited cash flow. Although Dubai enjoys a relatively diverse economy, with the oil sector accounting for less than 1.5 per cent. of Dubai's GDP in 2012, any significant impact on international oil prices may have a negative impact on regional spending and liquidity and consequently is likely to affect Dubai's economy indirectly through its

impact on the trade, construction, real estate, tourism and banking sectors in particular, given also the openness of the economy with no capital or exchange controls.

In response to the global financial crisis, governments and regulators in the UAE, Europe, the United States and other jurisdictions enacted legislation and took measures intended to help stabilise the financial system and increase the flow of credit to their economies. These measures included recapitalisation through the purchase of securities issued by financial institutions (including ordinary shares, preferred shares, or other hybrid or quasi-equity instruments), guarantees by governments outside of the UAE of debt issued by financial institutions, and government-sponsored mergers and acquisitions of and divestments by financial institutions. There can be no assurance that any or all of these measures will continue to positively affect volatility and credit availability or that governments will continue to support recovery in this way.

Whilst ENBD believes that it has implemented the appropriate policies, systems and processes to control and mitigate these risks (please see "*Description of Emirates NBD PJSC – Risk Management*"), investors should note that a worsening of current financial market conditions could lead to further decreases in investor and consumer confidence, further market volatility, further economic disruption and, as a result, could have an adverse effect on the business, results of operations, financial condition and prospects of each of the Issuers and the Guarantor irrespective of steps currently taken to adequately control these risks.

Liquidity risks

Liquidity risks could arise from the inability of ENBD to anticipate and provide for unforeseen decreases or changes in funding sources which could have adverse consequences on the ability of ENBD to meet its obligations when they fall due.

In the second half of 2008, a liquidity crisis arose in the global credit markets which was initially caused by a large number of borrower defaults in the sub-prime mortgage loan market in the United States of America, but which has expanded to affect all levels of the international economy.

In particular, and in part reflecting the effects of the global economic crisis, the UAE financial markets experienced comparatively reduced levels of liquidity from the third quarter of 2008 and through 2009. Liquidity is essential to the performance of the banking sector and the business of ENBD, and during this period, a number of measures were taken in an attempt to improve the liquidity levels in the UAE by the UAE Ministry of Finance and the UAE Central Bank, including, but not limited to, regular contact and intervention with respect to UAE banks to provide liquidity to the market (UAE Ministry of Finance deposits and UAE Central Bank funding support). While the liquidity situation began to improve in 2010, and continues to improve to date, and whilst ENBD and other UAE banks generally currently enjoy healthy levels of liquidity, there is no guarantee that this will persist or that such improvement will continue in the future and any future shortage of liquidity in the UAE and Dubai financial markets could have an adverse effect on the businesses, financial condition, results of operations and prospects of ENBD.

Credit risks

Credit risks arising from adverse changes in the credit quality and recoverability of loans/financing receivables, advances and amounts due from counterparties are inherent in the business of ENBD. Credit risks could arise from a deterioration in the credit quality of specific counterparties of ENBD, from a general deterioration in local or global economic conditions or from systemic risks with the financial systems, all of which could affect the recoverability and value of the assets of ENBD and which could cause an increase in the provisions for the impairment of its assets and other credit exposures.

As mentioned above under "*– Risks relating to the business of ENBD*", the UAE economy was negatively impacted by the global economic downturn, which has affected some of the UAE's key economic sectors including trade, tourism, real estate and commerce. As a result of these adverse market conditions, certain of the customers to which ENBD directly extends credit and counterparties of ENBD have experienced, and may continue to experience, decreased revenues, financial losses, insolvency, difficulty in obtaining access to financing, increased funding costs and problems servicing their debt obligations or other expenses as they become due. Accordingly, ENBD may experience a higher level of credit defaults (including impaired loans and consequential increases in impairment allowances for doubtful loans and advances) in the immediate future, which could have a material adverse effect on its financial condition and results of operations.

Operational risks

Operational risks and losses can result from fraud, error by employees, failure to document transactions properly or to obtain proper internal authorisation, failure to comply with regulatory requirements and conduct of business rules, the failure of internal systems, equipment and external systems and occurrence of natural disasters. Although ENBD has implemented risk controls and loss mitigation strategies and substantial resources are devoted to developing efficient procedures, it is not possible to eliminate any of the operational risks entirely, which could have a material adverse effect on its financial condition and results of operations.

Notwithstanding anything in this operational risks risk factor, this risk factor should not be taken as implying that ENBD will be unable to comply with its obligations as a company with securities: (i) admitted to the Official List and its obligations as a supervised firm regulated by the CSSF; and/or (ii) admitted to the DFSA's Official List of securities and consequent obligations.

Concentration risk

Concentrations in the loan/financing receivable and deposit portfolio of ENBD subject it to risks from default by its larger borrowers, from exposure to particular sectors of the UAE economy and from withdrawal of large deposits. The loans and receivables/finance receivables portfolio of ENBD shows industry and borrower concentration.

The ten largest funded private sector borrowers (which excludes those borrowers which are either wholly or majority owned by the Government or the Ruler of Dubai, H.H. Sheikh Mohammed bin Rashid Al Maktoum) of ENBD and its subsidiaries (together with ENBD, the "**Group**") represented 3.2 per cent. of its total loans and receivables as at 31 December 2013. As at 31 December 2013, ENBD's largest funded exposure to a private sector borrower was AED 2.5 billion, which constitutes 1.0 per cent. of its total loans and receivables (as at 31 December 2013) and 5.6 per cent. of its total regulatory capital (total regulatory capital being AED 44.6 billion as at 31 December 2013).

In terms of the industry concentration of the Group's total credit risk portfolio, as at 31 December 2013, banks and financial institutions accounted for 19.1 per cent., construction and real estate combined accounted for 17.1 per cent., trade and manufacturing accounted for 6.4 per cent., government accounted for 31.5 per cent., personal finance accounted for 16.6 per cent. and other sectors accounted for 9.3 per cent.

As at 31 December 2013, the Group's wholesale banking customers represented 35.9 per cent. of its combined total deposits. Although ENBD considers that it has adequate access to sources of funding, the withdrawal of a significant portion of these large deposits may have an adverse effect on ENBD's financial condition or results of operations as well as its ability to meet the UAE Central Bank target stable resources ratio of 100 per cent. A downturn in the fortunes of any of ENBD's depositors, or in the sectors in which they operate, could have a material adverse effect on the financial condition or results of operations of ENBD.

Real estate exposure

As at 31 December 2013, exposures to real estate and construction constituted 14.7 per cent. and 2.4 per cent. respectively, of the Group's total credit risk portfolio. The Group's total funded real estate and construction exposure stood at AED 51.6 billion.

Between late 2008 and the second quarter of 2009, a real estate correction took place in Dubai's real estate market such that according to the Colliers International House Price Index ("**The Colliers Index**"), the average price of residential property in Dubai decreased by 50.5 per cent. between the third quarter of 2008 and the second quarter of 2009. From the second quarter of 2009 to the end of 2012, the average price of residential property in Dubai remained relatively constant, such that, according to The Colliers Index, the price of residential property in the fourth quarter of 2012 had only increased marginally from the prices recorded in the second quarter of 2009. Further, according to a report entitled "*Dubai Real Estate Market Overview*" published by Jones Lang LaSalle, covering the fourth quarter of 2012, the average prime rentals price for commercial office property in Dubai remained stable from the fourth quarter of 2010 to the fourth quarter of 2012.

However Dubai has witnessed healthy activity across all segments of the real estate market in 2013 on the back of a favorable rebalancing of the underlying demand/supply dynamics and improved investor interest. With supply set to expand in the 2013-2014 period, the positive trend

in the residential segment is likely to continue in the medium term. Dubai's successful Expo 2020 bid is anticipated to encourage a further positive trend in real estate prices.

Nevertheless, a further real estate correction or default of ENBD's main real estate-related clients in the future could have a material adverse effect on the financial condition and results of operation of ENBD.

Changes in Accounting Policies

Potential future changes to accounting policies or reclassifications could have a material adverse effect on the financial condition or results of operation of ENBD.

Risk factors relating to the UAE and the Middle East

Political, economic and related considerations

While the UAE has historically enjoyed significant economic growth and relative political stability, there can be no assurance that such growth or stability will continue. Investors should note that ENBD's businesses and financial performance may be affected by the financial, political and general economic conditions prevailing from time to time in the UAE and the Middle East. This is particularly so in light of significant adverse financial and economic conditions experienced worldwide commencing in early 2008. Since that time, there has been a slowdown or reversal of the high rates of growth that had been experienced by many countries within the GCC and the UAE, especially in Dubai. Consequently, certain sectors of the GCC economy such as financial institutions that had benefitted from such high growth rates, could be adversely affected by any future crisis.

No assurance can be given that the UAE Government will not implement regulations or fiscal or monetary policies, including policies, regulations, or new legal interpretations of existing regulations, relating to or affecting taxation, interest rates or exchange controls, or otherwise take actions which could have an adverse effect on ENBD's business, financial condition, results of operations, prospects or ability to perform its obligations under the Programme, or which could adversely affect the market price and liquidity of the Notes.

The UAE is seen as a relatively stable political environment with generally healthy international relations. However, as a country located in the Middle East and North Africa ("**MENA**") region, there is a risk that regional geopolitical instability could impact the UAE and it should be noted that in the first half of 2011 there was significant political and social unrest, including violent protests and armed conflict, in a number of countries in the MENA region, with armed conflict in Syria ongoing as at the date of this Base Prospectus. The situation has caused significant disruption to the economies of affected countries and has had a destabilising effect on oil and gas prices. Continued instability affecting the countries in the MENA region could adversely impact the UAE, although to date the impact on Dubai and the UAE has not been significant.

Dubai is also dependent on expatriate labour and has made significant efforts in recent years to attract high volumes of foreign businesses and tourists to the Emirate. These steps make it potentially more vulnerable should regional instability increase.

A general downturn, political instability or instability in certain sectors of the UAE or the regional economy could have an adverse effect on ENBD's businesses, financial condition, results of operations and prospects.

Impact of regulatory changes

ENBD is subject to a number of prudential and regulatory controls designed to maintain the safety and soundness of banks, ensure its compliance with economic, social and other objectives and limit their exposure to risk. These regulations include UAE federal laws and regulations (particularly those of the UAE Federal Government and the UAE Central Bank), as well as the laws and regulations of the other countries in which ENBD operates (in particular, see "*The United Arab Emirates Banking and Financial Services System – Recent Trends in Banking – Large Exposures*"). Such regulations may limit ENBD's ability to increase its loan/financing receivable portfolios or raise capital or may increase its cost of doing business. In addition, as a result of the recent financial crisis, the regulations currently governing UAE commercial banks are being reviewed, which may lead to the establishment of more stringent regulations in the future. Any changes in such laws and regulations and/or the manner in which they are interpreted or enforced may have a material adverse effect on ENBD's business, results of operations, financial condition and prospects. In particular, changes in UAE Central Bank regulations or policy may affect ENBD's reserves,

provisions, impairment allowances and other applicable ratios. Furthermore, non-compliance with regulatory guidelines could expose ENBD to potential liabilities and fines. Although ENBD works closely with its regulators and continually monitors the situation, future changes in regulation, fiscal or other policies cannot be predicted and are beyond its control.

The GCC may enter into a monetary union

There is the possibility that Kingdom of Bahrain, Kuwait, the Kingdom of Saudi Arabia and Qatar may each abandon their respective national currencies in favour of a single GCC currency within the next few years. If a single GCC currency is adopted, the necessary convergence of laws, policies and procedure will bring significant changes to the economic and political infrastructure in each of the GCC states. As yet there has been no announcement of an official timetable for the progression of monetary union and there are currently no details of new legislation or policies. Investors should, however, be aware that new legislation and any resulting shift in policy and procedure in the UAE could affect the ability of ENBD to perform its obligations in respect of the Programme.

UAE bankruptcy law

In the event of the insolvency of ENBD, UAE bankruptcy law may adversely affect its ability to perform its obligations under the Notes issued by it and, in the case of Notes issued by EGF, ENBD's obligations under the Guarantee. There is little precedent to predict how any claims by Noteholders against ENBD would be resolved in the case of the insolvency of ENBD.

Enforcing foreign arbitration awards and foreign judgments in Dubai

The payments under the Notes are dependent upon the relevant Issuer (failing which, in the case of Notes issued by EGF, ENBD) making payments to investors in the manner contemplated under the Notes or the Guarantee, as the case may be. If the relevant Issuer and subsequently, in the case of Notes issued by EGF, the Guarantor, fails to do so, it may be necessary to bring an action against the relevant Issuer or the Guarantor, as appropriate, to enforce its obligations and/or to claim damages which could be both time-consuming and costly.

ENBD has irrevocably agreed to the Notes, the Agency Agreement (as defined in the Conditions), the Programme Agreement (as defined in "*Subscription and Sale*") and/or the Guarantee (as applicable) being governed by English law. Unresolved disputes in relation to the Notes, the Agency Agreement, the Programme Agreement, and/or the Guarantee (as applicable) will, unless the option to litigate set out therein is exercised, be referred to arbitration under the LCIA Arbitration Rules with the seat of arbitration in Paris. In the event that such option to litigate set out therein is exercised, ENBD has irrevocably agreed to the courts of England having exclusive jurisdiction to settle disputes. Notwithstanding that a judgment may be obtained in an English court there is no assurance that ENBD has or would at the relevant time have assets in the United Kingdom against which such a judgment could be enforced. ENBD is a UAE company and is incorporated in and has its operations and the majority of its assets located in the UAE. To the extent that the enforcement of remedies must be pursued in the UAE, it should be borne in mind that there is limited scope for self help remedies under UAE law and that generally enforcement of remedies in the UAE must be pursued through the courts.

Under current Dubai law, the Dubai courts are unlikely to enforce an English court judgment without re-examining the merits of the claim and may not observe the choice by the parties of English law as the governing law of the transaction. In the UAE, foreign law is required to be established as a question of fact and the interpretation of English law, by a court in the UAE, may not accord with the perception of an English court. In principle, courts in the UAE recognise the choice of foreign law if they are satisfied that an appropriate connection exists between the relevant transaction agreement and the foreign law which has been chosen. They will not, however, honour any provision of foreign law which is contrary to public policy, order or morals in the UAE, or to any mandatory law of, or applicable in, the UAE.

The UAE is a civil law jurisdiction and judicial precedents in Dubai have no binding effect on subsequent decisions. In addition, court decisions in Dubai are generally not recorded. These factors create greater judicial uncertainty.

The New York Convention on the Recognition and Enforcement of Foreign Arbitral Awards 1958 (the "**New York Convention**") entered into force in the UAE on 19 November 2006. Any arbitration award rendered in Paris should therefore be enforceable in Dubai in accordance with

the terms of the New York Convention. Under the New York Convention, the UAE has an obligation to recognise and enforce foreign arbitration awards, unless the party opposing enforcement can prove one of the grounds under Article V of the New York Convention to refuse enforcement, or the Dubai courts find that the subject matter of the dispute is not capable of settlement by arbitration or enforcement would be contrary to the public policy of the UAE. How the Dubai courts will interpret and apply the New York Convention remains uncertain and this is reinforced by the lack of a system of binding judicial precedent in the UAE and the independent existence of different Emirates within the UAE, some with their own court systems, whose rulings may have no more than persuasive force cross border. Although there are examples of foreign arbitral awards being enforced in the UAE under the New York Convention, there are other cases where the enforcement of foreign arbitral awards have been refused, with, for example, the relevant judge confusing the requirements for the enforcement of domestic awards with the requirements for the enforcement of foreign awards under the UAE Federal Law No. 1 of 1992 as amended, or ignoring the provisions of Article 238 of the Civil Procedure Law. Article 238 provides that Articles 235 to 237 (which deal with enforcement of foreign judgments, orders and instruments and which contain onerous requirements which must be satisfied before enforcement will be considered by the Dubai courts) apply only in the absence of multilateral or bilateral conventions such as the New York Convention. Therefore, there remains a risk that when faced with an action for enforcement of a foreign arbitration award under the New York Convention the Dubai courts might continue to ignore Article 238 of the Civil Procedure Law and instead apply Articles 235 to 237. If Article 238 is ignored, there is a risk that a foreign arbitration award will be refused enforcement by the Courts..

Claims for specific enforcement

In the event that ENBD fails to perform its obligations under the Notes and/or the Guarantee (as applicable) to which it is a party, the potential remedies available to the Noteholders include obtaining an order for specific enforcement of the relevant obligations or a claim for damages. An order for specific enforcement is at the discretion of the court and there is no assurance that a court will provide such an order.

The amount of damages which a court may award in respect of a breach will depend upon a number of possible factors including an obligation on the Noteholders to mitigate any loss arising as a result of the breach. No assurance is provided on the level of damages which a court may award in the event of a failure by ENBD to perform its obligations as set out in the Notes and/or the Guarantee (as applicable).

Enforceability of ENBD's obligations under the Guarantee

Under UAE law, the obligations of a guarantor are incidental to the obligations of the principal debtor, and the obligations of the guarantor will only be valid to the extent of the continuing obligations of the principal debtor. In addition, in order to enforce a guarantee under UAE law, the underlying debt obligation for which such guarantee has been granted may need to be proved before the UAE courts.

The obligations of ENBD under the Guarantee in respect of the Notes issued by EGF are, therefore, incidental obligations and dependent on the validity and the enforceability of EGF's obligations under the Notes issued by it. Accordingly EGF's obligations under Notes issued by it may, therefore, need to be proved before the courts of the UAE in order for the obligations of ENBD under the Guarantee to be enforceable.

Sovereign immunity

Under the Notes and/or the Guarantee (as applicable) ENBD has waived its rights in relation to sovereign immunity in respect of such documents. However, there can be no assurance as to whether such waivers of immunity from suit, execution or attachment or other legal process by ENBD under the Notes and/or the Guarantee (as applicable) are valid and binding under the laws of the UAE and applicable in Dubai.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuers

An optional redemption feature of Notes is likely to limit their market value. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Notes subject to early redemption for tax reasons

If the relevant Issuer or the Guarantor becomes obliged to pay any additional amounts in respect of the Notes or under the Guarantee (as applicable) as set out in Condition 7 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes, the relevant Issuer may redeem all but not some only of the outstanding Notes of such Tranche in accordance with Condition 6(b).

Partly-paid Notes

Each Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the relevant Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since that Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the relevant Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the relevant Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Fixed Rate Notes

An investment in Fixed Rate Notes involves the risk that subsequent changes in market rates may materially and adversely affect the value of such Fixed Rate Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities,

the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

The relevant Issuer's obligations under Subordinated Notes are subordinated and the Guarantor's obligations under the Guarantee in respect of the Subordinated Notes issued by EGF are subordinated and, in each case, in the event that the relevant Issuer or the Guarantor, as the case may be, is not solvent at the time of payment, the entitlement of holders of Subordinated Notes to receive any amounts under the Subordinated Notes or the Guarantee in respect of the Subordinated Notes issued by EGF, as the case may be, could be affected

Each Issuer's obligations under the Subordinated Notes issued by it will be unsecured and will be subordinated to all unsubordinated payment obligations of that Issuer as set out in Condition 2.1(b).

The Guarantor's obligations under the Guarantee in respect of Subordinated Notes issued by EGF will be unsecured and will be subordinated to all unsubordinated payment obligations of the Guarantor as set out in Condition 2.2(b).

ii. Payments in respect of the Subordinated Notes or the Guarantee in respect of the Subordinated Notes issued by EGF (in each case, whether on account of principal, interest or otherwise) by the relevant Issuer or the Guarantor, as the case may be, are conditional upon:

- (a) the relevant Issuer or the Guarantor, as the case may be, being solvent (as defined in Condition 2.1(b), in the case of the Issuer, and as defined in Condition 2.2(b), in the case of the Guarantor) at the time of such payment;
- (b) the relevant Issuer or the Guarantor, as the case may be, being capable of making such payment and any other payment required to be made to a creditor in respect of indebtedness which ranks or is expressed to rank *pari passu* with the Subordinated Notes or the payment obligations of the Guarantor under the Guarantee of the Subordinated Notes issued by EGF, as the case may be, and still being solvent immediately thereafter.

If the relevant Issuer or the Guarantor, as the case may be, was wound up, liquidated or dissolved (or any other analogous action was taken), the relevant liquidator (or analogous insolvency official appointed in relation to the relevant Issuer or the Guarantor), would apply the assets of the relevant Issuer or the Guarantor, as the case may be, to satisfy all claims of the Senior Creditors (as defined in Condition 2.1(b), in the case of the Issuer, and as defined in Condition 2.2(b), in the case of the Guarantor). In such a situation, and if the condition as to solvency set out above is not satisfied, the holders of the Subordinated Notes shall not be entitled to receive any amounts under the Subordinated Notes or the Guarantee in respect of the Subordinated Notes issued by EGF, as the case may be.

Changes to the Basel regulatory framework as implemented in the UAE may have an effect on the Subordinated Notes

The Basel Committee on Banking Supervision (the "**Basel Committee**") has put forward a number of fundamental reforms to the regulatory capital framework for internationally active banks. On 16 December 2010 and on 13 January 2011, the Basel Committee issued guidance on the eligibility criteria for Tier 1 and Tier 2 capital instruments as part of a package of new capital and liquidity requirements intended to reinforce capital standards and to establish minimum liquidity standards for credit institutions ("**Basel III**"). The international implementation of the Basel III reforms began on 1 January 2013, however, the requirements are subject to a series of transitional arrangements that will be phased in over a period of time. The Basel Committee's press release dated 13 January, 2011 entitled "*Minimum requirements to ensure loss absorbency at the point of non-viability*" (the "**January 2011 Press Release**") included an additional qualification requirement for Tier 1 and Tier 2 capital instruments under Basel III.

This requirement (the "**Non-Viability Requirement**") requires contractual or legislative terms providing for, at the option of the relevant authority, the writing off of the principal amount of Tier 2 instruments or the conversion of such Tier 2 instruments into ordinary shares upon the occurrence of the earlier of: (a) a decision that a write-off, without which the relevant bank would become non-viable, is necessary; and (b) the decision to make a public sector injection of capital, without which the relevant bank would become non-viable, in each case as determined by the relevant authority (a "**Non-Viability Event**"). This definition is for illustrative purposes only and may not necessarily reflect the meaning ascribed to the term "Non-Viability Event" (or any term equivalent thereto) pursuant to any law or regulation implementing the Basel III in the UAE.

The January 2011 Press Release states that instruments issued after 1 January 2013 must meet the Non-Viability Requirement in order to be recognised as Tier 1 or Tier 2 instruments for regulatory capital purposes. As at the date of this Base Prospectus, a first draft of the Basel III implementation text has not been published in the UAE and there has been no official proposal for a legislative implementation of the Non-Viability Requirement in the UAE. Investors should note that the Conditions of the Subordinated Notes do not include contractual provisions reflecting such Non-Viability Requirement.

Although it is expected that the UAE Central Bank will issue specific guidelines regarding Basel III, it is not possible to predict the timing or substance of the legislative and rulemaking process. If the implementation by the UAE of Basel III or any other relevant laws, rules or guidelines gives rise to a Regulatory Redemption Event (as defined and more particularly described in Condition 6(c) (*Redemption for regulatory reasons (Regulatory Call)*)), in respect of the Subordinated Notes, the Subordinated Notes may be redeemed pursuant to Condition 6(c) (*Redemption for regulatory reasons (Regulatory Call)*) without the consent of the Noteholders at any time after the applicable notice period to the Noteholders. See “– *The Subordinated Notes may be redeemed prior to their final maturity date due to the occurrence of a Regulatory Redemption Event*”.

To the extent that the UAE introduces a statutory resolution regime to implement loss absorbency upon the occurrence of a Non-Viability Event, either through the writing off of the principal amount of the instruments or the conversion of such instruments into ordinary shares, it is unclear how such a regime will apply to banks in the UAE or how it may be interpreted within the UAE and whether and to what extent it will affect any Subordinated Notes issued from time to time under the Programme.

The Subordinated Notes may be redeemed prior to their final maturity date due to the occurrence of a Regulatory Redemption Event

Upon the occurrence and continuation of a Regulatory Redemption Event, the Subordinated Notes may be redeemed, together with any accrued but unpaid interest, in accordance with the Conditions but without the consent of the Noteholders (as more particularly described in Condition 6(c) (*Redemption for regulatory reasons (Regulatory Call)*)). In such circumstances, an investor may not be able to reinvest the redemption proceeds in a comparable security with a similar rate of return, which may have an adverse effect on the position of such investor. During any period when the relevant Issuer may elect to redeem the Subordinated Notes, the market value of the Subordinated Notes generally will not rise substantially above the Early Redemption Amount. Potential investors should consider re-investment risk in light of other investments available at that time.

Notes denominated in RMB are subject to additional risks

Set out below is a description of the principal risks which may be relevant to an investor in Notes denominated in Renminbi:

RMB is not freely convertible; there are significant restrictions on remittance of Renminbi into and outside the PRC and this may adversely affect the liquidity of the Notes

RMB is not freely convertible at present. The PRC government continues to regulate conversion between RMB and foreign currencies, including the Hong Kong dollar despite the significant reduction over the years by it in recent years over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items. Participating banks in Hong Kong, Singapore and Taiwan have been permitted to engage in the settlement of current account trade transactions in Renminbi under certain pilot schemes. However, remittance of Renminbi by foreign investors into the PRC for purposes such as capital contributions, known as capital account items, is generally only permitted upon obtaining specific approvals from the relevant authorities on a case-by-case basis and subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are developing gradually.

On 13 October 2011, *Measures on Administration of Renminbi Settlement in relation to Foreign Direct Investment* (the “**PBOC RMB FDI Measures**”) issued by the People’s Bank of China (the “**PBOC**”) set out operating procedures for PRC banks to handle Renminbi settlement relating to Renminbi foreign direct investments (“**FDI**”) and borrowing by foreign invested enterprises of offshore Renminbi loans. On 14 June 2012, the PBOC further issued the implementing rules for the PBOC RMB FDI Measures. Under the PBOC RMB FDI Measures, special approval for FDI and

shareholder loans from the PBoC, which was previously required, is no longer necessary. In some cases however, post-event filing with the PBoC is still necessary.

On 3 December 2013, the Ministry of Commerce of the PRC ("**MOFCOM**") promulgated the "Circular on Issues in relation to Cross-border Renminbi Foreign Direct Investment" (the "**MOFCOM Circular**"), which became effective on 1 January 2014, to further facilitate FDI by simplifying and streamlining the applicable regulatory framework. The MOFCOM Circular replaced the "Notice on Issues in relation to Cross-border Renminbi Foreign Direct Investment" promulgated by MOFCOM on 12 October 2011 (the "**2011 MOFCOM Notice**"). Pursuant to the MOFCOM Circular, written approval from the appropriate office of MOFCOM and/or its local counterparts for each FDI and specifying "Renminbi Foreign Direct Investment" and the amount of capital contribution is required for each FDI. Subject to the existing FDI approval authority between central MOFCOM and its local counterparts, the MOFCOM Circular no longer contains the requirements (which were provided under the 2011 MOFCOM Notice) for central level MOFCOM approvals for investments of RMB300 million or above, or in certain industries, such as financial guarantee, financial leasing, micro-credit, auction, foreign invested investment companies, venture capital and equity investment vehicles, cement, iron and steel, electrolyse aluminium, ship building and other industries under the state macro-regulation. Unlike the 2011 MOFCOM notice, the MOFCOM Circular has also removed the approval requirement for foreign investors who intend to change the currency of its existing capital contribution from a foreign currency to Renminbi. In addition, the MOFCOM Circular also clearly prohibits the FDI funds from being used for any investment in securities and financial derivatives (except for investment in the PRC listed companies as strategic investors) or for entrustment loans in the PRC.

As the above measures and circulars are still relatively new, how they will be applied in practice still remain subject to the interpretation by the relevant PRC authorities.

There is no assurance that the PRC government will continue to gradually liberalise control over cross-border Renminbi remittances in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that the Group is not able to repatriate funds outside the PRC in Renminbi, the relevant Issuer will need to source Renminbi offshore to finance its obligations under the Notes, and its ability to do so will be subject to the overall availability of Renminbi outside the PRC.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the Notes and the Company's ability to source Renminbi outside the PRC to service Notes denominated in CNY

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

As of 31 January 2014, the total amount of Renminbi deposits held by institutions authorised to engage in Renminbi banking business in Hong Kong amounted to approximately RMB893,359 million. As of 31 December 2013, the total amount of Renminbi deposits held by Taiwan foreign exchange banks and offshore banking units had exceeded RMB180 billion.

While the PBoC has established Renminbi clearing and settlement mechanisms for participating banks in Hong Kong, Singapore and Taiwan through settlement agreements on the clearing of Renminbi business (the "**Settlement Agreements**") with Bank of China (Hong Kong) Limited in Hong Kong, Industrial and Commercial Bank of China, Singapore Branch in Singapore and Bank of China, Taipei Branch in Taiwan (each, a "**Renminbi Clearing Bank**"), the current size of Renminbi-denominated financial assets outside the PRC is limited.

There are restrictions imposed by the PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from the PBOC. The RMB Clearing Banks only have access to onshore liquidity support from the PBOC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In such cases, the participating banks will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign

exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Agreements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of Notes denominated in Renminbi. To the extent the Company is required to source Renminbi in outside the PRC to service Notes denominated in Renminbi, there is no assurance that the Company will be able to source such Renminbi on satisfactory terms, if at all.

RMB currency risk

Except in limited circumstances, all payments of RMB under the Notes will be made solely by transfer to a RMB bank account maintained in Hong Kong in accordance with the prevailing rules and regulations for such transfer and in accordance with the terms and conditions of the Notes. The relevant Issuer cannot be required to make payment by any other means (including by transfer to a bank account in the PRC or anywhere else outside Hong Kong). RMB is not freely convertible at present, and conversion of RMB into other currencies through banks in Hong Kong is subject to restrictions.

In addition, there can be no assurance that access to RMB for the purposes of making payments under the Notes by the relevant Issuer or generally will remain or that new PRC regulations will not be promulgated which have the effect of restricting availability of RMB outside of the PRC. If it becomes impossible to convert RMB from/to another freely convertible currency, or transfer RMB between accounts in Hong Kong, or the general RMB exchange market in Hong Kong becomes illiquid, or any RMB clearing and settlement system for participating banks in Hong Kong is disrupted or suspended, the relevant Issuer may make any payment of RMB under the Notes in another currency selected by the relevant Issuer using an exchange rate determined by the Calculation Agent.

RMB exchange rate risk

The value of RMB against the U.S. dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. The relevant Issuer will make all RMB payments under the Notes in RMB unless otherwise specified. As a result, the value of such payments in RMB (in U.S. dollars or other applicable foreign currency terms) may vary with the prevailing exchange rates in the marketplace. If the value of RMB depreciates against the U.S. dollar or other foreign currencies, the value of a Noteholder's investment in U.S. dollars or other applicable foreign currency terms will decline.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification and substitution

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Agent and the relevant Issuer may agree, without the consent of Noteholders, to any modification of any Notes, in the circumstances specified in Condition 14.

The conditions of the Notes also provide that ENBD (in its capacity as Issuer and as Guarantor in the case of Notes issued by EGF) may at any time, without the consent of Noteholders, agree to the substitution of a member of the Group, as defined in Condition 3, as principal debtor or guarantor, as the case may be, under any Notes in place of itself, in the circumstances described in Condition 17 subject, in particular, to ENBD obtaining appropriate confirmation that the substitution will not (or would not) result in a downgrade of the then current credit ratings afforded to the Notes (the "**ratings test**").

Accordingly, investors should be aware that ENBD's substitution (in its capacity as Issuer and as Guarantor in the case of Notes issued by EGF) may be effected without the consent of Certificateholders and will only be subject to the ratings test being satisfied. Such investors should also be aware that: (i) any rating agency which has rated (or may be asked to rate) any Notes as part of the ratings test will not take the interests of such investors into account when so doing; (ii) any such rating will be focussed solely on a credit analysis of the Notes and may not address

any other particular areas of concern for such investors; and (iii) any such rating may subsequently be downgraded or withdrawn within a very short time period without investors having any rights as a result.

No third-party guarantees

Investors should be aware that no guarantee is given in relation to the Notes by the Government (see also “– *Principal shareholder and governmental interests*” above) or any other third parties other than, where EGF is the relevant Issuer, ENBD.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the “**Directive**”), each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in that other Member State; however, for a transitional period, Austria and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at a rate of 35%. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments. Luxembourg has announced that it will no longer apply the withholding tax system as from 1 January 2015 and will provide details of payments of interest (or similar income) as from this date.

A number of non-EU countries and certain dependent or associated territories of certain Member States including Switzerland, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

The European Council formally adopted a Council Directive amending the Directive on 24 March 2014 (the “**Amending Directive**”). The Amending Directive broadens the scope of the requirements described above. Member States have until 1 January 2016 to adopt the national legislation (which national legislation must apply from 1 January 2017) necessary to comply with the Amending Directive. The changes made under the Amending Directive include extending the scope of the Directive to payments made to, or collected for, certain other entities and legal arrangements. They also broaden the definition of “interest payment” to cover income that is equivalent to interest.

If a payment were to be made or collected through a Member State (or, in certain cases, through a relevant non-EU country or territory) which has opted for a withholding system and an amount of, or an amount in respect of, tax were to be withheld from that payment, none of the Issuer, the Guarantor nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on payment made by a Paying Agent, the Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

Foreign Account Tax Compliance withholding may affect payments on the Notes

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (**FATCA**) impose a new reporting regime and, potentially, a 30 per cent. withholding tax with respect to (i) certain payments from sources within the United States, (ii) “foreign passthru payments” made to certain non-U.S. financial institutions that do not comply with this new reporting regime, and (iii) payments to certain investors that do not provide identification information with respect to interests issued by a participating non-U.S. financial institution. Whilst the Notes are in global form and held within the clearing systems, in all but the most remote circumstances, it is not expected that FATCA will affect the amount of any payment received by the clearing systems. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives

payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. The Issuer's obligations under the Notes are discharged once it has paid the clearing systems, and the Issuer has therefore no responsibility for any amount thereafter transmitted through the clearing systems and custodians or intermediaries. Prospective investors should refer to the section "*Taxation – Foreign Account Tax Compliance Act*".

Change of law

The Terms and Conditions of the Notes are based on English law in effect as at the date of this Base Prospectus. However, no assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practices after the date of this Base Prospectus, nor can any assurance be given as to whether any such change could adversely affect the ability of the Issuer to make payments under the Notes to be issued under the Programme or of the Guarantor, as the case may be, to comply with its obligations under the Guarantee.

Trading in the clearing systems

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

If a Noteholder holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time, such Noteholder may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to at least a Specified Denomination in order to be eligible to receive a definitive Note.

Reliance on Euroclear and Clearstream, Luxembourg procedures

Each Tranche of Notes will be represented on issue by one or more Global Notes that will be deposited with a Common Depository for Euroclear and Clearstream, Luxembourg (each as defined in "*Form of the Notes*" below). Except in the circumstances described in the Global Note, investors will not be entitled to receive Notes in definitive form. Euroclear and Clearstream, Luxembourg and their respective direct and indirect participants will maintain records of the beneficial interests in the Global Note. While the Notes are represented by a Global Note, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg and their respective participants. While Notes are represented by a Global Note, the relevant Issuer will discharge its payment obligation under such Note by making payments through the relevant clearing systems. A holder of a beneficial interest in a Global Note must rely on the procedures of the relevant clearing system and its participants to receive payments under the relevant Notes. The Issuers have no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in any Global Note.

Holders of beneficial interests in a Global Note will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system and its participants to appoint appropriate proxies.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

Absence of secondary market/limited liquidity

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes. Accordingly, the purchase of the Notes is suitable only for investors who can bear the risks associated with a lack of liquidity in the Notes and the financial and other risks associated with an investment in the Notes.

Exchange rate risks and exchange controls

The relevant Issuer will pay principal and interest on the Notes and the Guarantor will make any payments under the Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (a) the Investor's Currency-equivalent yield on the Notes, (b) the Investor's Currency-equivalent value of the principal payable on the Notes and (c) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to the structure, the market, the additional factors discussed above, or any other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency being included in such list as there may be delays between certain supervisory measures being taken against a relevant rating agency and publication of an updated ESMA list. Certain information with respect to the credit rating agencies and ratings will be disclosed in the applicable Final Terms.

Emerging markets

Investors in emerging markets should be aware that these markets are subject to greater risks than more developed markets, including, in some cases, significant legal, economic and political risks. Accordingly, investors should exercise particular care in evaluating the risks involved and must decide for themselves whether, in light of those risks, their investment is appropriate. Generally, investment in emerging markets is only suitable for sophisticated investors who fully appreciate the significance of the risk involved.

Taxation risks on payments

Payments made by the relevant Obligor in respect of the Notes and the Guarantee could become subject to taxation. The Conditions require the relevant Obligor to pay additional amounts in the event that any withholding or deduction is required by UAE law to be made in respect of payments made by it under those the Notes and the Guarantee, as the case may be. Condition 7 provides that the relevant Obligor is required to pay additional amounts in respect of any such withholdings or deductions imposed by the Cayman Islands and/or the UAE (see Condition 7 and the definitions of "*Tax Jurisdiction*") in certain circumstances. In the event that the relevant Obligor fails to gross-up for any such withholding or deduction on payments due in respect of the Notes to Noteholders, each relevant Obligor has, pursuant to the Trust Deed, unconditionally and irrevocably undertaken (irrespective of the payment of any fee), as a continuing obligation, to pay to the Noteholders an amount equal to the liabilities of the relevant Obligor in respect of any and all additional amounts required to be paid in respect of the Notes pursuant to Condition 7 in respect of any withholding or deduction in respect of any tax as set out in that Condition.

DOCUMENTS INCORPORATED BY REFERENCE

The following documents which have previously been published or are published simultaneously with this Base Prospectus and have been filed with the CSSF shall be incorporated by reference in, and form part of, this Base Prospectus:

- (a) the audited consolidated annual financial statements of ENBD for the year ended 31 December 2013, including:
 - (i) statement of financial position (page 3);
 - (ii) income statement (page 4);
 - (iii) statement of comprehensive income (page 5);
 - (iv) statement of cash flows (pages 6-7);
 - (v) statement of changes in equity (pages 8-9);
 - (vi) accounting policies and explanatory notes (pages 10-117); and
 - (vii) auditors' report (page 1-2);
- (b) the audited consolidated annual financial statements of ENBD for the year ended 31 December 2012 including:
 - (i) statement of financial position (page 2);
 - (ii) income statement (page 3);
 - (iii) statement of comprehensive income (page 4);
 - (iv) statement of cash flows (pages 5-6);
 - (v) statement of changes in equity (pages 7-8);
 - (vi) accounting policies and explanatory notes (pages 9-119); and
 - (vii) auditors' report (page 1);
- (c) the Terms and Conditions of the Notes contained in the Base Prospectus dated 22 December 2011, pages 39 to 70 (inclusive); and
- (d) the Terms and Conditions of the Notes contained in the Base Prospectus dated 14 March 2013, pages 33 to 68 (inclusive).

Each of ENBD and EGF will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Base Prospectus which is capable of affecting the assessment of any Notes, prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Notes.

Following the publication of this Base Prospectus a supplement may be prepared by ENBD and EGF and approved by the CSSF in accordance with Article 16 of the Prospectus Directive. Statements contained in any such supplement (or contained in any document incorporated by reference therein) shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede statements contained in this Base Prospectus or in a document which is incorporated by reference in this Base Prospectus. Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Base Prospectus.

Copies of documents incorporated by reference in this Base Prospectus can be obtained from the Luxembourg Stock Exchange's website at *www.bourse.lu* and, upon request, free of charge, from the registered office of ENBD and from the specified offices of the Paying Agents for the time being in London and Luxembourg.

The information incorporated by reference in this Base Prospectus that is not included in (a)-(d) above is to be considered as additional information and is not required by the relevant schedules of Regulation (EC) No. 809/2004 of 29 April 2004 implementing the Prospectus Directive.

GENERAL DESCRIPTION OF THE PROGRAMME

The following description does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Base Prospectus and, in relation to the terms and conditions of any particular Tranche of Notes, is completed by the applicable Final Terms.

Words and expressions defined in "Form of the Notes" and "Terms and Conditions of the Notes" shall have the same meanings in the following description.

Issuers:	Emirates NBD PJSC Emirates NBD Global Funding Limited
Guarantor in respect of Notes Issued by Emirates NBD Global Funding Limited:	Emirates NBD PJSC
Description:	Euro Medium Term Note Programme
Arranger:	Deutsche Bank AG, London Branch
Dealers:	Barclays Bank PLC BNP Paribas Citigroup Global Markets Limited Commerzbank Aktiengesellschaft Crédit Agricole Corporate and Investment Bank Credit Suisse Securities (Europe) Limited Deutsche Bank AG, London Branch Emirates NBD PJSC HSBC Bank plc ING Bank N.V. Merrill Lynch International Morgan Stanley & Co. International plc Nomura International plc Société Générale Standard Chartered Bank The Royal Bank of Scotland plc and any other Dealers appointed in accordance with the Programme Agreement
Certain Restrictions:	Each issue of Notes denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see "Subscription and Sale") including the restrictions applicable at the date of this Base Prospectus.
Issuing and Principal Paying Agent:	Deutsche Bank AG, London Branch
Programme Size:	Up to U.S.\$7,500,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement) outstanding at any time. The Issuers and the Guarantor may increase the amount of the Programme in accordance with the terms of the Programme Agreement.
Distribution:	Notes may be distributed on a syndicated or non-syndicated basis.
Currencies:	Subject to any applicable legal or regulatory restrictions, any currency agreed between the relevant Issuer and the relevant Dealer.
Maturities:	Such maturities as may be agreed between the relevant Issuer and the relevant Dealer, subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or

regulations applicable to the relevant Issuer or the relevant Specified Currency.

Issue Price:

Notes may be issued at any price and either on a fully-paid or a partly-paid basis.

Form of Notes:

The Notes will be issued in bearer or registered form, as described in "*Form of the Notes*". Registered Notes will not be exchangeable for Bearer Notes and vice versa.

Fixed Rate Notes:

Fixed interest will be payable on such date or dates as may be agreed between the relevant Issuer and the relevant Dealer and will be calculated on the basis of such Day Count Fraction as may be agreed between the relevant Issuer and the relevant Dealer.

Floating Rate Notes:

Floating Rate Notes will bear interest on their outstanding face amount at such floating rate determined:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc.); or
- (ii) by reference to the relevant Reference Rate (as may be specified in the applicable Final Terms) as adjusted for any applicable margin.

Interest periods will be specified in the applicable Final Terms. Floating Rate Notes may have a maximum interest rate, a minimum interest rate, or both. Interest on Floating Rate Notes in respect of each Interest Period, as agreed prior to issue by the relevant Issuer and the relevant Dealer, will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction as may be agreed between the relevant Issuer and the relevant Dealer.

Reset Notes:

Reset Notes will bear interest:

- (a) in respect of the period from (and including) the Interest Commencement Date to (but excluding) the Reset Date (or, if there is more than one Reset Period, the first Reset Date occurring after the Interest Commencement Date), at the rate per annum equal to the Initial Rate of Interest; and
- (b) in respect of the Reset Period (or, if there is more than one Reset Period, each successive Reset Period thereafter), at such rate per annum as is equal to the relevant Subsequent Reset Rate, as determined by the Principal Paying Agent on the relevant Reset Determination Date in accordance with Condition 4(c)(i),

payable, in each case, in arrears on the Interest Payment Dates(s) (as specified in the applicable Final Terms).

Zero Coupon Notes:

Zero Coupon Notes will be offered and sold at a discount to their nominal amount and will not bear interest.

Redemption:

The applicable Final Terms will indicate either that the relevant Notes cannot be redeemed prior to their stated maturity (other than in specified instalments, if applicable, or for taxation reasons, regulatory reasons or following an Event of Default) or that such Notes will be redeemable at the option of the relevant Issuer and/or the Noteholders upon giving notice to the Noteholders or the relevant Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as may be agreed between the relevant Issuer and the relevant Dealer.

Denomination of Notes:	Notes will be issued in such denominations as may be agreed between the Bank and the relevant Dealer save that the minimum denomination of each Note admitted to trading on a EEA Exchange or offered to the public in a Member State of the EEA in circumstances which require the publication of a prospectus under the Prospectus Directive will be €100,000 (or its equivalent in a relevant Specified Currency), subject to compliance with all applicable legal and/or regulatory and/or central bank requirements relating to a Specified Currency; however, for so long as any Series of Notes is represented by a Global Note and Euroclear and Clearstream, Luxembourg so permit, such Series of Notes shall be tradeable in minimum denominations of €100,000 and integral multiples of €1,000 thereafter. If a Global Note is exchanged for a Definitive Note at the option of the Noteholders, the Notes shall be tradeable only in principal amounts of at least €100,000.
Payments:	All payments in respect of the Notes will be made subject to any withholding or deduction required pursuant to fiscal and other laws, as provided in Condition 5(a) (<i>Method of Payment</i>).
Taxation:	All payments in respect of the Notes will be made without deduction for or on account of withholding taxes imposed by the Tax Jurisdiction, subject as provided in Condition 7. In the event that any such deduction is made, the relevant Obligor(s) will, save in certain limited circumstances provided in Condition 7, be required to pay additional amounts to cover the amounts so deducted.
Negative Pledge:	The terms of the Senior Notes will contain a negative pledge provision as further described in Condition 3.
Cross Default:	The terms of the Senior Notes will contain a cross default provision as further described in Condition 9(a).
Status of the Notes:	<p>The Senior Notes issued on an unsubordinated basis will constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the relevant Issuer and will rank <i>pari passu</i> among themselves and at least <i>pari passu</i> with the claims of the relevant Issuer's other unsecured and unsubordinated creditors save those whose claims are preferred solely by any bankruptcy, insolvency, liquidation or other similar laws of general application.</p> <p>The Subordinated Notes will constitute direct, conditional (as described in Condition 2.1(b)) and unsecured obligations of the relevant Issuer and rank <i>pari passu</i> among themselves. The payment obligations of the relevant Issuer in respect of the Subordinated Notes (whether on account of principal, interest or otherwise) will be subordinated to all unsubordinated payment obligations of the relevant Issuer in the manner described below but will rank <i>pari passu</i> with all other subordinated payment obligations of the relevant Issuer which do not rank or are not expressed by their terms to rank junior to the payment obligations under the Subordinated Notes and in priority to all claims of shareholders of the relevant Issuer. The rights of the holders of Subordinated Notes against the relevant Issuer are subordinated in right of payment to the claims of all Senior Creditors (as defined in Condition 2.1(b)) of the relevant Issuer and accordingly payments in respect of the Subordinated Notes (whether on account of principal, interest or otherwise) by the relevant Issuer are conditional upon the relevant Issuer being solvent (as defined in Condition 2.1(b)) at the time of such</p>

payment and no payment shall be payable by the relevant Issuer in respect of the Subordinated Notes except to the extent that the relevant Issuer could make such payment and any other payment required to be made to a creditor in respect of indebtedness which ranks or is expressed to rank *pari passu* with the Subordinated Notes and still be solvent immediately thereafter.

Status of the Guarantee of Senior Notes issued by EGF:

Senior Notes issued by EGF will be unconditionally and irrevocably guaranteed by the Guarantor. The payment obligations of the Guarantor under the Guarantee in respect of Senior Notes issued by EGF will be direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Guarantor and will rank *pari passu* and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Guarantor from time to time outstanding.

Status of the Guarantee of Subordinated Notes issued by EGF:

Subordinated Notes issued by EGF will be unconditionally and irrevocably guaranteed by the Guarantor. The payment obligations of the Guarantor under the Guarantee in respect of Subordinated Notes issued by EGF will constitute direct, conditional and unsecured obligations of the Guarantor and rank *pari passu* among themselves. The payment obligations of the Guarantor under the guarantee of Subordinated Notes issued by EGF (whether on account of principal, interest or otherwise) will be subordinated to all unsubordinated payment obligations of the Guarantor in the manner described below but will rank *pari passu* with all other subordinated payment obligations of the Guarantor which do not rank or are not expressed by their terms to rank junior to the payment obligations of the Guarantor under the Guarantee of Subordinated Notes issued by EGF and in priority to all claims of shareholders of the Guarantor. The rights of the holders of Subordinated Notes issued by EGF against the Guarantor are subordinated in right of payment to the claims of all Senior Creditors (as defined in Condition 2.2(b)) of the Guarantor and accordingly payments under the Guarantee in respect of Subordinated Notes issued by EGF by the Guarantor are conditional upon the Guarantor being solvent (as defined in Condition 2.2(b)) at the time of such payment and no payment shall be payable by the Guarantor in respect of the Subordinated Notes except to the extent that the Guarantor could make such payment and any other payment required to be made to a creditor in respect of indebtedness which ranks or is expressed to rank *pari passu* with the payment obligations of the Guarantor under the Guarantee of the Subordinated Notes and still be solvent immediately thereafter.

Substitution:

The Conditions of the Notes also provide that the ENBD (in its capacity as Issuer and as Guarantor in the case of Notes issued by EGF) may at any time, without the consent of Noteholders, agree to the substitution of a member of the Group, as defined in Condition 3, as principal debtor or guarantor, as the case may be, under any Notes in place of itself, in the circumstances described in Condition 17 of the conditions of the Notes.

Ratings:

The ratings assigned to each Tranche of Notes to be issued under the Programme will be specified in the applicable Final Terms.

The Programme has been assigned a long term rating of A+ and a short term rating of F1 by Fitch Ratings Ltd. and Baa1 by Moody's Investors Service Limited.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued or endorsed by a credit rating agency established in the European Union and registered under the CRA Regulation (or is endorsed and published or distributed by subscription by such a credit rating agency in accordance with the CRA Regulation).

Approval, listing and admission to trading:

Application has been made to the CSSF to approve this document as a base prospectus. The CSSF assumes no responsibility as to the economic and financial soundness of the Programme or in respect of the quality or solvency of ENBD or EGF pursuant to Article 7(7) of the Luxembourg Law. Application has also been made to the Luxembourg Stock Exchange for Notes issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market and to be listed on the Official List of the Luxembourg Stock Exchange.

Application has also been made to the DFSA for the Notes issued under the Programme to be admitted to the Official List of securities. An application may be made for any Series to be admitted to trading on NASDAQ Dubai.

Notes may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the relevant Issuer and the relevant Dealer in relation to the Series.

Notes which are neither listed nor admitted to trading on any market may also be issued.

The applicable Final Terms will state whether or not the relevant Notes are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.

Governing Law and jurisdiction:

The Notes and any non-contractual obligations arising out of or in connection with the Notes will be governed by, and shall be construed in accordance with, English law.

The Programme Agreement, the Agency Agreement, the Deed of Covenant, the Guarantee and any non-contractual obligations arising out of, relating to or having any connection with the Programme Agreement, the Agency Agreement, the Deed of Covenant and the Guarantee will be governed by, and shall be construed in accordance with, English law. In respect of any dispute, claim, difference or controversy under any such Programme Agreement, Agency Agreement, Deed of Covenant and Guarantee to which it is a party, the Issuers and the Guarantor have each consented to arbitration in accordance with the LCIA Arbitration Rules unless any Issuer or Dealer (in the case of the Programme Agreement) elects to have the dispute, claim, difference or controversy resolved by a court, in which case the English courts will have exclusive jurisdiction to settle such dispute.

Selling Restrictions:

There are restrictions on the offer, sale and transfer of the Notes in the United States, the European Economic Area, (including the United Kingdom, the Republic of Italy and France), Hong Kong, the People's Republic of China, Japan, the Dubai International Financial Centre, the Kingdom of Saudi Arabia, the UAE and the Cayman Islands and such other restrictions as may be required in

**United States Selling
Restrictions:**

connection with the offering and sale of a particular Tranche of Notes (see "*Subscription and Sale*").

Regulation S, Category 2. TEFRA C or TEFRA D or TEFRA not applicable, as specified in the applicable Final Terms.

FORM OF THE NOTES

The Notes of each Series will be in either bearer form, with or without interest coupons and talons attached, or registered form, without interest coupons attached. Notes will be issued outside the United States in reliance on Regulation S under the Securities Act ("**Regulation S**").

Bearer Notes

Each Tranche of Bearer Notes will initially be issued in the form of a temporary global note (a "**Temporary Bearer Global Note**") or, if so specified in the applicable Final Terms, a permanent Global Note (a "**Permanent Bearer Global Note**") which, in either case, will be delivered on or prior to the original issue date of the Tranche (as defined under "*Terms and Conditions of the Notes*") to a common depository (the "**Common Depository**") for Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**"). Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Bearer Notes due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Bearer Global Note only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the "**Exchange Date**") which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Bearer Global Note of the same Series or (b) for definitive Bearer Notes of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Bearer Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg against presentation or surrender (as the case may be) of the Permanent Bearer Global Note without any requirement for certification.

The applicable Final Terms will specify that a Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, receipts, interest coupons and talons attached upon either (a) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) to the Principal Paying Agent as described therein or (b) only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default (as defined in Condition 9) has occurred and is continuing, (ii) the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the relevant Issuer has or will become subject to adverse tax consequences which would not be suffered were the Bearer Notes represented by the Permanent Bearer Global Note in definitive form. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The option for a Temporary Bearer Global Note to be exchangeable for definitive Bearer Notes by giving notice should not be expressed to be applicable under applicable Final Terms if the relevant Notes have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount. Furthermore, Notes should not be issued which have such denominations if such Notes are to be represented on issue by a Temporary Bearer Global Note exchangeable for definitive Bearer Notes.

In the event that a Permanent Bearer Global Note is exchanged for definitive Bearer Notes, such definitive Bearer Notes shall be issued in Specified Denomination(s) only. A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Bearer Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

The following legend will appear on all Bearer Notes which have an original maturity of more than 365 days and on all receipts and interest coupons and talons relating to such Bearer Notes:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Bearer Notes, receipts or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Notes

Each Tranche of Registered Notes will initially be represented by a global note in registered form (a “**Registered Global Note**”). Registered Global Notes will be deposited with the Common Depositary and registered in the name of its nominee. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 5(d)) as the registered holder of the Registered Global Notes. None of the relevant Obligors, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 5(d)) immediately preceding the due date for payment in the manner provided in that Condition.

Payments of principal, interest or any other amount in respect of the Registered Global Note will be made to the persons shown on the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the “**Record Date**”) where “**Clearing System Business Day**” means a day on which each clearing system for which the Registered Global Note is being held is open for business.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes only upon the occurrence of an Exchange Event. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Registered Global Note) may give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

General

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Notes*"), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system as may be approved by the relevant Issuer and the Principal Paying Agent.

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 9. In such circumstances, where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note then the Global Note will become void at 8.00 p.m. (London time) on such day. At the same time, holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the relevant Issuer(s) on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg on and subject to the terms of a deed of covenant (the "**Deed of Covenant**") dated 17 April 2014 and executed by ENBD and EGF.

TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the relevant Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to "*Form of the Notes*" for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by Emirates NBD PJSC ("**ENBD**") or Emirates NBD Global Funding Limited ("**EGF**") and together with ENBD in its capacity as Issuer, the "**Issuers**" and each an "**Issuer**") pursuant to the Agency Agreement (as defined below).

References herein to the "**Notes**" shall be references to the Notes of this Series and shall mean:

- (i) in relation to any Notes represented by a global Note (a "**Global Note**"), units of each Specified Denomination in the Specified Currency;
- (ii) any Global Note;
- (iii) any definitive Notes in bearer form ("**Bearer Notes**") issued in exchange for a Global Note in bearer form; and
- (iv) any definitive Notes in registered form ("**Registered Notes**") (whether or not issued in exchange for a Global Note in registered form).

References herein to the "**relevant Issuer**" shall be to the Issuer of the Notes named as such in the applicable Final Terms.

The payment of all amounts in respect of the Notes, Receipts (as defined below) and Coupons (as defined below) issued by EGF have been guaranteed by ENBD (in such capacity the "**Guarantor**") pursuant to a guarantee (the "**Guarantee**") dated 17 April 2014 and executed by the Guarantor. The original Guarantee is held by the Agent on behalf of the Noteholders, the Receiptholders and the Couponholders at its specified office. References to the "**relevant Obligor(s)**" shall, in the case of any issue of Notes, mean the relevant Issuer and, if the relevant Issuer is EGF, the Guarantor.

The Notes, the Receipts (as defined below) and the Coupons (as defined below) have the benefit of an amended and restated agency agreement (such agency agreement as amended and/or supplemented and/or restated from time to time, the "**Agency Agreement**") dated 17 April 2014 and made between ENBD, EGF, Deutsche Bank AG, London Branch in its capacity as issuing and principal paying agent and agent bank (the "**Principal Paying Agent**", which expression shall include any successor such agent) and the other paying agents named therein (together with the Principal Paying Agent, the "**Paying Agents**", which expression shall include any additional or successor paying agents) and Deutsche Bank Luxembourg S.A. in its capacity as registrar (the "**Registrar**", which expression shall include any successor registrar) and a transfer agent and the other transfer agents named therein (together with the Registrar, the "**Transfer Agents**", which expression shall include any additional or successor transfer agents). The Issuer may appoint a calculation agent pursuant to the provisions of a calculation agency agreement (substantially in the form scheduled to the Agency Agreement) (the "**Calculation Agent**", which expression shall include any additional or successor calculation agent).

Interest bearing definitive Bearer Notes have interest coupons ("**Coupons**") and, if indicated in the applicable Final Terms, talons for further Coupons ("**Talons**") attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Definitive Bearer Notes repayable in instalments have receipts ("**Receipts**") for the payment of the instalments of principal (other than the final instalment) attached on issue. Registered Notes and Global Notes do not have Receipts, Coupons or Talons attached on issue.

The final terms for this Note (or the relevant provisions thereof) are set out in Part A of the Final Terms attached to or endorsed on this Note which complete these Terms and Conditions (the "**Conditions**").

References to the “**applicable Final Terms**” are to the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note.

Any reference to “**Noteholders**” or “**holders**” in relation to any Notes shall mean (in the case of Bearer Notes) the holders of the Notes and (in the case of Registered Notes) the persons in whose name the Notes are registered and shall, in relation to any Notes represented by a Global Note, be construed as provided below. Any reference herein to “**Receiptholders**” shall mean the holders of the Receipts and any reference herein to “**Couponholders**” shall mean the holders of the Coupons and shall, unless the context otherwise requires, include the holders of the Talons.

As used herein, “**Tranche**” means Notes which are identical in all respects (including as to listing) and “**Series**” means a Tranche of Notes together with any further Tranche or Tranches of Notes which are: (i) expressed to be consolidated and form a single series; and (ii) identical in all respects (including as to listing) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

The Noteholders, the Receiptholders and the Couponholders are entitled to the benefit of the Deed of Covenant (the “**Deed of Covenant**”) dated 17 April 2014 and made by ENBD and EGF. The original Deed of Covenant is held by the common depository for Euroclear (as defined below) and Clearstream, Luxembourg (as defined below).

Copies of the Agency Agreement, the Guarantee and the Deed of Covenant are obtainable during normal business hours at the specified office of the Principal Paying Agent, the Registrar and each of the other Paying Agents and Transfer Agent (such Agents and the Registrar being together referred to as the “**Agents**”). Copies of the applicable Final Terms may be obtained, upon request, free of charge, from the registered office of ENBD and the specified offices of the Paying Agents save that, if this Note is neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area in circumstances where a prospectus is required to be published under the Prospectus Directive, the applicable Final Terms will only be obtainable by a Noteholder holding one or more Notes and such Noteholder must produce evidence satisfactory to the relevant Issuer and the relevant Paying Agent as to its holding of such Notes and identity. If this Note is admitted to trading on the Luxembourg Stock Exchange’s regulated market, the applicable Final Terms will also be available for viewing on the website of the Luxembourg Stock Exchange at www.bourse.lu. The Noteholders, the Receiptholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency Agreement, the Guarantee and the Deed of Covenant and the applicable Final Terms which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Agency Agreement.

Words and expressions defined in the Agency Agreement (excluding Schedule 2 thereto) or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and **provided that**, in the event of inconsistency between the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

1. FORM, DENOMINATION, TITLE AND TRANSFER OF REGISTERED NOTES

(a) Form and denomination

The Notes are in bearer form or in registered form as specified in the applicable Final Terms and, in the case of definitive Notes, serially numbered, in the Specified Currency and the Specified Denomination(s). Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination and Bearer Notes may not be exchanged for Registered Notes and *vice versa*.

This Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, a Reset Note or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

This Note may be an Instalment Note, a Partly Paid Note or a combination of any of the foregoing, depending upon the Redemption/Payment Basis shown in the applicable Final Terms.

This Note is a Senior Note or a Subordinated Note depending upon the Status specified in the applicable Final Terms.

Definitive Bearer Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in the Conditions are not applicable.

(b) **Title**

Subject as set out below, title to the Bearer Notes, Receipts and Coupons will pass by delivery and title to the Registered Notes will pass upon registration of transfers in accordance with the provisions of the Agency Agreement. Each relevant Obligor and the Agents will (except as otherwise required by law) deem and treat the bearer of any Bearer Note, Receipt or Coupon and the registered holder of any Registered Note as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank S.A./N.V. ("**Euroclear**") and/or Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**"), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by each relevant Obligor and the Agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Bearer Global Note or the registered holder of the relevant Registered Global Note, as the case may be, shall be treated by each relevant Obligor and any Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly.

(c) **Transfer of interests in Global Notes**

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be.

(d) **Transfer of Registered Notes in definitive form**

Subject to the conditions set forth in the Agency Agreement, a Registered Note in definitive form may be transferred in whole or in part (in the authorised denominations set out in the applicable Final Terms). In order to effect any such transfer: (i) the holder or holders must (A) surrender the Registered Note for registration of the transfer of the Registered Note (or the relevant part of the Registered Note) at the specified office of any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the relevant Transfer Agent; and (ii) the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the relevant Issuer and the Registrar may from time to time prescribe (the initial such regulations being set out in Schedule 7 to the Agency Agreement). Subject as provided above, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Registered Note in definitive form of a like aggregate nominal amount to the Registered Note (or the relevant part of the Registered Note) transferred. In the case of the transfer of part only of a Registered Note in definitive form, a new

Registered Note in definitive form in respect of the balance of the Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

(e) **Registration of transfer upon partial redemption**

In the event of a partial redemption of Notes under Condition 6, the relevant Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

(f) **Costs of registration**

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the relevant Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

(g) **Other**

References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system as may be approved by the relevant Issuer and the Principal Paying Agent.

2. STATUS OF THE NOTES AND THE GUARANTEE

2.1 Status of the Notes

(a) **Status of the Senior Notes**

The Senior Notes and any relative Receipts and Coupons are direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the relevant Issuer and rank *pari passu* among themselves and at least *pari passu* with the claims of the relevant Issuer's other unsecured and unsubordinated creditors save those whose claims are preferred solely by any bankruptcy, insolvency, liquidation or other similar laws of general application.

(b) **Status of the Subordinated Notes**

The Subordinated Notes and any relative Receipts and Coupons are direct, conditional as described below and unsecured obligations of the relevant Issuer and rank *pari passu* among themselves.

The payment obligations of the relevant Issuer in respect of the Subordinated Notes (whether on account of principal, interest or otherwise) will be subordinated to all unsubordinated payment obligations of the relevant Issuer in the manner described below but will rank *pari passu* with all other subordinated payment obligations of the relevant Issuer which do not rank or are not expressed by their terms to rank junior to the payment obligations under the Subordinated Notes and in priority to all claims of shareholders of the relevant Issuer. The rights of the holders of Subordinated Notes against the relevant Issuer are subordinated in right of payment to the claims of all Senior Creditors of the relevant Issuer and accordingly payments in respect of the Subordinated Notes (whether on account of principal, interest or otherwise) by the relevant Issuer are conditional upon the relevant Issuer being solvent at the time of such payment and no payment shall be payable by the relevant Issuer in respect of the Subordinated Notes except to the extent that the relevant Issuer could make such payment and any other payment required to be made to a creditor in respect of indebtedness which ranks or is expressed to rank *pari passu* with the Subordinated Notes and still be solvent immediately thereafter. For this purpose the relevant Issuer shall be solvent if: (i) it is able to pay its debts as they fall due; and (ii) its Assets exceed its Liabilities, and, in this Condition 2.1(b) the following expressions shall have the following meanings:

"Assets" means the unconsolidated gross assets of the relevant Issuer as shown in the latest published audited balance sheet of the relevant Issuer, but adjusted for subsequent events in such manner as the directors of the relevant Issuer, the auditors of the relevant Issuer or (if a bankruptcy trustee (or any equivalent insolvency practitioner) has been appointed in respect of the relevant Issuer a bankruptcy trustee (or such equivalent insolvency practitioner) may determine;

“**Liabilities**” means the unconsolidated gross liabilities of the relevant Issuer as shown in the latest published audited balance sheet of the relevant Issuer, but adjusted for contingent liabilities and for subsequent events in such manner as the directors of the relevant Issuer, the auditors of the relevant Issuer or (if a bankruptcy trustee (or any equivalent insolvency practitioner) has been appointed in respect of the relevant Issuer) a bankruptcy trustee (or such equivalent insolvency practitioner) may determine; and

“**Senior Creditors**” shall mean creditors of the relevant Issuer (including depositors) other than creditors in respect of indebtedness where, by the terms of such indebtedness, the claims of the holders of that indebtedness rank or are expressed to rank *pari passu* with, or junior to, the claims of the holders of Subordinated Notes issued by the relevant Issuer.

Each holder of a Subordinated Note unconditionally and irrevocably waives any right of set-off, counterclaim, abatement or other similar remedy which it might otherwise have, under the laws of any jurisdiction, in respect of such Note. No collateral is or will be given for the payment obligations under the Subordinated Notes and any collateral that may have been or may in the future be given in connection with other indebtedness of an Issuer shall not secure the payment obligations under any Subordinated Notes issued by that Issuer.

2.2 Status of the Guarantee

(a) Status of the Guarantee in respect of Senior Notes

The payment of principal and interest in respect of the Senior Notes issued by EGF and all other moneys payable by EGF in relation to the issue by it of Senior Notes under or pursuant to these Conditions has been unconditionally and irrevocably guaranteed by the Guarantor under the Guarantee. The obligations of the Guarantor under the Guarantee in respect of the Senior Notes issued by EGF are direct, unconditional, unsubordinated and (subject to the provisions of Clause 5 of the Guarantee) unsecured obligations of the Guarantor and rank *pari passu* among themselves and at least *pari passu* with the claims of the Guarantor’s other unsecured and unsubordinated creditors save those whose claims are preferred solely by any bankruptcy, insolvency, liquidation or other similar laws of general application.

(b) Status of the Guarantee in respect of Subordinated Notes

The payment of principal and interest in respect of the Subordinated Notes issued by EGF and all other moneys payable by EGF in relation to the issue of Subordinated Notes under or pursuant to these Conditions has been guaranteed by the Guarantor under the Guarantee. The obligations of the Guarantor under the Guarantee in respect of the Subordinated Notes issued by EGF are direct, conditional as described below and unsecured obligations of the Guarantor and rank *pari passu* among themselves.

The payment obligations of the Guarantor under the Guarantee in respect of Subordinated Notes issued by EGF will be subordinated to all unsubordinated payment obligations of the Guarantor in the manner described below but will rank *pari passu* with all other subordinated payment obligations of the Guarantor which do not rank or are not expressed by their terms to rank junior to the payment obligations of the Guarantor under the Guarantee in respect of Subordinated Notes issued by EGF and in priority to all claims of shareholders of the Guarantor. The rights of the holders of Subordinated Notes issued by EGF against the Guarantor under the Guarantee in respect of Subordinated Notes issued by EGF are subordinated in right of payment to the claims of all Senior Creditors of the Guarantor and accordingly payments under the Guarantee in respect of Subordinated Notes issued by EGF by the Guarantor are conditional upon the Guarantor being solvent at the time of such payment and no payment shall be payable by the Guarantor in respect of the Guarantee of Subordinated Notes issued by EGF except to the extent that the Guarantor could make such payment and any other payment required to be made to a creditor in respect of indebtedness which ranks or is expressed to rank *pari passu* with the payment obligations of the Guarantor under the Guarantee of the Subordinated Notes and still be solvent immediately thereafter. For

this purpose the Guarantor shall be solvent if: (i) it is able to pay its debts as they fall due; and (ii) its Assets exceed its Liabilities, and, in this Condition 2.2(b) the following expressions shall have the following meanings:

“Assets” means the unconsolidated gross assets of the Guarantor as shown in the latest published audited balance sheet of the Guarantor, but adjusted for subsequent events in such manner as the directors of the Guarantor, the auditors of the Guarantor or (if a bankruptcy trustee (or any equivalent insolvency practitioner) has been appointed in respect of the Guarantor) a bankruptcy trustee (or such equivalent insolvency practitioner) may determine;

“Liabilities” means the unconsolidated gross liabilities of the Guarantor as shown in the latest published audited balance sheet of the Guarantor, but adjusted for contingent liabilities and for subsequent events in such manner as the directors of the Guarantor, the auditors of the Guarantor or (if a bankruptcy trustee (or any equivalent insolvency practitioner) has been appointed in respect of the Guarantor) a bankruptcy trustee (or such equivalent insolvency practitioner) may determine; and

“Senior Creditors” shall mean creditors of the Guarantor (including depositors) other than creditors in respect of indebtedness where, by the terms of such indebtedness, the claims of the holders of that indebtedness rank or are expressed to rank *pari passu* with, or junior to, the claims of the holders of Subordinated Notes issued by EGF under the Guarantee.

Each holder of a Subordinated Note unconditionally and irrevocably waives any right of set-off, counterclaim, abatement or other similar remedy which it might otherwise have, under the laws of any jurisdiction, in respect of the Guarantee of such Note. No collateral is or will be given for the payment obligations under the Guarantee of the Subordinated Notes and any collateral that may have been or may in the future be given in connection with other indebtedness of the Guarantor shall not secure the payment obligations of the Guarantor under the Guarantee of Subordinated Notes issued by EGF.

3. NEGATIVE PLEDGE

This Condition 3 only applies to Senior Notes.

Save as may otherwise be permitted under these Conditions, so long as any of the Notes remains outstanding (as defined in the Agency Agreement), the relevant Issuer will ensure that no indebtedness of it or any of its Relevant Subsidiaries will be subject to any Encumbrance, other than a Permitted Encumbrance, upon, or with respect to, any of the present or future business, undertaking, assets or revenues (including any uncalled capital) of it or any of its Relevant Subsidiaries unless that relevant Issuer shall, in the case of the creation of the Encumbrance, before or at the same time and, in any other case, promptly, take any and all action necessary to ensure that:

- (i) all amounts payable by it under the Notes and the Coupons are secured by the Encumbrance equally and rateably with the indebtedness; or
- (ii) such other Encumbrance or other arrangement (whether or not it includes the giving of a Encumbrance) is provided as shall be approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders.

For the purposes of these Conditions:

“Auditors” means a firm of independent auditors of good repute appointed by ENBD.

“Encumbrance” means (i) a mortgage, charge, pledge, lien or other encumbrance securing any obligation of any person, (ii) any arrangement under which money or claims to, or the benefit of, a bank or other account may be applied, set off or made subject to a combination of accounts so as to effect discharge of any sum owed or payable to any person or (iii) any other type of preferential arrangement (including any title transfer and retention arrangement) having a similar effect.

“Group” means the relevant Issuer, its holding company (if any) and the Subsidiaries of the relevant Issuer or any such holding company for the time being.

“Permitted Encumbrance” means:

- (i) any Encumbrance arising in the ordinary course of banking transactions including, without limitation, sale and repurchase transactions and share, loan and bond lending transactions, **provided that** any such Encumbrance is limited to the assets which are the subject of the relevant transaction;
- (ii) any Encumbrance in respect of any indebtedness, **provided that** the aggregate outstanding amount secured thereby shall not at any time exceed an amount equal to 25 per cent. of the aggregate of the share capital and reserves of the relevant Issuer and its Relevant Subsidiaries, as provided in its most recent audited accounts;
- (iii) any Encumbrance created or outstanding with the prior approval by an Extraordinary Resolution of the Noteholders; or
- (iv) any lien arising by operation of law and in the normal course of business, if such lien is discharged within thirty days of arising.

“Relevant Subsidiary” shall mean a company or corporation:

- (i) 75 per cent. or more of the issued capital of which is beneficially owned, directly or indirectly, by the relevant Issuer; and
- (ii) the book value of the assets of which exceeds five per cent. of the book value of the assets of the Group taken as a whole or the revenues of which exceed five per cent. of the revenues of the Group taken as a whole and, for these purposes:
 - (A) the book value of the assets and the revenues of such company or corporation shall be determined by reference to its then most recent audited annual financial statements (or, if none, its then most recent management accounts); and
 - (B) the book value of the assets and the revenues of the Group shall be determined by reference to its then most recent audited annual consolidated financial statements,

in each case adjusted, as the Auditors may consider appropriate, to take account of any changes in circumstances since the date as of which such financial statements (or management accounts) were prepared.

A report of the Auditors that in their opinion a company or corporation is or is not or was or was not at any particular time or throughout any specified period a Relevant Subsidiary shall, in the absence of manifest error, be conclusive and binding on all parties.

4. INTEREST

(a) **Interest on Fixed Rate Notes**

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, **“Fixed Interest Period”** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

In the case of a Fixed Rate Note where the Specified Currency is Renminbi and the applicable Final Terms specifies a Business Day Convention to be applicable (an **“Adjusted Renminbi Fixed Rate Note”**), each Interest Payment Date (and, accordingly, the relevant Fixed Rate Period) will be adjusted (if required) in accordance with the relevant Business Day Convention. For this purpose, the provisions relating to the application of a Business Day Convention set out in Condition 4(b)(i) below shall apply to this Condition 4(a), *mutatis mutandis*, save that, for the purposes of the Conditions

relating to an Adjusted Renminbi Fixed Rate Note, the term “**Business Day**” shall mean a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in Hong Kong.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount, and, in each case, multiplying such sum by the applicable Day Count Fraction,

and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such subunit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest in accordance with this Condition 4(a):

- (i) if “**Actual/Actual (ICMA)**” is specified in the applicable Final Terms:
 - (A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the “**Accrual Period**”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “**30/360**” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360; and
- (iii) if “**Actual/365 (Fixed)**” is specified in the applicable Final Terms, the actual number of days in the Interest Period is divided by 365.

In the Conditions:

“**Determination Period**” means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

“**sub-unit**” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

(b) **Interest on Floating Rate Notes**

(i) *Insert Payment Dates*

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an “**Interest Payment Date**”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in the Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions, “**Business Day**” means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London, Dubai and any Additional Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro or Renminbi, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre and which if the Specified Currency is

Australian dollars or New Zealand dollars shall be Melbourne and Wellington, respectively), (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the "**TARGET2 System**") is open or (3) in relation to any sum payable in Renminbi, a day (other than a Saturday, Sunday or public holiday) on which commercial banks in Hong Kong are generally open for business and settlement of Renminbi payments in Hong Kong.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent under an interest rate swap transaction if the Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on LIBOR or on the Euro-zone inter-bank offered rate EURIBOR, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(B) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) at the Relevant Time on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

In the Conditions, “**Reference Rate**” means one of the following benchmark rates (as specified in the applicable Final Terms) in respect of the currency and period specified in the applicable Final Terms:

- (a) Euro-Zone interbank offered rate (“**EURIBOR**”);
- (b) London interbank bid rate (“**LIBID**”);
- (c) London interbank offered rate (“**LIBOR**”);
- (d) London interbank mean rate (“**LIMEAN**”);
- (e) Shanghai interbank offered rate (“**SHIBOR**”);
- (f) Hong Kong interbank offered rate (“**HIBOR**”);
- (g) Singapore interbank offered rate (“**SIBOR**”);
- (h) Emirates interbank offered rate (“**EIBOR**”);
- (i) Saudi Arabia interbank offered rate (“**SAIBOR**”);
- (j) Australia Bank Bill Swap (“**BBSW**”);
- (k) Australian dollar LIBOR (“**AUD LIBOR**”);
- (l) Japanese Yen LIBOR (“**JPY LIBOR**”);
- (m) Prague interbank offered rate (“**PRIBOR**”);
- (n) CNH Hong Kong interbank offered rate (“**CNH HIBOR**”);
- (o) Turkish Lira interbank offered rate (“**TRLIBOR**” or “**TRYLIBOR**”); and
- (p) Tokyo interbank offered rate (“**TIBOR**”); and

“**Relevant Time**” means the time specified as such in the applicable Final Terms.

(c) **Interest on Reset Notes**

(i) *Rates of Interest*

Each Reset Note bears interest:

- (a) in respect of the period from (and including) the Interest Commencement Date to (but excluding) the Reset Date (or, if there is more than one Reset Period, the first Reset Date occurring after the Interest Commencement Date), at the rate per annum equal to the Initial Rate of Interest; and
- (b) in respect of the Reset Period (or, if there is more than one Reset Period, each successive Reset Period thereafter), at such rate per annum as is equal to the relevant Subsequent Reset Rate, as determined by the Principal Paying Agent on the relevant Reset Determination Date in accordance with this Condition 4(c)(i),

payable, in each case, in arrear on the Interest Payment Dates(s) (as specified in the applicable Final Terms).

As used in this Condition 4(c)(i):

“**Day Count Fraction**” and related definitions have the meanings given in Condition 4(a).

“**Initial Rate of Interest**” has the meaning specified in the applicable Final Terms;

“**Mid Swap Benchmark Rate**” means EURIBOR if the Specified Currency is euro or LIBOR if the Specified Currency is not euro;

“**Mid Swap Maturity**” has the meaning specified in the applicable Final Terms;

“**Mid Swap Rate**” means for any Reset Period the arithmetic mean of the bid and offered rates for the fixed leg, payable with a frequency equivalent to the frequency with which scheduled interest payments are payable on the Notes during the relevant Reset Period (calculated on the day count basis customary for fixed rate payments in

the Specified Currency as determined by the Principal Paying Agent), of a fixed-for-floating interest rate swap transaction in the Specified Currency which transaction (a) has a term equal to the relevant Reset Period and commencing on the relevant Reset Date, (b) is in an amount that is representative for a single transaction in the relevant market at the relevant time with an acknowledged dealer of good credit in the swap market and (c) has a floating leg based on the Mid Swap Benchmark Rate for the Mid Swap Maturity as specified in the applicable Final Terms (calculated on the day count basis customary for floating rate payments in the Specified Currency as determined by the Principal Paying Agent);

“Reference Bond” means for any Reset Period a government security or securities issued by the state responsible for issuing the Specified Currency (which, if the Specified Currency is euro, shall be Germany) selected by the Issuer on the advice of an investment bank of international repute as having an actual or interpolated maturity comparable with the relevant Reset Period that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in the Specified Currency and of a comparable maturity to the relevant Reset Period;

“Reference Bond Price” means, with respect to any Reset Determination Date, (A) the arithmetic average of the Reference Government Bond Dealer Quotations for such Reset Determination Date, after excluding the highest and lowest such Reference Government Bond Dealer Quotations, or (B) if the Principal Paying Agent obtains fewer than four such Reference Government Bond Dealer Quotations, the arithmetic average of all such quotations;

“Reference Government Bond Dealer” means each of five banks (selected by the Issuer on the advice of an investment bank of international repute), or their affiliates, which are (A) primary government securities dealers, and their respective successors or (B) market makers in pricing corporate bond issues;

“Reference Government Bond Dealer Quotations” means, with respect to each Reference Government Bond Dealer and the relevant Reset Determination Date, the arithmetic average, as determined by the Principal Paying Agent, of the bid and offered prices for the relevant Reference Bond (expressed in each case as a percentage of its nominal amount) at or around the Subsequent Reset Rate Time on the relevant Reset Determination Date quoted in writing to the Principal Paying Agent by such Reference Government Bond Dealer;

“Reset Date(s)” means the date(s) specified in the applicable Final Terms;

“Reset Determination Date” means for each Reset Period the date as specified in the applicable Final Terms falling on or before the commencement of such Reset Period on which the rate of interest applying during such Reset Period will be determined;

“Reset Margin” means the margin specified in the applicable Final Terms;

“Reset Period” means the period from (and including) the first Reset Date to (but excluding) the Maturity Date if there is only one Reset Period or, if there is more than one Reset Period, each period from (and including) one Reset Date (or the first Reset Date) to (but excluding) the next Reset Date up to (but excluding) the Maturity Date;

“Subsequent Reset Rate” for any Reset Period means the sum of (i) the applicable Subsequent Reset Reference Rate and (ii) the applicable Reset Margin (rounded down to four decimal places, with 0.00005 being rounded down);

“Subsequent Reset Rate Screen Page” has the meaning specified in the applicable Final Terms;

“Subsequent Reset Rate Time” has the meaning specified in the applicable Final Terms; and

“Subsequent Reset Reference Rate” means either:

- (A) if “Mid Swaps” is specified in the applicable Final Terms, the Mid Swap Rate displayed on the Subsequent Reset Rate Screen Page at or around the Subsequent Reset Rate Time on the relevant Reset Determination Date for such Reset Period; or

- (B) if “Reference Bond” is specified in the applicable Final Terms, the annual yield to maturity or interpolated yield to maturity (on the relevant day count basis) of the relevant Reference Bond, assuming a price for such Reference Bond (expressed as a percentage of its nominal amount) equal to the relevant Reference Bond Price.

The Principal Paying Agent will calculate the amount of interest (the “**Interest Amount**”) payable on the Reset Notes for the relevant period by applying the Initial Rate of Interest or the applicable Subsequent Reset Rate (as the case may be) to:

- (A) in the case of Reset Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Reset Notes represented by such Global Note; or
- (B) in the case of Reset Notes in definitive form, the Calculation Amount; and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Reset Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Reset Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

(ii) *Subsequent Reset Rate Screen Page*

If the Subsequent Reset Rate Screen Page is not available, the Principal Paying Agent shall request each of the Reference Banks (as defined below) to provide the Principal Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Subsequent Reset Reference Rate at approximately the Subsequent Reset Rate Time on the Reset Determination Date in question.

If two or more of the Reference Banks provide the Principal Paying Agent with such offered quotations, the Subsequent Reset Rate for the relevant Reset Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the applicable Reset Margin (if any), all as determined by the Principal Paying Agent. If on any Reset Determination Date only one or none of the Reference Banks provides the Principal Paying Agent with an offered quotation as provided in the foregoing provisions of this paragraph, the Subsequent Reset Rate shall be determined as at the last preceding Reset Determination Date or, in the case of the first Reset Determination Date, the Subsequent Reset Rate shall be the Initial Rate of Interest.

For the purposes of this Condition 4(c)(ii):

“**Reference Banks**” means the principal office in the Relevant Financial Centre of four major banks in the swap, money, securities or other market most closely connected with the Subsequent Reset Reference Rate as selected by the Issuer on the advice of an investment bank of international repute;

“**Relevant Financial Centre**” means the financial centre specified as such in the applicable Final Terms or if none is so specified: (i) the case of a determination of LIBOR, LIBID or LIMEAN, London, (ii) in the case of a determination of EURIBOR, Brussels, (iii) in the case of a determination of SIBOR, Singapore, (iv) in the case of a determination of TIBOR, Tokyo or (v) in the case of a determination of HIBOR, Hong Kong;

(iii) *Notification of Subsequent Reset Rate and Interest Amounts*

The Principal Paying Agent will cause the Subsequent Reset Rate and each Interest Amount for each Reset Period to be notified to the Issuer and any stock exchange on which the relevant Reset Notes are for the time being listed and notice thereof to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount as notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment). Any such

amendment will be promptly notified to any stock exchange on which the relevant Reset Notes are for the time being listed and to the Noteholders in accordance with Condition 13. For the purposes of this paragraph, the expression “**London Business Day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

(iv) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(c)(iv) by the Principal Paying Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Principal Paying Agent, the other Paying Agents and all Noteholders and (in the absence of wilful default and bad faith) no liability to the Issuer or the Noteholders or any other person shall attach to the Principal Paying Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(d) **Minimum Rate of Interest and/or Maximum Rate of Interest**

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(e) **Determination of Rate of Interest and calculation of Interest Amounts**

The Principal Paying Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Principal Paying Agent will calculate the amount of interest (the “**Interest Amount**”) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount, and, in each case, multiplying such sum by the applicable Day Count Fraction,

and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such subunit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest in accordance with this Condition 4(d):

- (i) if “**Actual/Actual (ISDA)**” or “**Actual/Actual**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if “**Actual/365 (Fixed)**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;

- (iii) if “**Actual/365 (Sterling)**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if “**Actual/360**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y^2 - Y^1)] + [30 \times (M^2 - M^1)] + (D^2 - D^1)}{360}$$

where:

“**Y¹**” is the year, expressed as a number, in which the first day of the Interest Period falls;

“**Y²**” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**M¹**” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“**M²**” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**D¹**” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D¹ will be 30; and

“**D²**” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D¹ is greater than 29, in which case D² will be 30;

- (vi) if “**30E/360**” or “**Eurobond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y^2 - Y^1)] + [30 \times (M^2 - M^1)] + (D^2 - D^1)}{360}$$

where:

“**Y¹**” is the year, expressed as a number, in which the first day of the Interest Period falls;

“**Y²**” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**M¹**” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“**M²**” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“**D¹**” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D¹ will be 30; and

“**D²**” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D² will be 30;

- (vii) if “**30E/360 (ISDA)**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y^2 - Y^1)] + [30 \times (M^2 - M^1)] + (D^2 - D^1)}{360}$$

where:

“**Y¹**” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y²” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M¹” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M²” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D¹” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D¹ will be 30; and

“D²” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D² will be 30.

- (viii) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y^2 - Y^1)] + [30 \times (M^2 - M^1)] + (D^2 - D^1)}{360}$$

where:

“Y¹” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y²” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M¹” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M²” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D¹” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D¹ will be 30; and

“D²” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D² will be 30.

(f) **Linear Interpolation**

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Principal Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

Designated Maturity means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(g) **Notification of Rate of Interest and Interest Amounts**

The Principal Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to each relevant Obligor and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 13. For the purposes of this paragraph, the expression “**London Business Day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(h) **Certificates to be final**

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4, whether by the Principal Paying Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on each relevant Obligor, the Principal Paying Agent, the Calculation Agent (if applicable), the other Agents and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to each relevant Obligor, the Noteholders, the Receiptholders or the Couponholders shall attach to the Principal Paying Agent or, if applicable, the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(i) **Interest on Partly Paid Notes**

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes.

(j) **Accrual of interest**

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (i) the date on which all amounts due in respect of such Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Principal Paying Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13.

5. PAYMENTS

(a) **Method of payment:**

Subject as provided below:

- (i) payments in a Specified Currency other than euro or Renminbi will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne and Wellington, respectively);
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque; and
- (iii) payments in Renminbi will be made by transfer to a Renminbi account maintained by or on behalf of the Noteholder with a bank in Hong Kong.

Payments will be subject in all cases to: (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7; and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations thereunder or official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any law implementing such an intergovernmental agreement).

(b) ***Presentation of definitive Bearer Notes, Receipts and Coupons***

Payments of principal in respect of definitive Bearer Notes will (subject as provided below) be made in the manner provided in Condition 5(a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of definitive Bearer Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in Condition 5(a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in Condition 5(a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Bearer Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the definitive Bearer Note to which it appertains. Receipts presented without the definitive Bearer Note to which they appertain do not constitute valid obligations of the relevant Issuer. Upon the date on which any definitive Bearer Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Reset Note or Long Maturity Note in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A “**Long Maturity Note**” is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate

interest payable thereon **provided that** such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

(c) **Payments in respect of Bearer Global Notes**

Payments of principal and interest (if any) in respect of Bearer Notes represented by any Global Note in bearer form ("**Bearer Global Notes**") will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes and otherwise in the manner specified in the relevant Bearer Global Note against presentation or surrender, as the case may be, of such Bearer Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Bearer Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Bearer Global Note by the Paying Agent to which it was presented and such record shall be *prima facie* evidence that the payment in question has been made.

(d) **Payments in respect of Registered Notes**

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the register of holders of the Registered Notes maintained by the Registrar (the "**Register**") at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if: (i) a holder does not have a Designated Account; or (ii) the principal amount of the Notes held by a holder is less than U.S.\$250,000 (or its approximate equivalent in any other Specified Currency), payment (in the case of a Specified Currency other than Renminbi) will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, "**Designated Account**" means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account and, in the case of a payment in Renminbi, means the Renminbi account maintained by or on behalf of the Noteholder with a bank in Hong Kong, details of which appear on the Register at the close of business on the fifth business day before the due date for payment) maintained by a holder with a "**Designated Bank**" and identified as such in the Register and Designated Bank means (in the case of payment in a Specified Currency other than euro or Renminbi) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne and Wellington, respectively) and (in the case of a payment in euro) any bank which processes payments in euro and (in the case of payment in Renminbi) a bank in Hong Kong.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Note will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register at the close of business on the fifth day (in the case of Renminbi) and the fifteenth day (in the case of a Specified Currency other than Renminbi, whether or not such fifteenth day is a business day) before the relevant due date (the "**Record Date**") at his address shown in the Register on the Record Date and at his risk. Payments of interest and payments of principal (other than the final instalment) in Renminbi shall be made by transfer to the registered account of the Noteholder. Upon application of the holder to the specified office of the

Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the principal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

Neither the relevant Obligors nor the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(e) ***General provisions applicable to payments***

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and each relevant Obligor will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by each relevant Obligor, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Bearer Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (i) the relevant Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of each relevant Obligor, adverse tax consequences to each relevant Obligor.

(f) ***Payments Subject to Laws***

All payments are subject in all cases to: (i) any applicable laws, regulations and directives in the place of payment, but without prejudice to the provisions of Condition 7; and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(g) **Payment Day**

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "**Payment Day**" means any day which (subject to Condition 8) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation;
 - (B) London;
 - (C) Dubai;
 - (D) any Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (A) in relation to any sum payable in a Specified Currency other than euro or Renminbi, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation, London and any Additional Financial Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Melbourne and Wellington, respectively), (B) in relation to any sum payable in euro, a day on which the TARGET2 System is open or (C) in relation to any sum payable in Renminbi, a day on which banks and foreign exchange markets are open for business and settlement of Renminbi payments in Hong Kong.

(h) **Interpretation of principal and interest**

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Notes redeemable in instalments, the Instalment Amounts;
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 6(f)); and
- (vii) any premium and any other amounts (other than interest) which may be payable by any relevant Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7.

(i) **RMB account**

All payments in respect of any Note, Receipt or Coupon in RMB will be made solely by credit to a registered RMB account maintained by or on behalf of the payee at a bank in Hong Kong in accordance with applicable laws, rules, regulations and guidelines issued from time to time (including all applicable laws and regulations with respect to the settlement of RMB in Hong Kong).

(j) **RMB Currency Event**

If the Specified Currency of the Notes is RMB and an RMB Currency Event, as determined by the relevant Issuer acting in good faith, exists on a date for payment of any principal or interest (in whole or in part) in respect of any Note, Receipt or Coupon, the relevant Issuer's obligation to make a payment in RMB under the terms of the

Notes may be replaced by an obligation to pay such amount (in whole or in part) in the Relevant Currency and converted using the Spot Rate for the relevant Determination Date as promptly notified to the Issuer and the Paying Agents.

Upon the occurrence of an RMB Currency Event, the relevant Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 stating the occurrence of the RMB Currency Event, giving details thereof and the action proposed to be taken in relation thereto.

In such event, any payment of U.S. dollars will be made by transfer to a U.S. dollar denominated account maintained by the payee with, or by a U.S. dollar denominated cheque drawn on, a bank in New York City; and the definition of "**Payment Day**" in Condition 5(g) shall mean any day which (subject to Condition 8) is a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in: (A) in the case of Notes in definitive form only, the relevant place of presentation; and (B) London and New York City.

For the purpose of this Condition 5:

"Determination Business Day" means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong, London and New York City;

"Determination Date" means the day which is two Determination Business Days before the due date of the relevant payment under the Notes, other than where the relevant Issuer properly determines that a RMB Currency Event has occurred at any time during the period from and including 10:01 a.m. (Hong Kong time) on the second Determination Business Day preceding the original due date to and including 11:59 p.m. (Hong Kong time) on the original due date, in which case the **"Determination Date"** will be the Determination Business Day immediately following the date on which the determination of the occurrence of a RMB Currency Event has been made;

"Governmental Authority" means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong;

"Relevant Currency" means United States dollars;

"RMB Currency Events" means any one of RMB Illiquidity, RMB Non-Transferability and RMB Inconvertibility;

"RMB Illiquidity" means the general RMB exchange market in Hong Kong becomes illiquid as a result of which the relevant Issuer cannot obtain sufficient RMB in order to satisfy its obligation to pay interest or principal (in whole or in part) in respect of the Notes, as determined by the relevant Issuer acting in good faith and in a commercially reasonable manner following consultation with two independent foreign exchange dealers of international repute active in the RMB exchange market in Hong Kong;

"RMB Inconvertibility" means the occurrence of any event that makes it impossible for the relevant Issuer to convert any amount due in respect of the Notes into RMB on any payment date in the general RMB exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the relevant Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the relevant Series and it is impossible for the relevant Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

"RMB Non-Transferability" means the occurrence of any event that makes it impossible for the relevant Issuer to deliver RMB between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong (including where the RMB clearing and settlement system for participating banks in Hong Kong is disrupted or suspended), other than where such impossibility is due solely to the failure of the relevant Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue

Date of the first Tranche of the relevant Series and it is impossible for the relevant Issuer, due to an event beyond its control, to comply with such law, rule or regulation); and

“**Spot Rate**” means the spot CNY/U.S.\$ exchange rate for the purchase of U.S. dollars with Renminbi in the over-the-counter Renminbi exchange market in Hong Kong for settlement in two Determination Business Days, as determined by the Calculation Agent at or around 11.00 a.m. (Hong Kong time) on the Determination Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the Calculation Agent shall determine the Spot Rate at or around 11:00 a.m. (Hong Kong time) on the Determination Date as the most recently available CNY/ U.S. dollar official fixing rate for settlement in two Determination Business Days reported by the State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(j) by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the relevant Issuer, the Agents and all CNY Noteholders.

6. REDEMPTION AND PURCHASE

(a) **Redemption at maturity**

- (i) Unless previously redeemed or purchased and cancelled as provided in this Condition 6, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the relevant Instalment Amount specified in the applicable Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date (as defined in Condition 7) relating to such Instalment Amount.
- (ii) Unless previously redeemed or purchased and cancelled as provided in this Condition 6, each Note shall be finally redeemed on the Maturity Date specified in the applicable Final Terms at its Final Redemption Amount (which is its nominal amount) or, in the case of a Note falling within sub-paragraph (i) above, its final Instalment Amount.

(b) **Redemption for tax reasons**

The Notes may (subject, in the case of Subordinated Notes issued by ENBD, to the prior approval of the UAE Central Bank (the “**Regulator**”, which expression shall include any successor thereto as the relevant regulator of banks in the UAE) where required) be redeemed at the option of the relevant Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than 30 nor more than 60 days’ notice to the Principal Paying Agent and, in accordance with Condition 13, the Noteholders (which notice shall be irrevocable), if:

- (i) on the occasion of the next payment due under the Notes, the relevant Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 or, in the case of Notes issued by EGF, the Guarantor would be unable for reasons outside its control to procure payment by EGF and in making payment itself would be required to pay such additional amounts, in each case as a result of any change in, or amendment to or interpretation of, the laws, published practice or regulations of a Tax Jurisdiction (as defined in Condition 7), or

any change in the application or interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and

- (ii) such obligation cannot be avoided by any relevant Obligor taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which any relevant Obligor would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the relevant Issuer shall deliver to the Principal Paying Agent a certificate signed by two Directors of the relevant Issuer stating that the relevant Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the relevant Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that any relevant Obligor has or will become obliged to pay such additional amounts as a result of such change or amendment.

Notes redeemed pursuant to this Condition 6(b) will be redeemed at their Early Redemption Amount referred to in Condition 6(e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) **Redemption for regulatory reasons (Regulatory Call)**

This Condition 6(c) is only applicable to Subordinated Notes. The Notes may (subject to the prior approval of the Regulator where required) be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than 30 nor more than 60 days' notice to the Principal Paying Agent and, in accordance with Condition 13, the Noteholders (which notice shall be irrevocable), if a Regulatory Redemption Event has occurred and is continuing and if the circumstance that entitles the Issuer to exercise such redemption was not reasonably foreseeable at the Issue Date.

Prior to the publication of any notice of redemption pursuant to this Condition 6(c), the Issuer shall deliver to the Principal Paying Agent a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the change to the applicable regulatory rules or to the application or official interpretation thereof as described in the definition of "**Regulatory Redemption Event**" has occurred and is continuing.

Notes redeemed pursuant to this Condition 6(c) will be redeemed at their Early Redemption Amount referred to in Condition 6(f) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

In this Condition 6(c):

"**Regulatory Redemption Event**" shall be deemed to have occurred if, as a result of any change to any applicable regulatory rules or to the application or official interpretation thereof at any relevant time which has been previously announced in an official publication of the Regulator or of any other relevant governmental, regulatory or judicial body in the United Arab Emirates, the Notes are fully excluded from Tier II (supplementary) Capital of Emirates NBD PJSC and its subsidiaries (save where such exclusion is only as a result of any applicable limitation on the amount of such capital), **provided that** the Notes have qualified as Tier II (supplementary) Capital at any time following the date on which they were issued; and

"**Tier II (supplementary) Capital**" means: (a) for so long as Circular 13/93 relating to Capital Adequacy published on 14 April 1993 by the Regulator and Circular 27/2009, together with the associated guidance, each published by the Regulator (as each may be supplemented or amended from time to time) (the "**Circulars**") are applicable in the United Arab Emirates, Tier 2 (supplementary) Capital (as described in the Circulars); and (b) if the Circulars are no longer applicable in the United Arab Emirates, or if Tier 2

(supplementary) Capital is no longer the applicable regulatory categorisation, such successor regulatory capital categorisation resulting from any change to any applicable regulatory rules or to the application or official interpretation thereof which has been announced in an official publication of the Regulator or of any other relevant governmental, regulatory or judicial body in the United Arab Emirates.

(d) **Redemption at the option of the Issuer (Issuer Call)**

If Issuer Call is specified in the applicable Final Terms, the relevant Issuer may (subject, in the case of Subordinated Notes issued by ENBD, to the prior approval of the Regulator where required), having given:

- (i) not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 13; and
- (ii) not less than 15 days before the giving of the notice referred to in (a), notice to the Principal Paying Agent and, in the case of a redemption of Registered Notes, the Registrar;

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem: (i) in the case of Subordinated Notes, all of the Subordinated Notes; and (ii) in the case of Senior Notes, all or some only of the Senior Notes, in each case then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will (i) in the case of Redeemed Notes represented by definitive Notes, be selected individually by lots not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"), and (ii) in the case of Redeemed Notes represented by a Global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg. In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 13 not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, **provided that** such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a Global Note shall be equal to the balance of the Redeemed Notes.

(e) **Redemption at the option of the Noteholders (Investor Put)**

This Condition 6(e) is only applicable to Senior Notes. If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the relevant Issuer in accordance with Condition 13 not less than 15 nor more than 30 days' notice the relevant Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. Registered Notes may be redeemed under this Condition 6(e) in any multiple of their lowest Specified Denomination.

To exercise the right to require redemption of this Note the holder of this Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if

payment is required to be made by cheque, an address) to which payment is to be made under this Condition and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with Condition 1(d), in each case accompanied by this Note or evidence satisfactory to the Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary for them to the Principal Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and, if this Note is represented by a Global Note, at the same time present or procure the presentation of the relevant Global Note to the Principal Paying Agent for notation accordingly.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg given by a holder of any Note pursuant to this Condition 6(e) shall be irrevocable except where, prior to the due date of redemption, an Event of Default shall have occurred and is continuing, in which event such holder, at its option, may elect by notice to the relevant Issuer to withdraw the notice given pursuant to this Condition 6(e) and instead to declare such Note forthwith due and payable pursuant to Condition 9.

(f) **Early Redemption Amounts**

For the purpose of Condition 6(b) and Condition 6(c) above and Condition 9, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (i) in the case of a Note (other than a Zero Coupon Note), at the Early Redemption Amount specified in the applicable Final Terms;
- (ii) in the case of a Zero Coupon Note, at an amount (the "**Amortised Face Amount**") calculated in accordance with the following formula:

Early Redemption Amount = $RP \times (1 + AY)^y$ where:

"RP" means the Reference Price;

"AY" means the Accrual Yield expressed as a decimal; and

"y" is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360,

unless otherwise specified in the applicable Final Terms.

(g) **Purchases**

The relevant Obligors or any of their respective Subsidiaries may (subject, in the case of respective Subordinated Notes, to the prior approval of the Regulator where required), at any time purchase Notes (**provided that**, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of any relevant Obligor or, as the case may be their respective Subsidiaries or surrendered to any Agent for cancellation.

(h) **Cancellation**

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to

Condition 6(f) above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Principal Paying Agent and cannot be reissued or resold.

(i) **Late payment on Zero Coupon Notes**

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 6(a), 6(b), 6(c), 6(d) or 6(e) above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 6(f)(ii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Principal Paying Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13.

7. TAXATION

All payments of principal and interest in respect of the Notes, Receipts and Coupons by or on behalf of the relevant Issuer and all payments under the Guarantee by the Guarantor will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of the Tax Jurisdiction unless such withholding or deduction is required by law. In such event, each relevant Obligor will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (a) presented for payment by or on behalf of a holder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with the Tax Jurisdiction other than the mere holding of such Note, Receipt or Coupon; or
- (b) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 5(g)); or
- (c) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (d) presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

As used in these Conditions:

- (i) **“Tax Jurisdiction”** means: (i) in the case of Notes issued by ENBD, the UAE or any political subdivision or any authority thereof or therein having power to tax or (ii) in the case of Notes issued by EGF, the Cayman Islands and the UAE or any political subdivision or any authority thereof or therein having power to tax; and
- (ii) the **“Relevant Date”** means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13.

8. PRESCRIPTION

Claims for payment in respect of the Notes, Receipts and Coupons will become void unless made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 7) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 5(b) or any Talon which would be void pursuant to Condition 5(b).

9. EVENTS OF DEFAULT

(a) *Events of Default for Senior Notes*

This Condition 9(a) only applies to Senior Notes.

If any one or more of the following events (each an “**Event of Default**”) shall occur and be continuing:

- (i) if default is made in the payment of any principal or interest due in respect of the Notes or any of them and the default continues for a period of seven Business Days in the case of principal and 14 days in the case of interest; or
- (ii) if any relevant Obligor fails to perform or observe any of its other obligations under the Conditions or the Guarantee and (except in any case where the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days next following the service by a Noteholder on each relevant Obligor of notice requiring the same to be remedied; or
- (iii) any indebtedness of any relevant Obligor or any Material Subsidiary is not paid when due or within any applicable grace period or becomes due and payable prior to its specified maturity (and, in the case of a guarantee or indemnity, is called), **provided that** it shall not constitute an Event of Default unless the aggregate amount (or its equivalent in U.S. dollars) of all such indebtedness either alone or when aggregated with all other such indebtedness which shall remain unpaid or unsatisfied, as the case may be, shall be more than U.S.\$5,000,000; or
- (iv) any relevant Obligor or any Material Subsidiary takes any corporate action or other steps are taken or legal proceedings are started for its winding-up, nationalisation, dissolution, administration or re-organisation (whether by way of voluntary arrangement, scheme of arrangement or otherwise) or for the appointment of a liquidator, receiver, administrator, administrative receiver, conservator, custodian, trustee or similar officer of it or of any substantial part or all of its revenues and assets and such proceedings are not frivolous or vexatious or are not being actively contested in good faith by such relevant Obligor or, as the case may be, such Material Subsidiary save: (i) in the case of any relevant Obligor for the purposes of reorganisation on terms approved by an Extraordinary Resolution or (ii) in the case of a Material Subsidiary (A) for the purposes of a solvent consolidation, amalgamation or restructuring, pursuant to which some or all the assets of such Material Subsidiary are transferred to any one or more members of the Group or (B) for the purposes of reorganisation on terms previously approved by an Extraordinary Resolution **provided that** a *bona fide* disposal for full value on an arm’s length basis of the whole or a substantial part of the business of any relevant Obligor or a Material Subsidiary shall not be deemed in any event to be an Event of Default for the purposes of this sub-paragraph; or
- (v) if any relevant Obligor ceases to carry on the whole or a substantial part of its business, or any Material Subsidiary ceases to carry on 50 per cent. or more of the whole of its business save: (i) in the case of a relevant Obligor for the purposes of reorganisation on terms previously approved by an Extraordinary Resolution or (ii) in the case of a Material Subsidiary (A) for the purposes of a solvent consolidation, amalgamation or restructuring, pursuant to which some or all the assets of such Material Subsidiary are transferred to any one or more members of the Group or (B) for the purposes of reorganisation on terms previously approved by an Extraordinary Resolution **provided that** a *bona fide* disposal for full value on an arm’s length basis of (1), in the case of any relevant

Obligor, the whole or a substantial part of the business of that relevant Obligor or (2), in the case of a Material Subsidiary, 50 per cent. or more of the business of that Material Subsidiary shall not be deemed in any event to be an Event of Default for the purposes of this sub-paragraph; or

- (vi) any relevant Obligor or any Material Subsidiary is unable to pay its debts as they fall due, commences negotiations with its creditors as a whole or any one or more classes of its creditors with a view to the general readjustment or rescheduling of its indebtedness or makes a general assignment for the benefit of or a composition with its creditors; or
- (vii) any execution or distress is levied against, or an encumbrancer takes possession of, (A) the whole or any substantial part of the property, undertaking or assets of any relevant Obligor or (B) 50 per cent. or more of the whole of the property, undertaking or assets of any Material Subsidiary or any event occurs which under the laws of any jurisdiction has a similar or analogous effect, unless such enforcement proceedings are frivolous or vexatious or are being actively contested in good faith by the relevant Obligor or such Material Subsidiary, as the case may be; or
- (viii) any relevant Obligor or any Material Subsidiary fails to comply with or pay any sum which amount shall not be less than U.S.\$5,000,000 due from it under any final non-appealable judgment or any final non-appealable order made or given by any court of competent jurisdiction and such failure continues for period of 30 days next following the service by any Noteholder on such relevant Obligor of notice requiring the same to be paid/remedied; or
- (ix) by or under the authority of any government, (A) the management of any relevant Obligor or any Material Subsidiary is wholly or partially displaced or the authority of any relevant Obligor or any Material Subsidiary in the conduct of its business is wholly or partially curtailed or (B) all or a majority of the issued shares of any relevant Obligor or any Material Subsidiary or the whole or any part (the book value of which is 20 per cent. or more of the book value of the whole) of its revenues or assets is seized, nationalised, expropriated or compulsorily acquired; or
- (x) if at any time it is or becomes unlawful for any relevant Obligor to perform or comply with any or all of its obligations under or in respect of the Notes or any of the material obligations of any relevant Obligor thereunder are not or cease to be legal, valid, binding and enforceable; or
- (xi) if, in the case of Notes issued by EGF, the Guarantee ceases to be, or is claimed by any Issuer or the Guarantor not to be, in full force or effect; or
- (xii) if, in the case of Notes issued by EGF, EGF ceases to be wholly owned by ENBD; or
- (xiii) the UAE ceases to be a member in good standing or becomes ineligible to use the resources of the International Monetary Fund; or
- (xiv) the Government of Dubai at any time ceases to own directly or indirectly not less than 33 per cent. of the issued share capital of ENBD,

then any holder of a Note may, by written notice to the relevant Obligor at the specified office of the Principal Paying Agent, effective upon the date of receipt thereof by the Principal Paying Agent, declare any Note held by it to be forthwith due and payable whereupon the same shall become forthwith due and payable at its Early Redemption Amount, together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

(b) ***Events of Default for Subordinated Notes***

This Condition 9(b) only applies to Subordinated Notes.

- (i) If default is made in the payment of any principal or interest due under the Notes or any of them and the default continues for a period of seven days in the case of principal and 14 days in the case of interest, any Noteholder may, if the Issuer is ENBD, institute proceedings in the UAE or any Emirate therein (but not elsewhere) for the dissolution and liquidation of ENBD or, if the Issuer is EGF, the Cayman

Islands (but not elsewhere) for the dissolution and liquidation of EGF and in the UAE or any Emirate therein (but not elsewhere) for the dissolution and liquidation of the Guarantor.

- (ii) If any one or more of the following events shall occur and be continuing:
- (1) any relevant Obligor takes any corporate action or other steps are taken or legal proceedings are started for its winding-up, nationalisation, dissolution, administration or re-organisation (whether by way of voluntary arrangement, scheme of arrangement or otherwise) or for the appointment of a liquidator, receiver, administrator, administrative receiver, conservator, custodian, trustee or similar officer of it or of any substantial part or all of its revenues and assets and such proceedings are not frivolous or vexatious or are not being actively contested in good faith by such relevant Obligor save for the purposes of reorganisation on terms approved by an Extraordinary Resolution, **provided that** a *bona fide* disposal for full value on an arm's length basis of the whole or a substantial part of the business of such relevant Obligor shall not be deemed in any event to be an Event of Default for the purposes of this sub-paragraph; or
 - (2) any relevant Obligor ceases to carry on the whole or a substantial part of its business save for the purposes of reorganisation on terms previously approved by an Extraordinary Resolution, **provided that** a *bona fide* disposal for full value on an arm's length basis of the whole or a substantial part of the business of such relevant Obligor shall not be deemed in any event to be an Event of Default for the purposes of this sub-paragraph; or
 - (3) any execution or distress is levied against, or an encumbrancer takes possession of, the whole or any substantial part of the property, undertaking or assets of any relevant Obligor or any event occurs which under the laws of any jurisdiction has a similar or analogous effect, unless such enforcement proceedings are frivolous or vexatious or are being actively contested in good faith by such relevant Obligor; or
 - (4) any event occurs which under the laws of the UAE, any Emirate therein, the Cayman Islands or any other jurisdiction has an analogous effect to any of the events referred to in paragraphs (1) to (3) above; or
 - (5) if, in the case of Notes issued by EGF, the Guarantee ceases to be or is claimed by any Issuer or the Guarantor not to be in full force and effect,

then the holder of any Note may give written notice to the relevant Obligor at the specified office of the Principal Paying Agent, effective upon the date of receipt thereof by the Principal Paying Agent, that such Note is due and payable, whereupon the same shall, subject to Condition 2, become forthwith due and payable at its Early Redemption Amount, together with accrued interest (if any) to the date of repayment without presentation, demand, protest or other notice of any kind.

- (iii) To the extent permitted by applicable law and by these Conditions, a Noteholder may at its discretion institute such proceedings against any relevant Obligor as it may think fit to enforce any obligation, condition, undertaking or provision binding on that relevant Obligor under the Notes, the Receipts or the Coupons, but the institution of such proceedings shall not have the effect that relevant Obligor shall be obliged to pay any sum or sums sooner than would otherwise have been payable by it.
- (iv) No remedy against any relevant Obligor, other than the institution of the proceedings referred to in paragraph (i) or (iii) above and the proving or claiming in any dissolution and liquidation of any relevant Obligor, shall be available to the Noteholders, the Receiptholders or the Couponholders whether for the recovering of amounts owing in respect of the Notes, the Receipts or the Coupons or in respect of any breach by any relevant Obligor of any other obligation, condition or provision binding on it under the Notes, the Receipts or the Coupons.

(c) **Definitions**

For the purposes of these Conditions:

a “**holding company**” of a company or corporation shall be construed as a reference to any company or corporation of which the first-mentioned company or corporation is a Subsidiary;

“**indebtedness**” shall be construed so as to include any obligation (whether incurred as principal or as surety) for the payment or repayment of money, whether present or future, actual or contingent;

“**Material Subsidiary**” shall mean a Subsidiary from time to time of any relevant Obligor, the book value of the assets of which exceeds five per cent. of the book value of the assets of the Group taken as a whole or the revenues of which exceed five per cent. of the revenues of the Group taken as a whole and, for these purposes:

- (i) the book value of the assets and the revenues of such Subsidiary shall be determined by reference to its then most recent audited annual financial statements (or, if none, its then most recent management accounts); and
- (ii) the book value of the assets and the revenues of the Group shall be determined by reference to its then most recent audited annual consolidated financial statements,

in each case adjusted, as the Auditors may consider appropriate, to take account of any changes in circumstances since the date as of which such financial statements (or management accounts) were prepared. A report of the Auditors that in their opinion a Subsidiary of any relevant Obligor is or is not or was or was not at any particular time or throughout any specified period a Material Subsidiary shall, in the absence of manifest error, be conclusive and binding on all parties;

a “**Subsidiary**” of a company or corporation shall be construed as a reference to any company or corporation:

- (i) which is controlled, directly or indirectly, by the first-mentioned company or corporation; or
- (ii) more than half the issued share capital of which is beneficially owned, directly or indirectly, by the first-mentioned company or corporation; or
- (iii) which is a subsidiary of another subsidiary of the first-mentioned company or corporation,

and, for these purposes, a company or corporation shall be treated as being controlled by another if that other company or corporation is able to direct its affairs and/or to control the composition of its board of directors or equivalent body;

and the “winding-up”, “dissolution” or “administration” of a company or corporation shall be construed so as to include any equivalent or analogous proceedings under the law of the jurisdiction in which such company or corporation is incorporated or any jurisdiction in which such company or corporation carries on business including the seeking of liquidation, winding-up, reorganisation, dissolution, administration, arrangement, adjustment, protection or relief of debtors.

10. REPLACEMENT OF NOTES, RECEIPTS, COUPONS AND TALONS

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (in the case of Bearer Notes, Receipts or Coupons) or the Registrar (in the case of Registered Notes) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the relevant Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11. AGENTS

The names of the initial Agents and their initial specified offices are set out below.

The relevant Issuer and (as the case may be) the Guarantor is entitled to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, **provided that:**

- (a) there will at all times be an Principal Paying Agent and a Registrar; and
- (b) so long as the Notes are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent and a Transfer Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority; and
- (c) there will at all times be a Paying Agent in a Member State of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; and
- (d) there will at all times be a Paying Agent and a Transfer Agent with a specified office in western Europe.

In addition, the relevant Issuer and (as the case may be) the Guarantor shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 5(e). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 13.

In acting under the Agency Agreement, the Agents act solely as agents of the relevant Issuer and (as the case may be) any other relevant Obligor and do not assume any obligation to, or relationship of agency or trust with, any Noteholders, Receiptholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

12. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8.

13. NOTICES

All notices regarding the Bearer Notes shall be published (a) in a leading English language daily newspaper of general circulation in London, and (b) if and for so long as the Notes are listed on the Luxembourg Stock Exchange, either in a daily newspaper of general circulation in Luxembourg or on the website of the Luxembourg Stock Exchange, *www.bourse.lu*. It is expected that such publication will be made (i) in the Financial Times in London or any other daily newspaper in London and (ii) either in the Luxemburger Wort or the Tageblatt in Luxembourg or on the website of the Luxembourg Stock Exchange, *www.bourse.lu*. The relevant Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any other stock exchange (or other relevant authority) on which the Bearer Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in each such newspaper or where published in such newspapers on different dates, the last date of such first publication.

All notices regarding the Registered Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing. The relevant Issuer shall also ensure that, if and for so long as the Notes are listed on the Luxembourg Stock Exchange, such notice will be published either in a daily newspaper of general circulation in Luxembourg or on the website of the Luxembourg Stock Exchange, *www.bourse.lu*.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules. Any such notice shall be deemed to have been given to the holders of the Notes on the seventh day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Paying Agent or the Registrar, as the case may be, and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

14. MEETINGS OF NOTEHOLDERS AND MODIFICATION

The Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or any of the provisions of the Agency Agreement. Such a meeting may be convened by the relevant Issuer and shall be convened by the relevant Issuer if required in writing by Noteholders holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, the Receipts or the Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, the Receipts or the Coupons), the quorum shall be one or more persons holding or representing not less than two-thirds in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one-third in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders.

The Principal Paying Agent and the relevant Issuer may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (a) any modification (except as mentioned above) of the Notes, the Receipts, the Coupons or the Agency Agreement which is not prejudicial to the interests of the Noteholders; or
- (b) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the law.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 13 as soon as practicable thereafter.

15. FURTHER ISSUES

The relevant Issuer shall be at liberty from time to time without the consent of the Noteholders, the Receiptholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the

amount and date of the first payment of interest thereon and the date from which the interest starts to accrue so that the same shall be consolidated and form a single Series with the outstanding Notes.

16. **CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999**

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

17. **SUBSTITUTION**

ENBD (in its capacity as Issuer and as Guarantor in the case of Notes issued by EGF), or any previously substituted company, may, subject, to the extent so required, to the approval of the Regulator, at any time, without the consent of the Noteholders, Receiptholders or the Couponholders, substitute for itself as principal debtor or Guarantor, as the case may be, under the Notes, the Receipts and the Coupons any member of the Group (the "**Substitute**") **provided that** no Event of Default is subsisting at the relevant time. The substitution shall be made by a substitution deed (the "**Substitution Deed**"), to be executed by ENBD and the Substitute and shall be effective on and from the time or event specified in the Substitution Deed (the "**Time of Substitution**"), and may take place only if:

- (a) where the Substitute is incorporated, domiciled or resident for taxation purposes in a territory other than the UAE or any political subdivision or any authority thereof or therein having power to tax, the Substitution Deed contains a covenant by the Substitute and/or such other provisions as may be necessary to ensure that each Noteholder has the benefit of a covenant by the Substitute in terms corresponding to the provisions of Condition 7 with the substitution for the reference to "the UAE" in the definition of "**Tax Jurisdiction**" of a reference to the territory in which the Substitute is incorporated, domiciled and/or resident for taxation purposes. The Substitute shall also, by means of the Substitution Deed, agree to indemnify each Noteholder, Receiptholder and Couponholder against any tax, duty, assessment or governmental charge which is imposed on it by (or by any authority in or of) the jurisdiction of the country of the Substitute's residence for tax purposes and/or, if different, of its incorporation with respect to any Note, Receipt or Coupon and which would not have been so imposed had the substitution not been made, as well as against any tax, duty, assessment or governmental charge, and any cost or expense, relating to the substitution;
- (b) the substitution does not result in a downgrade in any then current credit rating of the Notes, the Receipts or the Coupons, or if the Notes, Receipts or Coupons are not rated at such time, would not result in a downgrade if they were rated and in either case this has been confirmed in writing either by each rating agency which has assigned such a credit rating or (if the Notes, Receipts or Coupons are unrated) by an internationally recognised rating agency;
- (c) all action, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Substitution Deed, the Notes, the Receipts and the Coupons represent valid, legally binding and enforceable obligations of the Substitute and, in the case of the Substitution Deed, of ENBD have been taken, fulfilled and done and are in full force and effect;
- (d) the Substitute shall have become party to the Agency Agreement, with any appropriate consequential amendments, as if it had been an original party to it;
- (e) each stock exchange or listing authority which has the Notes listed on such stock exchange shall have confirmed that following the proposed substitution of ENBD the Notes would continue to be listed on such stock exchange;
- (f) legal opinions addressed to the Principal Paying Agent (for the benefit of the Noteholders) shall have been delivered to the Principal Paying Agent from a lawyer or firm of lawyers with a leading securities practice (i) in each jurisdiction referred to in (a) above as to the fulfilment of condition (c) of this Condition and (ii) in England confirming that the Substitution Deed constitutes legal, valid and binding obligations of ENBD and the Substitute; and

- (g) ENBD shall have given at least 30 days' prior notice of such substitution to the Noteholders, stating that copies, or, pending execution, the agreed text, of all relevant documents in relation to the substitution which are referred to above will be available for inspection at the specified office of each of the Paying Agents.

Immediately on and from the Time of Substitution any reference in the Conditions to (as the case may be) the "**Issuer**", the "**relevant Issuer**" or the "**Guarantor**" shall be construed as a reference to the Substitute.

18. GOVERNING LAW AND SUBMISSION TO JURISDICTION

(a) **Governing law**

The Agency Agreement, the Deed of Covenant, the Guarantee, the Notes, the Receipts and the Coupons and any non-contractual obligations arising out of or in connection with the Agency Agreement, the Deed of Covenant, the Guarantee, the Notes, the Receipts and the Coupons are governed by, and shall be construed in accordance with, English law.

(b) **Arbitration**

Subject to Condition 18(c), any dispute, claim, difference or controversy arising out of, relating to or having any connection with the Notes, the Receipts and/or the Coupons (including any dispute, claim, difference or controversy relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts and/or the Coupons; and any dispute, claim, difference or controversy regarding their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity) (a "**Dispute**") shall be referred to and finally resolved by arbitration under the LCIA Arbitration Rules (the "**Rules**"), which Rules (as amended from time to time) are incorporated by reference into this Condition 18(b). For these purposes:

- (i) the seat, or legal place, of arbitration will be Paris;
- (ii) the governing law of the arbitration agreement shall be English law;
- (iii) there shall be three arbitrators, each of whom shall be disinterested in the arbitration, shall have no connection with any party thereto and shall be an attorney experienced in international securities transactions; and
- (iv) the language of the arbitration shall be English.

(c) **Court of law**

Notwithstanding Condition 18(b) above, any Noteholder, Receiptholder or Couponholder may, in the alternative, and at its sole discretion, by notice in writing to the Issuer:

- (i) within 28 days of service of a Request for Arbitration (as defined in the "**Rules**"); or
- (ii) in the event no arbitration is commenced,

require that a Dispute be heard by a court of law. If any Noteholder, Receiptholder or Couponholder gives such notice, the Dispute to which such notice refers shall be determined in accordance with Condition 18(d) and, subject as provided below, any arbitration commenced under Condition 18(b) in respect of that Dispute will be terminated. Each person who gives such notice and the recipient of that notice will bear its own costs in relation to the terminated arbitration.

If any notice to terminate the arbitration in accordance with this Condition 18(c) is given after service of any Request for Arbitration in respect of any Dispute, the Noteholder, Receiptholder or Couponholder, as the case may be, must also promptly give notice to the LCIA Court and to any Tribunal (each as defined in the "**Rules**") already appointed in relation to the Dispute that such Dispute will be settled by the courts. Upon receipt of such notice by the LCIA Court, the arbitration and any appointment of any arbitrator in relation to such Dispute will immediately terminate. Any such arbitrator will be deemed to be *functus officio*. The termination is without prejudice to:

- (a) the validity of any act done or order made by that arbitrator or by the court in support of that arbitration before his appointment is terminated;
- (b) his entitlement to be paid his proper fees and disbursements; and

(c) the date when any claim or defence was raised for the purpose of applying any limitation bar or any similar rule or provision.

(d) **Submission to jurisdiction**

In the event that a notice pursuant to Condition 18(c) is issued, the following provisions shall apply:

(i) subject to paragraph (iii) below, the courts of England shall have exclusive jurisdiction to settle any Dispute and the Issuer submits to the exclusive jurisdiction of such courts;

(ii) the Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary; and

(iii) this Condition 18(d) is for the benefit of the Noteholders, the Receiptholders and the Couponholders only. As a result, and notwithstanding paragraph (i) above, any Noteholder, Receiptholder or Couponholder may start proceedings relating to a Dispute ("**Proceedings**") in any other court with jurisdiction. To the extent allowed by law, any Noteholder, Receiptholder or Couponholder may start concurrent Proceedings in any number of jurisdictions.

(e) **Appointment of Process Agent**

Each of ENBD and EGF appoints Emirates NBD PJSC (London Branch) (attention of: Country Head UK & Jersey) at its registered office at 3rd Floor, 2 Basil Street, Knightsbridge, London, SVV3 1AA as its agent for service of process, and undertakes that, in the event of Emirates NBD PJSC (London Branch) ceasing so to act or ceasing to be registered in England, it will immediately (and in any event within 30 days of the event taking place) appoint another person as its agent for service of process in England in respect of any Proceedings or Disputes. Failure by a process agent to notify the person that appointed it of any process will not invalidate the relevant proceedings. Nothing herein shall affect the right to serve process in any other manner permitted by law.

(f) **Waiver of immunity**

The Issuers and the Guarantor hereby irrevocably and unconditionally waives with respect to the Notes, the Receipts and the Coupons any right to claim sovereign or other immunity from jurisdiction or execution and any similar defence and irrevocably and unconditionally consents to the giving of any relief or the issue of any process, including without limitation, the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment made or given in connection with any Proceedings or Disputes.

(g) **Other documents**

The Issuers and, where applicable the Guarantor, has in the Agency Agreement, the Deed of Covenant and the Guarantee submitted to the jurisdiction of the English courts and to arbitration and appointed an agent for service of process in terms substantially similar to those set out above.

THE GUARANTEE

U.S.\$7,500,000,000 Euro Medium Term Note Programme

Deed Poll Guarantee of Emirates NBD PJSC

THIS GUARANTEE (the "**Guarantee**") is made by way of deed on 17 April 2014

BY

EMIRATES NBD PJSC (the "**Guarantor**").

WHEREAS:

- (A) Emirates NBD PJSC (in its capacity as an issuer) and Emirates NBD Global Funding Limited (together, the "**Issuers**") have established a U.S.\$7,500,000,000 Euro Medium Term Note Programme (the "**Programme**") and, in this connection have entered into an amended and restated agency agreement (the "**Agency Agreement**", which expression includes the same as it may be amended, supplemented, novated or restated from time to time) dated 17 April 2014 between, *inter alios*, the Issuers, the Guarantor and Deutsche Bank AG, London Branch (the "**Principal Paying Agent**").
- (B) Under the Programme, Emirates NBD PJSC and Emirates NBD Global Funding Limited may from time to time issue Notes (the "**Notes**").
- (C) The Guarantor wishes to guarantee the obligations of Emirates NBD Global Funding Limited ("**EGF**") in respect of Notes issued by EGF under the Programme.
- (D) Terms defined in the Conditions of the Notes (the "**Conditions**") and in the Agency Agreement and not otherwise defined in this Guarantee shall have the same meaning when used in this Guarantee.

NOW THIS DEED WITNESSES as follows:

1. The Guarantor as primary obligor unconditionally and irrevocably:
 - (a) guarantees to the holder from time to time of each Note, Coupon or Receipt by way of continuing guarantee the due and punctual payment of all amounts payable by EGF on or in respect of the Note, Coupon or Receipt (including any premium or any other amounts of whatever nature or additional amounts which may become payable under Condition 7 (*Taxation*)) as and when the same shall become due according to the Conditions; and
 - (b) agrees that, in the case of Clause 1(a) above, if and each time that EGF shall fail to make any payments as and when the same become due, the Guarantor will on demand (without requiring the relevant Noteholder, Couponholder, Receiptholder or Relevant Account Holder first to take steps against EGF or any other person) pay to the relevant Noteholder, Couponholder, Receiptholder or Relevant Account Holder the amounts (as to which the certificate of the relevant Noteholder, Couponholder, Receiptholder or Relevant Account Holder shall in the absence of manifest error be conclusive) in the currency in which the amounts are payable by EGF.
2. The Guarantor covenants in favour of each Noteholder that it will duly perform and comply with the obligations expressed to be undertaken by it in Condition 7 (*Taxation*).
3. The obligations of the Guarantor under this Guarantee shall not be affected by any matter or thing which but for this provision might operate to affect the obligations including, without limitation:
 - (a) any time or indulgence granted to, or composition with, EGF or any other person;
 - (b) the taking, variation, renewal or release of remedies or securities against EGF or any other person; or
 - (c) any unenforceability, invalidity or irregularity.
4. Where any discharge (whether in respect of the obligations of EGF or any security for the obligations of EGF or otherwise) is made in whole or in part or any arrangement is made on the faith of any payment, security or other disposition which is avoided or must be repaid on bankruptcy, liquidation or otherwise without limitation, the liability of the Guarantor under this Guarantee shall continue as if there had been no discharge or arrangement. The holder of

any Note, Coupon or Receipt, acting in good faith, shall be entitled to concede or compromise any claim that any payment, security or other disposition is liable to avoidance or repayment.

5. Save as may otherwise be permitted under the Conditions, so long as any of the Senior Notes remains outstanding (as defined in the Agency Agreement), the Guarantor will ensure that no indebtedness of the Guarantor or any of its Relevant Subsidiaries will be subject to any Encumbrance, other than a Permitted Encumbrance, upon, or with respect to, any of the present or future business, undertaking, assets or revenues (including any uncalled capital) of the Guarantor or any of its Relevant Subsidiaries unless the Guarantor shall, in the case of the creation of the Encumbrance, before or at the same time and, in any other case, promptly, take any and all action necessary to ensure that:
- (a) all amounts payable by it under the Notes and the Coupons are secured by the Encumbrance equally and rateably with the indebtedness; or
 - (b) such other Encumbrance or other arrangement (whether or not it includes the giving of a Encumbrance) is provided as shall be approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders.

As used herein:

“Auditors” means a firm of independent auditors of good repute appointed by the Guarantor.

“Encumbrance” means: (i) a mortgage, charge, pledge, lien or other encumbrance securing any obligation of any person; (ii) any arrangement under which money or claims to, or the benefit of, a bank or other account may be applied, set off or made subject to a combination of accounts so as to effect discharge of any sum owed or payable to any person; or (iii) any other type of preferential arrangement (including any title transfer and retention arrangement) having a similar effect.

“Group” means the Guarantor, its holding company (if any) and the Subsidiaries of the Guarantor or any such holding company for the time being.

“Permitted Encumbrance” means:

- (a) any Encumbrance arising in the ordinary course of banking transactions including, without limitation, sale and repurchase transactions and share, loan and bond lending transactions, **provided that** any such Encumbrance is limited to the assets which are the subject of the relevant transaction;
- (b) any Encumbrance in respect of any indebtedness, **provided that** the aggregate outstanding amount secured thereby shall not at any time exceed an amount equal to 25 per cent. of the aggregate of the share capital and reserves of the Guarantor and its Relevant Subsidiaries, as provided in its most recent audited accounts;
- (c) any Encumbrance created or outstanding with the prior approval by an Extraordinary Resolution of the Noteholders; or
- (d) any lien arising by operation of law and in the normal course of business, if such lien is discharged within 30 days of arising.

“Relevant Subsidiary” shall mean a company or corporation:

- (a) 75 per cent. or more of the issued capital of which is beneficially owned, directly or indirectly, by the Guarantor; and
- (b) the book value of the assets of which exceeds five per cent. of the book value of the assets of the Group taken as a whole or the revenues of which exceed five per cent. of the revenues of the Group taken as a whole and, for these purposes:
 - (i) the book value of the assets and the revenues of such company or corporation shall be determined by reference to its then most recent audited annual financial statements (or, if none, its then most recent management accounts); and
 - (ii) the book value of the assets and the revenues of the Group shall be determined by reference to its then most recent audited annual consolidated financial statements,

in each case adjusted, as the Auditors may consider appropriate, to take account of any changes in circumstances since the date as of which such financial statements (or management accounts) were prepared.

A report of the Auditors that in their opinion a company or corporation is or is not or was or was not at any particular time or throughout any specified period a Relevant Subsidiary shall, in the absence of manifest error, be conclusive and binding on all parties.

6. **Status:**

(i) ***In respect of Senior Notes***

In respect of Senior Notes and any relative Receipts and Coupons issued by EGF, the obligations of the Guarantor under this Guarantee are direct, unconditional, unsubordinated and (subject to the provisions of Clause 5) unsecured obligations of the Guarantor and rank and will rank *pari passu* among themselves and at least *pari passu* with the claims of the Guarantor's other unsecured and unsubordinated creditors save those whose claims are preferred solely by bankruptcy, insolvency, liquidation or other similar laws of general application.

(ii) ***In respect of Subordinated Notes***

In respect of Subordinated Notes and any relative Receipts and Coupons issued by EGF, the obligations of the Guarantor under this Guarantee are direct, conditional as described below and unsecured obligations of the Guarantor, and rank and will rank *pari passu* among themselves.

The payment obligations of the Guarantor in respect of the Subordinated Notes issued by EGF (whether on account of principal, interest or otherwise) will be subordinated to all unsubordinated payment obligations of the Guarantor in the manner described below but will rank *pari passu* with all other subordinated payment obligations of the Guarantor which do not rank or are not expressed by their terms to rank junior to the payment obligations under the guarantee of Subordinated Notes issued by EGF and in priority to all claims of shareholders of the Guarantor. The rights of the holders of Subordinated Notes issued by EGF against the Guarantor under the guarantee of Subordinated Notes issued by EGF are subordinated in right of payment to the claims of all Senior Creditors of the Guarantor and accordingly payments in respect of the guarantee of Subordinated Notes issued by EGF (whether on account of principal, interest or otherwise) by the Guarantor are conditional upon the Guarantor being solvent at the time of such payment and no payment shall be payable by the Guarantor in respect of the guarantee of Subordinated Notes issued by EGF except to the extent that the Guarantor could make such payment and any other payment required to be made to a creditor in respect of indebtedness which ranks or is expressed to rank *pari passu* with the payment obligations of the Guarantor under the guarantee of Subordinated Notes issued by EGF and still be solvent immediately thereafter. For this purpose the Guarantor shall be solvent if: (i) it is able to pay its debts as they fall due; and (ii) its Assets exceed its Liabilities, and the following expressions shall have the following meanings:

“Assets” means the unconsolidated gross assets of the Guarantor as shown in the latest published audited balance sheet of the Guarantor, but adjusted for subsequent events in such manner as the directors of the Guarantor, the auditors of the Guarantor or (if a bankruptcy trustee (or any equivalent insolvency practitioner) has been appointed in respect of the Guarantor) a bankruptcy trustee (or such equivalent insolvency practitioner) may determine;

“Liabilities” means the unconsolidated gross liabilities of the Guarantor as shown in the latest published audited balance sheet of the Guarantor, but adjusted for contingent liabilities and for subsequent events in such manner as the directors of the Guarantor, the auditors of the Guarantor or (if a bankruptcy trustee (or any equivalent insolvency practitioner) has been appointed in respect of the Guarantor) a bankruptcy trustee (or such equivalent insolvency practitioner) may determine; and

“Senior Creditors” shall mean creditors of the Guarantor (including depositors) other than creditors in respect of indebtedness where, by the terms of such indebtedness, the claims of the holders of that indebtedness rank or are expressed to rank *pari passu* with, or junior to, the claims of the holders of Subordinated Notes issued by EGF under the Guarantee.

Each holder of a Subordinated Note unconditionally and irrevocably waives any right of set-off, counterclaim, abatement or other similar remedy which it might otherwise have, under the laws of any jurisdiction, in respect of the guarantee of such Subordinated Note. No collateral is or will be given for the payment obligations under the guarantee of the Subordinated Notes issued by EGF and any collateral that may have been or may in the future be given in connection with other indebtedness of the Guarantor shall not secure the payment obligations of the Guarantor under the guarantee of Subordinated Notes issued by EGF.

7. The Guarantor represents and warrants that, as at the date of the first issue of Notes by EGF, all necessary governmental and regulatory consents and authorisations for the giving and implementation of this Guarantee will have been obtained.
8. Until all amounts which may be or become payable under the Notes and the Coupons have been irrevocably paid in full, the Guarantor shall not by virtue of this Guarantee be subrogated to any rights of any holder of any Note or Coupon or claim in competition with the holders against EGF.
9. This Guarantee shall enure for the benefit of the Noteholders, Couponholders, Receiptholders and Relevant Account Holders in accordance with its terms and shall be deposited with and held by the Principal Paying Agent.
10. The Guarantor, or any previously substituted company, may, subject, to the extent so required, to the approval of the Regulator, at any time, without the consent of the Noteholders, Receiptholders or the Couponholders, substitute for itself as guarantor under the Notes, the Receipts and the Coupons any member of the Group (the **“Substitute”**), **provided that** no Event of Default is subsisting at the relevant time. The substitution shall be made by a substitution deed (the **“Substitution Deed”**), to be executed by Guarantor and the Substitute and shall be effective on and from the time or event specified in the Substitution Deed (the **“Time of Substitution”**), and may take place only if:
 - (a) where the Substitute is incorporated, domiciled or resident for taxation purposes in a territory other than the United Arab Emirates or any political subdivision or any authority thereof or therein having power to tax, the Substitution Deed contains a covenant by the Substitute and/or such other provisions as may be necessary to ensure that each Noteholder has the benefit of a covenant by the Substitute in terms corresponding to the provisions of Condition 7 (*Taxation*) with the substitution of the reference to “the United Arab Emirates” in the definition of **“Tax Jurisdiction”** for a reference to the territory in which the Substitute is incorporated, domiciled and/or resident for taxation purposes. The Substitute shall also, by means of the Substitution Deed, agree to indemnify each Noteholder, Receiptholder and Couponholder against any tax, duty, assessment or governmental charge which is imposed on it by (or by any authority in or of) the jurisdiction of the country of the Substitute’s residence for tax purposes and/or, if different, of its incorporation with respect to any Note, Receipt or Coupon and which would not have been so imposed had the substitution not been made, as well as against any tax, duty, assessment or governmental charge, and any cost or expense, relating to the substitution;
 - (b) the substitution does not result in a downgrade in any then current credit rating of the Notes, the Receipts or the Coupons, or if the Notes, Receipts or Coupons are not rated at such time, would not result in a downgrade if they were rated and in either case this has been confirmed in writing either by each rating agency which has assigned such a credit rating or (if the Notes, Receipts or Coupons are unrated) by an internationally recognised rating agency;

- (c) all action, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Substitution Deed, the Notes, the Receipts and the Coupons represent valid, legally binding and enforceable obligations of the Substitute and, in the case of the Substitution Deed, of the Guarantor have been taken, fulfilled and done and are in full force and effect;
- (d) the Substitute shall have become party to the Agency Agreement, with any appropriate consequential amendments, as if it had been an original party to it;
- (e) each stock exchange or listing authority which has the Notes listed on such stock exchange shall have confirmed that following the proposed substitution of the Guarantor the Notes would continue to be listed on such stock exchange;
- (f) legal opinions addressed to the Principal Paying Agent (for the benefit of the Noteholders) shall have been delivered to the Principal Paying Agent from a lawyer or firm of lawyers with a leading securities practice: (i) in each jurisdiction referred to in Clause 10(a) above as to the fulfillment of condition (c) of this Clause 10; and (ii) in England confirming that the Substitution Deed constitutes legal, valid and binding obligations of the Guarantor and the Substitute; and
- (g) the Guarantor shall have given at least 30 days' prior notice of such substitution to the Noteholders, stating that copies, or, pending execution, the agreed text, of all relevant documents in relation to the substitution which are referred to above will be available for inspection at the specified office of each of the Paying Agents.

Immediately on and from the Time of Substitution any reference in the Conditions to the "**Guarantor**" shall be construed as a reference to the Substitute.

- 11. The Guarantor agrees that, without limiting Clauses 12 to 17, to the extent that the provisions of the United Arab Emirates Civil Code may apply in respect of this Guarantee, then to the maximum extent permitted by law the provisions of Article 1092 of the United Arab Emirates Civil Code shall not apply to this Guarantee.
- 12. This Guarantee and any non-contractual obligations arising out of or in connection with this Guarantee are governed by, and shall be construed in accordance with, the laws of England.
- 13. Subject to Clause 14, any dispute, claim, difference or controversy arising out of, relating to or having any connection with this Guarantee (including any dispute, claim, difference or controversy relating to any non-contractual obligations arising out of or in connection with this Guarantee; and any dispute, claim, difference or controversy regarding the existence, validity, interpretation, performance, breach or termination of this Guarantee or the consequences of its nullity) (a "**Dispute**") shall be referred to and finally resolved by arbitration in accordance with the Arbitration Rules of the London Court of International Arbitration ("**LCIA**") (the "**Rules**"), which Rules (as amended from time to time) are incorporated by reference into this Clause 13. For these purposes:
 - (a) the seat, or legal place, of arbitration will be Paris;
 - (b) the governing law of the arbitration agreement shall be English law;
 - (c) there shall be three arbitrators, each of whom shall be disinterested in the arbitration, shall have no connection with any party thereto and shall be an attorney experienced in international securities transactions; and
 - (d) the language of the arbitration shall be English.
- 14. (A) Notwithstanding Clause 13 above, any Noteholder, Couponholder, Receiptholder or Relevant Account Holder may, in the alternative, and at its sole discretion, by notice in writing to the Guarantor:
 - (a) within 28 days of service of a Request for Arbitration (as defined in the Rules); or
 - (b) in the event no arbitration is commenced,
 require that a Dispute be heard by a court of law. If any Noteholder, Couponholder, Receiptholder or Relevant Account Holder gives such notice, the Dispute to which such notice refers shall be determined in accordance with Clause 15 and, subject as provided below, any arbitration commenced under Clause 13 in respect of that Dispute will be terminated. Each of the parties to the terminated arbitration will bear its own costs in relation to this terminated arbitration.

- (B) If any notice to terminate the arbitration in accordance with Clause 14(A) is given after service of any Request for Arbitration in respect of any Dispute, the party must also promptly give notice to the LCIA Court and to any Tribunal (each as defined in the Rules) already appointed in relation to the Dispute that such Dispute will be settled by the courts. Upon receipt of such notice by the LCIA Court, the arbitration and any appointment of any arbitrator in relation to such Dispute will immediately terminate. Any such arbitrator will be deemed to be *functus officio*. The termination is without prejudice to:
- (a) the validity of any act done or order made by that arbitrator or by the court in support of that arbitration before his appointment is terminated;
 - (b) his entitlement to be paid his proper fees and disbursements; and
 - (c) the date when any claim or defence was raised for the purpose of applying any limitation bar or any similar rule or provision.
15. In the event that a notice pursuant to Clause 14 is issued, the following provisions shall apply:
- (a) subject to paragraph (c) below, the courts of England shall have exclusive jurisdiction to settle any Dispute and the Guarantor submits to the exclusive jurisdiction of such courts;
 - (b) the Guarantor agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary; and
 - (c) this Clause 15 is for the benefit of the Noteholders, Couponholders, Receiptholders and Relevant Account Holders only. As a result, and notwithstanding paragraph (a) above, any Noteholder, Couponholder, Receiptholder or Relevant Account Holder may start proceedings relating to a Dispute ("**Proceedings**") in any other court with jurisdiction. To the extent allowed by law, any Noteholder, Couponholder, Receiptholder or Relevant Account Holder may start concurrent Proceedings in any number of jurisdictions.
16. The Guarantor appoints Emirates NBD PJSC (London Branch) at its registered office at 3rd Floor, 2 Basil Street, Knightsbridge, London SW3 1AA (attention of: Country Head UK and Jersey) as its agent for service of process, and undertakes that, in the event of Emirates NBD PJSC (London Branch) ceasing so to act or ceasing to be registered in England, it will immediately (and in any event within 30 days of the event taking place) appoint another person as its agent for service of process in England in respect of any Proceedings or Dispute. Failure by a process agent to notify the person that appointed it of any process will not invalidate the relevant proceedings. Nothing in this Clause 16 shall affect the right to serve process in any other manner permitted by law.
17. The Guarantor hereby irrevocably and unconditionally waives with respect to this Guarantee any right to claim sovereign or other immunity from jurisdiction or execution and any similar defence and irrevocably and unconditionally consents to the giving of any relief or the issue of any process, including without limitation, the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment made or given in connection with any Proceedings or Disputes.

IN WITNESS WHEREOF this Guarantee has been entered into as a deed by the Guarantor on the date which appears first on page 1.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be applied by the relevant Issuer for its general corporate purposes, which include making a profit.

DESCRIPTION OF EMIRATES NBD PJSC

Overview

ENBD was registered as a Public Joint Stock Company on 16 July 2007 under registration number 1013450. ENBD is a publicly listed company whose shares are listed on the Dubai Financial Market (the “**DFM**”). As at 31 December 2013, ENBD had 5,557,774,724 shares outstanding held by 1,672 shareholders of record, with a total issued and paid-up capital (equal to that authorised) of AED 5,557,774,724. No shareholder, other than ICD, which is wholly owned by the Government and holds 55.6 per cent. of shares of ENBD, held more than 10 per cent. of the shares of ENBD as at 31 December 2013.

ENBD is the largest banking entity in the UAE across a range of metrics, including by shareholders equity and by assets as at 31 December 2013. ENBD is also one of the largest banking entities in the GCC by assets, with total assets of AED 342.1 billion as at 31 December 2013. Originally incorporated to serve as the holding company of EBI and NBD during the initial stages of their merger, on 21 November 2009, EBI and NBD were legally amalgamated with ENBD. As a result of the amalgamation, all of the assets and liabilities of EBI and NBD (including EBI’s obligations under the Programme) were transferred to ENBD and EBI and NBD were dissolved.

ENBD (including through the operation of its operating subsidiaries) is one of the leading full service banks in the UAE and has branches or representative offices in the Kingdom of Saudi Arabia, Qatar, Iran, India, Singapore, Indonesia, Egypt, China and the United Kingdom. In 2013, ENBD was awarded “*Best Foreign Exchange Provider 2013*” by Global Finance, “*Best Bank in the UAE*” by Euromoney, “*Best Retail Bank in the UAE*” by Asian Banker and was highly commended as the “*Best Private Bank*” both in the Middle East and the UAE by Power Wealth Management and The Banker.

ENBD has a significant presence in the UAE retail, corporate and commercial banking market. In addition, through its subsidiaries (including Emirates Islamic) and associates, ENBD offers Islamic banking services, as well as investment banking, property management, asset management, insurance services, credit card facilities and other banking-related services.

As at 31 December 2013, ENBD had total assets of AED 342.1 billion and shareholders’ funds worth AED 41.7 billion while as at 31 December 2012, ENBD had total assets and shareholders’ funds of AED 308.3 billion and AED 36.5 billion, respectively. For the purposes of reporting its risk-weighted assets in accordance with Basel II, ENBD had, as at 31 December 2013, Tier 1 capital of AED 34.7 billion and lower Tier 2 capital of AED 9.9 billion. ENBD’s net profit for the years ended 31 December 2013 and 31 December 2012 was AED 3.3 billion and AED 2.6 billion, respectively.

General

As at the date of this Base Prospectus, ENBD has a long term rating of A+ and a short term rating of F1 from Fitch; and a long term rating of Baa1 and a short term rating of P-2 by Moody’s.

ENBD operates in the UAE under a banking licence issued by the UAE Central Bank. The registered address of ENBD is Baniyas Road, Deira, P.O. Box 777, Dubai, UAE and the telephone number of the registered office is +971 4 225 6256.

Ownership Structure

ICD was established in May 2006, through the partial transfer of the Government’s investment portfolio from the Department of Finance, pursuant to a decree issued by H.H. Sheikh Mohammed bin Rashid Al Maktoum, the Vice President and Prime Minister of the UAE (the “**Ruler of Dubai**”). It is the only entity mandated to directly own and manage the Government of Dubai’s corporate assets.

The aim of ICD is to assist in establishing the vision for Dubai through devising and implementing the Government’s investment strategy and managing investments deemed to be of strategic importance to Dubai’s long-term development goals.

The investments, diversified across multiple sectors, are considered to be a platform for the future growth of Dubai and include Dubai’s most recognised companies including but not limited to, in addition to ENBD, Borse Dubai Limited, Dubai Islamic Bank PJSC, Commercial Bank of Dubai PJSC, Union National Bank PJSC, HSBC Middle East Finance Company Limited, The Emirates Group (including dnata), Dubai Aerospace Enterprise (DAE) Limited, Dubai Aluminium, Dubai Cable

Company (Private) Ltd, Emirates National Oil Company Limited (ENOC) LLC and Emaar Properties PJSC.

ICD works closely with its portfolio companies to identify value enhancing acquisition opportunities as well as providing them with strategic support to aid their growth.

The board of directors of ICD is chaired by the Ruler of Dubai and is composed of five directors, who include the Chairman of ENBD.

Strategy

ENBD continues to operate with the strategic vision of being 'globally recognised as the most valued financial services provider based in the Middle East' and in accordance with its mission statement of 'making its customers' lives simpler by providing solutions that help them fulfill their financial aspirations'. In order to achieve its strategic vision and fulfil its mission statement, ENBD's business strategy is focused on five core building blocks:

1. deliver an excellent customer experience;
2. build a high performing organisation;
3. drive core business;
4. run an efficient organisation; and
5. drive geographic expansion.

Deliver an excellent customer experience

ENBD is focused on consistently delivering a customer service experience that is best in class. With respect to ENBD's retail operations, the Bank continues to enhance its distribution channels and has made significant investments in mobile banking applications across multiple platforms (such as the development of the UAE's first 'Interactive Teller Machine' and an iPad advisory and sales application for Relationship Managers) in order to enhance the digital capabilities of the Bank. Demonstrating its commitment to continuously improving its customer service, in 2013, a Group wide service charter was established, with a view to emphasising excellence in customer service in the organisational culture of ENBD, and key customer facing processes were redesigned. These initiatives have resulted in an approximately 50 per cent. reduction in turnaround time, a more than 30 per cent. reduction in customer complaints and group net promoter scores (which are a measure of customer loyalty) remaining above industry benchmarks. ENBD was also recognised at the Middle East Call Centre Awards 2013 for having the best call centre sales programme in 2012 and at the 18th Middle East e-Government and e-Services Excellence Awards for having the best mobile banking application.

Build a high performing organisation

ENBD is focused on building a high performing organisation. In order to achieve its strategic vision, ENBD is committed to attracting and developing a talented workforce. Following an organisation wide employee engagement survey in 2012, ENBD designed a number of employee initiatives that the Bank expects will improve overall levels of employee engagement. In 2013, ENBD made significant progress in improving overall employee engagement scores across the Bank. Staff engagement scores are currently at par with those of regional banks, and ENBD's goal is to sustain and increase staff engagement levels to be on par with international banks. In addition to these initiatives, ENBD continues to maintain an active employee development programme that consists of specialised staff training, as well as leadership development courses that are run in conjunction with an international business school.

Drive core business

ENBD is committed to achieving growth in its core business by pursuing certain domestic opportunities. In order to realise this strategic aim, ENBD is developing its Private Banking and SME segments in Abu Dhabi, which management presently believes to be a growth area. ENBD has also adopted a transformation strategy for the Wholesale Banking segment (involving the introduction of key account planning, growing the investment bank and enhancing turnaround times for key customer processes), which is currently in the implementation phase and which management expects will result in greater penetration of the Middle East market. Following the acquisition by ENBD of Dubai Bank PJSC ("**Dubai Bank**") and the integration of Dubai Bank with Emirates Islamic Bank PJSC ("**Emirates Islamic**") in 2012 to create the third largest Islamic Bank

in the UAE, ENBD remains in a strong position to take advantage of new and developing opportunities in the Islamic banking market in the GCC.

Run an efficient organisation

ENBD is dedicated to running an efficient organisation and has invested, and continues to invest, in its systems, processes and platforms to ensure that efficiencies are continuously improved throughout its operations. Central to this efficiency initiative is the centralisation of a number of the Group's operational functions to its wholly owned subsidiary, Tanfeeth, operating as the Group's Business Process Outsourcing ("**BPO**") provider. During the last 12 months, Tanfeeth has taken over functions such as: collections; call centres; finance and accounting; as well as human resource functions from the Group's companies. Management believes that this transition has increased the levels of efficiency across the entire Group.

Drive geographic expansion

In order to achieve a greater diversification of its business, ENBD is committed to driving geographic expansion through a combination of organic and inorganic growth. In support of this strategic objective, in May 2012, ENBD opened a representative office in Beijing, China to support ENBD's customers who conduct business between Asia and the Middle East. In addition to this organic growth, in 2013, ENBD successfully completed the acquisition of BNP Paribas Egypt (which has now been rebranded as Emirates NBD S.A.E. Egypt ("**Emirates NBD Egypt**")) and launched efforts to integrate the entity into the Group. In the fourth quarter of 2013, ENBD also opened a representative office in Indonesia to capitalise on the growing links between the Middle-East and South East Asia. During 2014, ENBD intends to integrate the operations of the Egyptian business into the Group, while selectively pursuing further organic growth in international markets.

Activities of ENBD

For financial reporting purposes, ENBD divides its operations into the following business segments.

1. **Wholesale Banking** offers investment banking, structured financing, current and savings accounts, customer deposits, overdrafts, trade finance and term loans for government, corporate, commercial customers, investment banking and Islamic products through Al Watani Al Islami, ENBD's Islamic banking window;
2. **Retail Banking and Wealth Management** offers retail loans and deposits, private banking and wealth management, asset management and consumer financing;
3. **Global Markets and Treasury** manages interest and foreign exchange rates activities, inter-bank treasury operations, global funding and ENBD's proprietary book of investments;
4. **Islamic Finance** is comprised of the income and fees earned and expenses paid by the Islamic banking subsidiaries; and
5. **Other Operations** of ENBD include Emirates NBD Egypt, Tanfeeth, property management, operations and support functions.

Wholesale Banking

ENBD's largest business segment in terms of assets is that of Wholesale Banking. Wholesale Banking offers a broad suite of products and services to medium and large sized enterprises, including multinationals, local corporate entities, banks and other financial institutions as well as governmental and quasi-governmental organisations and entities, servicing clients throughout the GCC, the Far East and Europe.

Wholesale Banking is divided into seven complementary business lines: (i) Large Corporate and Global Banking; (ii) Corporate Banking; (iii) Government; (iv) Institutional and International Banking; (v) Transaction Banking; (vi) Investment Banking; and (vii) ENBD's Islamic banking window (Al Watani Al Islami). Wholesale Banking also has a newly established 'Centre of Excellence', which focuses on key economic sectors and geographic locations.

The products offered by Wholesale Banking are diversified across various lending and deposit products, structured trade finance offerings and treasury products. The range of services cover account related services, e-banking, cash management and structured product offerings.

To meet customers' needs throughout the UAE, Wholesale Banking has offices in Dubai, Abu Dhabi, Al Ain and Sharjah. Furthermore, Wholesale Banking operates through branches in the Kingdom of Saudi Arabia, the United Kingdom, Singapore, and functional representative offices in Qatar, India, China and Indonesia. Wholesale Banking also operates through Emirates NBD Egypt.

Wholesale Banking Distribution Channels

In addition to its conventional branch network, ENBD's Wholesale Banking clients can use the internet-banking platform "smartBUSINESS" which allows clients to take advantage of many services electronically and perform financial and non-financial transactions at any time at their convenience. Through "smartBUSINESS" customers can initiate and authorise transactions electronically, view account statements and reports from their desktops or mobile devices and avail themselves of certain payment services such as making telecommunication related bill payments and recharging of the local Salik road toll payments, together with managing their ENBD accounts online.

Large Corporate and Global Banking

The Large Corporate and Global Banking department caters to clients with an annual turnover of AED 600 million and above. The team provides a range of banking products and services designed to meet the specific needs of this segment, including corporate account services, working capital and project finance, real estate and contracting, cash management, trade finance, risk participation, syndications and treasury services.

Corporate Banking

The Corporate Banking department caters to clients with an annual turnover of between AED 150 and AED 600 million. The team provides a range of banking products and services similar to those provided by the Large Corporate and Global Banking department albeit designed to meet the specific needs of this segment.

Government

The Government department provides banking products and services to Government departments, U.A.E. Federal Ministries and the Ruler of Dubai's family.

Institutional and International Banking

The Institutional and International Banking department ("**IIB**") comprises the Financial Institutions division and the International Corporates division. IIB customers consist of global banks and financial institutions, together with international corporate customers based in overseas non-branch locations.

Transaction Banking

The Transaction Banking department offers a range of transaction banking services, including factoring, liquidity management, escrow services, trade finance and cash management. This team also offers a dedicated e-banking platform through "smartBUSINESS".

Investment Banking

ENBD provides investment banking services through its subsidiary, Emirates NBD Capital Limited ("**ENBD Capital**"). ENBD Capital provides conventional and Islamic investment banking services, advising on and arranging a wide variety of transactions including securitisations, debt, Islamic finance and equity capital markets transactions and leveraged finance transactions, as well as providing corporate finance and advisory services.

ENBD Capital leverages ENBD's existing corporate and institutional relationships and targets existing and new clients from across the globe including corporates, financial institutions, sovereigns, family offices and high net worth individuals.

Al Watani Al Islami (Islamic Banking window)

Al Watani Al Islami (AWAI) is ENBD's Islamic window, established to offer Islamic banking products and services to ENBD customers in the UAE.

Strategic Growth Sector

Strategic growth sector is the newly established 'Centre of Excellence' which focuses on key economic sectors such as multinational companies, commodities, contracting (non-real estate), real estate and the geographic location of Abu Dhabi.

Asset Composition of Conventional Loan Portfolio

A breakdown of ENBD's conventional loan portfolio by industry, as at 31 December 2013, is set out below:

Economic Activity	Amount	Percentage
	<i>(AED billions)</i>	<i>(%)</i>
Sovereign	90.8	40.7
Real Estate	35.0	15.7
Personal	31.7	14.2
Financial Institutions & Investment Companies	22.9	10.3
Services	11.3	5.1
Trade	10.0	4.5
Manufacturing	6.6	3.0
Personal Corporate	6.2	2.8
Construction	5.2	2.3
Transport and Communications	4.2	1.9
Others (rounding)	5.6	2.3
Total Customer Advances	223.3	100

Wholesale Banking Transformation Program – Mission Powerhouse

During 2012, Wholesale Banking embarked on an extensive reorganisation of its business model ("Mission Powerhouse") intended to deliver to its wholesale banking customers a more tailored product suite supported by enhanced credit processes, efficient and reliable operations and a high performance culture.

Mission Powerhouse has led to an enhanced client-centric business approach with the emphasis on building long-term beneficial relationships. As part of Mission Powerhouse, a number of initiatives were established, each encompassing several individual projects, designed to enhance the Wholesale Banking segment, reduce processing time for credit approvals and processes, improve cross-selling of cash management, trade finance, treasury and investment banking products and streamline operational processes. A range of projects have already been successfully delivered and Wholesale Banking continues to identify opportunities to further enhance its business model. The focus for 2014 continues to be deepening customer relationships through cross-selling and focusing on the newly created "Centre of Excellence".

Retail Banking and Wealth Management

Retail Banking and Wealth Management was the largest contributor to ENBD's revenues and net profits in 2013. It caters to the needs of individual and SME customers by offering a wide range of banking products and services including current and savings accounts, fixed deposits, overdrafts, personal instalment loans, auto loans, mortgages, credit cards, debit cards, investment products, Bancassurance, foreign currency and trade finance related facilities.

Retail Banking and Wealth Management is divided into four distinct and complimentary business lines: (i) Retail Banking; (ii) Private Banking; (iii) Asset Management; and (iv) Consumer Finance.

Retail Banking

ENBD is the largest retail bank in the UAE, providing conventional retail banking products and services through a domestic network of 100 branches as at 31 December 2013. ENBD also has the largest network of ATMs (inclusive of cash deposit machines and smart deposit machines) in the UAE, with approximately 564 ATMs, spread across the seven emirates, as at 31 December 2013.

Retail Banking provides a wide range of products and services ranging from liability accounts, credit cards, personal loans, auto loans, and mortgages as well as investment/insurance products.

ENBD is a market leader in customer deposits and payment cards (credit card and debit cards) with over 400,000 credit cards and over 1 million debit cards issued as at 31 December 2013.

To cater to the distinct needs of its customers, the Retail Bank has strategically divided its customer base into segments, namely Personal Banking, Priority Banking and Business Banking. These segments offer customised products and pricing resulting in increased customer loyalty and revenue generation for ENBD. The Personal Banking segment addresses the needs of individuals for simple, everyday banking products, while Priority Banking is a premium banking service designed to provide wealth management solutions to the affluent customer base. The Business Banking segment addresses the needs of small and medium sized businesses with a view to supporting SME growth in the region. ENBD has continued to increase its market share in these segments through the provision of focused and enhanced products, services and marketing campaigns.

The Retail Banking division's consistent customer-centric model and dedicated customer service was recognised with the receipt of a number of awards recently, including the "Best Retail Bank in the UAE" award by Asian Banker 2013, "SME Bank of the Year" at the Arabian Business StartUp Awards 2013, "Global Brand Excellence Award" for the second time in three years at the 22nd World Brand Congress 2013, "Best Social Media Strategy" at The Marketing Show Awards 2013, "Best Mobile Banking App" at the 18th ME e-services awards 2013, "Best SME Internet Banking Service" at Banker Middle East Product Awards 2013, "Best Corporate Card" at the Smart Card Awards Middle East 2013 for the second consecutive year, "Best Customer Service Research Program" in the UAE by the International Customer Service Institute 2013, "2013 Visa LEADER Award" for excellence in Fraud Management, and "Best Issuing Institution" in Middle East & North Africa, Debit Card best practices showcased at the Global Visa Forum 2013.

Asset Composition of Conventional Retail Loan Portfolio

Retail loans are governed by strict policy parameters which are uniformly and consistently applied to the relevant customer segments and businesses based on the policy lending rules. A breakdown of ENBD's conventional retail loan portfolio by type of customer advance, as at 31 December 2013, is set out below.

Product Type	Amount	Percentage
	<i>(AED billion)</i>	<i>(%)</i>
Personal Loans.....	10.1	39.6
Credit Cards	3.9	15.3
Mortgages.....	3.6	14.1
Auto	3.1	12.2
Overdrafts	1.5	5.9
Others	3.3	12.9
Total Customer Advances	25.5	100.0

Retail Distribution Channels

ENBD provides access to the widest branch network and the largest ATM and cash/cheque deposit machine network in the UAE. ENBD is dedicated to making banking as easy as possible for its customers and provides a wide suite of electronic banking options to its customers including internet banking, phone banking, SMS banking, and the most extensive utility and bill payment gateway in the UAE.

ENBD's internet banking platform allows customers to access their accounts securely and reliably, view account statements and balances (including credit and charge cards), update account details, transfer funds locally and internationally, pay various utility bills and credit card bills as well as open new accounts, order cheque books and obtain information on various products.

ENBD's phone banking service allows customers to access various services over the phone including account enquiries, fund transfers and bill payments through self-service and dynamic interactive voice responders or personal agents.

SMS banking allows customers to make enquiries on their accounts and credit cards using their mobile phone. It also provides 'push' services wherein customers receive pre-set alerts on their mobile phones with respect to transactions on their accounts and credit cards.

Private Banking

ENBD Private Banking was established in 2008 to meet the needs of high net worth individuals to whom it provides the full range of premium banking, wealth management, trust & estate planning and investment services through approximately 70 Relationship Managers across the UAE, the Kingdom of Saudi Arabia, the United Kingdom and Singapore. The Relationship Managers are supported by a Chief Investment Office covering a vast range of investment solutions across asset classes and geographies.

By leveraging its brand and financial expertise, ENBD Private Banking has strengthened its position as a leader in this segment in the GCC. ENBD Private Banking was recently commended as the "Best Private Bank in the UAE" and "Best Private Bank in the Middle East" by the Financial Times in 2013.

Consumer Finance

ENBD has a consumer finance offering through its wholly owned subsidiary Emirates Money Consumer Finance LLC ("**Emirates Money**"). Since its launch in 2008, Emirates Money has emerged as a market leading finance company in the UAE. It offers a range of innovative lending solutions to self-employed & micro SME customers, allowing ENBD to provide financial services across multiple market segments.

Emirates Money offers loans across the UAE through a network of its branches and a large direct sales force catering to the needs of its customers at a place most convenient for them including their home or workplace. The company also has tie-ups with leading distributors of commercial vehicles, offering customers seamless financing on this product. With customer assets of over AED 2 billion, Emirates Money is a well-recognised brand in the UAE, with diverse product lines including business loans, commercial vehicle loans, mortgages, personal loans, and Bancassurance.

Asset Management

The asset management business of ENBD is conducted through its subsidiary, Emirates NBD Asset Management Limited. Emirates NBD Asset Management Limited manages significant assets in a wide range of both conventional and *Shari'a* compliant funds.

Global Markets and Treasury

Global Markets and Treasury provides hedging and investment solutions to corporate, retail and high net worth clients through a dedicated sales team.

Global Markets and Treasury offers a wide range of products and services including market making in UAE dirham and U.S. dollar deposits as well as on UAE dirham based foreign exchange forward products, providing foreign exchange products in the UAE for domestic, GCC and G10 currencies and currency swaps. In addition to maintaining a trading book, Global Markets and Treasury provides the clients of ENBD with prices for local, regional and global bonds, as well as marketing a range of structured investment products.

Traditionally having a strong position in cash products (both loans and deposits as well as foreign exchange spot rate transactions), Global Markets and Treasury has built on this foundation and has been increasingly successful in providing special interest rate hedging solutions (swaps and options) as well as foreign exchange hedging products (forwards and options) to the clients of ENBD.

The objective of Global Markets and Treasury is to retain its strong client focus, while increasingly acting as a provider of sophisticated risk management and investment solutions to its clients. These solutions are typically expected to be structured foreign exchange and interest rate derivatives (or combinations thereof), sometimes in a *Shari'a* compliant form.

Centralised trading in ENBD's head office maximises revenues from trade and information flows, while facilitating risk monitoring and management. A sales desk in the Kingdom of Saudi Arabia provides for close proximity to clients in this key target market for ENBD.

ENBD's funding needs are centralised through specialist desks within Global Market and Treasury (see "*Description of Emirates NBD PJSC – Funding*").

Islamic Finance

Islamic banking is one of ENBD's fastest growing business sectors and contributes to an increasing proportion of the revenue of ENBD. Apart from offering Islamic banking products

through Al Watani Al Islami (ENBD's Islamic window), ENBD also offers a range of *Shari'a* compliant financial services through its subsidiary Emirates Islamic (including Dubai Bank, which operates under a unified management structure with Emirates Islamic) to retail and corporate customers with the objective of conforming to the strictest standards of Islamic finance.

All of the activities of Emirates Islamic are conducted in full compliance with the Islamic *Shari'a* and under the supervision of its *Shari'a* Supervisory Board (the "***Shari'a Board***") comprising several prominent *Shari'a* scholars.

Emirates Islamic's Corporate Banking division provides a comprehensive range of financial products and services to its customers through *Shari'a* compliant structures, including murabaha, ijara, istisna'a, musharaka and mudaraba contracts. Emirates Islamic's Corporate Banking customers consist of private sector customers, public sector customers and government bodies/agencies and are served through four Corporate Banking units across the UAE with two units in Dubai, one in Abu Dhabi and one in Sharjah, as at 31 December 2013. Additionally, Emirates Islamic's Business Banking Unit has been set up in Dubai to increase Emirates Islamic's business with medium sized enterprises. The industries covered by Corporate Banking, comprise, *inter alia*, real estate, financial institutions, trading, manufacturing and services. Whilst customers are primarily in the UAE, facilities are also offered in other GCC countries.

Emirates Islamic's Retail Banking division offers a comprehensive range of *Shari'a* compliant banking products and services through its network of 50 branches located throughout the UAE as at 31 December 2013.

Other Operations

ENBD has a number of other operations, which include Emirates NBD Egypt, Tanfeeth, property management, operations and support functions.

Overseas Operations

ENBD has overseas branches in the United Kingdom, the Kingdom of Saudi Arabia and Singapore and during 2013 concluded the acquisition of 100 per cent. shareholding in its Egyptian subsidiary where it now has 70 branches spread across Egypt as at 31 December 2013. ENBD also has a network of representative offices in Qatar, India, China, Iran and Indonesia. As at the date of this Base Prospectus, in full compliance with all global sanctions, ENBD's representative office in Iran did not undertake any banking business.

Subsidiaries and Associates of ENBD

ENBD is the parent to a number of corporate entities and ultimately holds investments in certain associates. The principal operating subsidiaries and associates of ENBD are as follows:

(a) *Listed subsidiaries*

Emirates NBD S.A.E. Egypt

During 2013, ENBD acquired 100 per cent. of the issued shares of BNP Paribas Egypt S.A.E. for a consideration of U.S.\$500 million (AED 1,838 million), which has since been rebranded as Emirates NBD S.A.E. Egypt.

Emirates Islamic Bank PJSC

Formerly known as Middle East Bank PJSC, Emirates Islamic was incorporated as a public limited company by H.H. Sheikh Rashid Bin Saeed Al Maktoum, former Ruler of Dubai, pursuant to Emiri Decree dated 4 October 1975, as amended by Emiri Decree dated 3 April 1976 and registered as a Public Joint Stock Company (Commercial Register No. 30 dated 18 July 1995). The company was acquired by EBI, pursuant to an agreement dated 9 December 1991. In 2004, in response to customer demand for *Shari'a* compliant products on a broader scale the bank was converted to an Islamic bank and its name was changed to Emirates Islamic. Through its 50 branches across the UAE (as at 31 December 2013), Emirates Islamic provides full banking services and a variety of products through *Shari'a* compliant financing and investment activities and currently ranks as the third largest Islamic bank in the UAE by assets. Emirates Islamic's authorised share capital, as at 31 December 2013, was AED 5.0 billion, consisting of 5 billion shares of AED 1 each. Emirates Islamic's paid-up capital, as at 31 December 2013, was AED 3.9 billion. As at 31 December 2013, Emirates Islamic was 99.9 per cent owned by ENBD.

As at 31 December 2013, Emirates Islamic had total assets of AED 39.8 billion, including shareholder funds worth AED 4.2 billion, Tier 1 capital of AED 4.1 billion and Tier 2 capital of AED 1.0 billion. Emirates Islamic's net profit for the year ended 31 December 2013 was AED 139.5 million.

Whilst Emirates Islamic does have a strong degree of independence in the operation of its business, it enjoys a high level of support from ENBD in relation to many support functions including human resources, treasury, information technology, certain administrative services and back office operations such as clearing and remittances. Further, all of Emirates Islamic's activities are overseen by its *Shari'a* Board comprising Scholars of Islamic *Shari'a*.

Dubai Bank PJSC

Pursuant to the decree issued on 11 October 2011 by H.H. Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister of the UAE, in his capacity as the Ruler of Dubai, ENBD acquired the entire outstanding share capital of Dubai Bank, a provider of *Shari'a* compliant banking services in the UAE. This follows a consistent strategy of the Government in carefully monitoring the banking sector in the Emirate and taking measures necessary to ensure the continued viability of financial institutions operating in Dubai.

The acquisition of Dubai Bank was completed in the last quarter of 2011 (the effective date being 11 October 2011), the cash consideration for which represented fair value for Dubai Bank. As on the effective date of the acquisition, the acquisition had no impact on ENBD's net profit or its non-performing loans ratio. On 30 November 2012, the migration of Dubai Bank's portfolio and branches to Emirates Islamic was completed and consolidated into the consolidated financial statements of Emirates Islamic.

(b) **Listed associates**

National General Insurance Company PJSC

National General Insurance PJSC ("**NGI**") was established in 1980 as a limited liability company, and became a public joint stock company in 2001. NGI is listed on the DFM and as at 31 December 2013, ENBD held 36.7 per cent. of its issued share capital. NGI is rated BBB+ by S&P and A.M. Best International.

NGI is licensed by the UAE Ministry of Economy and offers a range of general and specialist insurance products including healthcare and life insurance. The company underwrites large and medium sized risks in property, marine, construction, motor, manufacturing, general accident, life, banking and other service industries.

NGI has a suite of Bancassurance products that are exclusively tailored for the clients of ENBD and which are marketed and offered through ENBD's branch network. In addition, NGI has established a credit insurance venture with Coface, a Paris based credit insurance provider, which offers protection for receivables to potential buyers of goods and services.

(c) **Unlisted subsidiaries**

Emirates NBD Asset Management Limited

Emirates NBD Asset Management Limited (formerly known as Emirates Investment Services Limited) was established in 2007 and offers a broad spectrum of investment products and services. It is wholly owned by ENBD and operates from the Dubai International Financial Centre (the "**DIFC**") and is regulated by the Dubai Financial Services Authority (the "**DFSA**").

Emirates NBD Securities LLC

Emirates NBD Securities LLC (formerly known as Emirates International Brokerage) is a wholly owned subsidiary of ENBD and is the brokerage arm of ENBD.

Emirates NBD Securities LLC was established in 2002 and is regulated by the Securities and Commodities Authority (the "**SCA**") in UAE and is a registered broker with the DFM, the Abu Dhabi Securities Exchange, NASDAQ Dubai and the Dubai Gold and Commodities Exchange ("**DGCX**").

The company specialises in the provision of securities and commodities trading and brokerage services to investors who wish to trade in locally listed equity and debt securities.

E.T.F.S. LLC

E.T.F.S. LLC ("**ETFS**") is a wholly owned subsidiary of ENBD which provides trade finance services outsourcing to banks in the MENA region. ETFS uses technologies such as imaging and workflow to automate the full range of trade finance activities, providing a paperless and scalable trade services platform that enables internet access to transaction data and document images. Internet and remote access caters to centralisation of processing operations within Dubai for ENBD's regional and international branches. The automated solution is fully integrated with ENBD's core systems allowing for real-time transaction and accounting updates.

Emirates NBD Capital Limited

ENBD Capital is a wholly owned subsidiary of ENBD. ENBD Capital was incorporated in the DIFC in 2006 (see also "*- Investment Banking*" above).

Tanfeeth LLC

Tanfeeth was incorporated in September 2011 as the GCC's first Business Services Partner. Tanfeeth delivers significant operational efficiency and service quality improvements to its clients. As at the date of this Base Prospectus, Tanfeeth's operational scope includes all ENBD back office operations including 11 separate units, as well as Emirates Islamic's Call Center Operations and Retail Asset back office units.

Further information on the abovementioned subsidiaries can be found in the audited annual consolidated financial statements of ENBD for the year ended 31 December 2013, which are incorporated by reference into this Base Prospectus.

(d) **Jointly controlled subsidiary**

Network International LLC

Established in 1994, Network International LLC ("**Network International**") is a jointly controlled subsidiary of ENBD (which retains a 51 per cent. shareholding as at 31 December 2013 in Network International following the completion of the sale by ENBD of 49 per cent. of the share capital of Network International to a strategic investor on 31 March 2011 for a net consideration of AED 1,366 million) and is one of the leading card payment services providers in the MENA region focused on meeting the needs of banks, financial institutions and retailers. It is a principal member of both Visa Inc. and MasterCard International, offering customers a comprehensive range of products and services in both the issuing and merchant acquiring segment of the card industry in the MENA region.

In addition to the processing and management services offered, Network International also provides consultancy services ranging from planning and designing to the development of new products and services and providing sponsorship with Visa Inc. and MasterCard International.

As at the date of this Base Prospectus, Network International provides credit and debit card processing services, ATM sharing and ATM management services to more than 60 banks in the MENA region.

As a merchant acquirer in the UAE, Network International has a market share of more than 65 per cent. through its network of electronic funds transfer at point of sale (EFTPOS) terminals. Network International has also established merchant acquiring, processing and recruitment partnerships with third party customers (including American Express, Diners Club, JCB International and eCompany for e-commerce merchant services).

In November 2012, Network International acquired a majority stake in TimesofMoney, an Indian based company that is one of the leading providers of online remittance and ePayment services.

ENBD's Competition

ENBD faces competition in all of its principal business areas and ENBD's principal competitors include both banks that are locally incorporated (conventional and Islamic) as well as certain foreign banks operating in the UAE. As at 30 September 2013 there were 51 banks holding full commercial banking licenses in the UAE, of which 23 were locally incorporated. The following table shows rankings for banks operating in the UAE by total assets and equity as at 31 December

2013 and by net profits for the year ended 31 December 2013 (Source: Bank Financial Statements and Press Releases for FY 2013, Bloomberg).

Ranking by Total Assets

Ranking	Bank	Amount
		<i>(AED billion)</i>
1	Emirates NBD.....	342.1
2	National Bank of Abu Dhabi.....	325.1
3	First Gulf Bank.....	195.0
4	Abu Dhabi Commercial Bank.....	183.1

Ranking by Net Profits

Ranking	Bank	Amount
		<i>(AED million)</i>
1	First Gulf Bank.....	4,774
2	National Bank of Abu Dhabi.....	4,733
3	Abu Dhabi Commercial Bank.....	3,620
4	Emirates NBD.....	3,256

Ranking by Equity

Ranking	Bank	Amount
		<i>(AED billion)</i>
1	Emirates NBD.....	41.7
2	National Bank of Abu Dhabi.....	34.6
3	First Gulf Bank.....	31.2
4	Abu Dhabi Commercial Bank.....	24.2

Risk Management

ENBD manages its risks through a comprehensive risk management framework which incorporates well-defined risk identification, measurement and monitoring processes.

The key features of ENBD's risk management framework are as follows:

- The board of directors of ENBD (the "**Board**") has the overall responsibility of managing risk and provides overall risk management direction and oversight.
- ENBD's risk appetite is determined by the Executive Committee (the "**EXCO**") and approved by the Board.
- Board committees meet regularly and are responsible for monitoring compliance with the risk management policies and procedures, and reviewing the adequacy of the risk management framework.
- ENBD's overall risk management policies are managed by ENBD's Risk management function ("**Group Risk**"), headed by the General Manager, Risk. This function is independent of the business divisions.
- Risk management is an integral component of all business activity that ENBD undertakes.

Group Risk assists senior management in controlling and actively managing ENBD's overall risk profile. This function also ensures that:

- Risk policies, procedures and methodologies are consistent with ENBD's risk appetite.
- ENBD's overall business strategy is consistent with its risk appetite.
- Appropriate risk management architecture and systems are developed and implemented.

Through the risk management framework, transactions and outstanding risk exposures are quantified and compared against authorised limits, and non-quantifiable risks are monitored against policy guidelines and key risk indicators. Any discrepancies, excesses or deviations, are escalated to the management for appropriate and timely action.

Credit Risk

Credit risk is the risk that a customer or counterparty will fail to meet a commitment, resulting in a financial loss to ENBD. ENBD is exposed to credit risk through traditional lending to corporate, retail and institutional customers and transactions involving settlements with counterparties, including other financial institutions. These include direct loans, commitments to extend credit and settlement exposures.

ENBD manages credit risk by setting limits for individual borrowers, groups of borrowers, and geographical and industry segments. ENBD also monitors credit exposures and continually assesses the creditworthiness of counterparties and considers it appropriate to obtain security wherever necessary to mitigate the credit risk. In addition, ENBD enters into master netting arrangements and collateral arrangements with counterparties and limits the duration of exposures.

ENBD sets policies and procedures for managing its credit risks. Credit exposures are monitored through exception reports, annual review of facilities, short-form reviews and periodic revaluation of collateral.

ENBD has developed a suite of risk scorecards for all retail products including personal loans, credit cards, home loans and auto loans. In addition to providing critical inputs for Basel II capital adequacy and economic capital computations, these scorecards are used for all underwriting related activities. Customer level behaviours scorecards are extensively used in cross-selling and collection activities, Specialised scorecards are used in the evaluation of spending patterns of customers in their current and saving accounts to assess their credit worthiness while skip scorecards predict customers' flight risk. The performance of all scorecards is regularly monitored by a team that is independent to the model's development team.

Development of a robust internal rating model for ENBD's wholesale portfolios has remained a challenge for a number of reasons, namely the traditionally low number of defaults in the UAE, the small number of customers in the portfolio as well as the limited availability of financial and other market based information for customers. To overcome these challenges, ENBD has adopted an expert panel approach. A Comprehensive early warning framework complements the expert panel model to assess customers' risk profiles on an ongoing basis. As at the date of this Base Prospectus, ENBD is in the last stages of finalising a second generation wholesale model. This model uses actual default information and is expected to improve ENBD's ability to assess the risk in its wholesale portfolio.

ENBD has also developed an internal rating model for the financial institutions portfolio using the "Shadow Ratings" approach which aims to mimic the external rating of the financial institutions assigned by top tier external rating agencies. A robust early warning framework complements the rating model and ensures efficient monitoring and updating of the internal ratings on an ongoing basis. ENBD has also developed and implemented an internal probability of default model for SMEs.

All internal models and scorecards are independently validated by an external third party annually.

ENBD's BCIC provides the strategic framework to govern the extension of credit, manage the risk of the loan portfolio, ensure sufficient returns on the portfolio, and authorise individual or group credits within established guidelines.

Credit risk for various portfolios is managed as follows:

Corporate Credit: Credit facilities are granted based on the detailed credit risk assessment of the counterparty. The assessment considers, amongst other things, the purpose of the facility, sources of re-payment, prevailing and potential macro-economic factors, industry trends, customers' credit worthiness and standing within the industry.

ENBD is an active participant in the inter-bank market and takes exposures in line with the approved credit appetite across banks in the GCC and beyond. Specific Financial Institutions ("FI") and country risk policies are in place to keep a check on the country and FI risk. Exposures are monitored against approved limits at regular frequencies.

Retail Credit: Consumer lending is granted under approved credit policies for each product. Every application needs to meet the criteria as per the credit policies. Exceptions, if any, are approved by staff having delegated authority.

Small and Medium Enterprises: ENBD continues to place a high focus on this segment of the economy. Credit facilities are granted based on detailed risk assessment of the business and the standing of its sponsors. Facilities are generally secured by acceptable collateral wherever possible.

See "*Credit Approval Procedures*" below for further details on how this risk is managed by ENBD.

Market Risk

Market risk includes foreign exchange rate risk, interest rate risk, equity price risk, commodity price risk and credit spread risk. Market risk management is designed to limit the amount of potential losses on open positions that may arise due to unforeseen changes in foreign exchange rates, interest rates, equity prices, commodity prices or credit spreads. ENBD is exposed to diverse financial instruments including fixed income products, foreign currencies, equities and commodities and deals in both the physical product as well as cash and derivative instruments.

ENBD pays considerable attention to market risk and uses independently validated pricing and risk models, in accordance with standard market practice, for the valuation of its positions and obtains regular market data from independent market data providers for valuation and in order to measure and monitor its market risk.

Additionally, ENBD has established a global risk appetite limit as measured by Value-at-Risk ("**VaR**") and as well as individual asset class (i.e. foreign exchange, interest rate, commodity, equity) VaR limits to ensure the portfolio is not overly concentrated in one type of risk.

The policies, procedures and trading limits are set to ensure the implementation of the Board's market risk appetite in its day-to-day operations. These are reviewed periodically to ensure alignment with ENBD's market risk policy.

Foreign Exchange Rate Risk

ENBD uses hedging strategies to ensure foreign exchange positions are maintained within established limits. ENBD believes that it has a conservative policy towards such risks and has set limits on positions by currency and exchange rate volatility and liquidity. Exchange rate risk is measured using position reports showing the net long or short position for currencies and is managed on a real-time basis using ENBD's system of record (Reuter's Kondor+ system). Exchange rate risk is actively managed using spot and forward foreign exchange contracts. Necessary controls are in place to ensure that all activities are accurately recorded.

Foreign exchange positions and profit and loss on foreign exchange are reviewed on a daily basis by Treasury and Market Risk. All positions are marked to market daily.

Interest Rate Risk

ENBD manages the risk of changes in interest rates affecting future profitability or the fair values of financial instruments through appropriate risk management strategies. Interest rate risk is measured using an interest rate re-pricing report that includes period and cumulative gap analysis. The interest rate sensitivity position (PV01) and NII sensitivity tests are also monitored on a monthly basis.

Interest rate risk is actively managed using derivative instruments (including, for example, interest rate swaps and forward rate agreements). Positions are reviewed on a daily basis by Global Markets and Treasury which addresses on-balance sheet and off-balance sheet mismatches and action taken or planned to reduce any significant mismatches. ENBD's Asset and Liability Committee (the "**ALCO**") monitors structural mismatches on a monthly basis.

Trading Policy

ENBD believes that it has a conservative trading policy. New products are authorised only if an adequate infrastructure has been assured and approved by senior management.

Treasury trading limits for foreign exchange, fixed income, equities, commodities and derivatives are reviewed and set annually and approved by the Board. Global Markets and Treasury is responsible for managing trading risk exposure within the global trading risk limits. There are systems and procedures in place to monitor and report positions and the corresponding exposure on a daily basis. Additionally, there are monthly and annual loss limits that constrain the amount a

desk can lose. These loss limits are accompanied by early warning triggers to Global Markets and Treasury and senior risk management staff. Global Markets and Treasury operate within trading limits prescribed by Group Risk and as approved by the Board.

Liquidity Risk

Liquidity risk is the risk that ENBD may be unable to meet its funding requirements, which can be caused by political uncertainty, market disruptions or deterioration in its credit ratings. The objective of the ENBD's liquidity and funding management framework is to ensure that all foreseeable funding commitments can be met when due.

ENBD has over the years built up a strong liquidity base by building up "Liquidity Asset Buffers" through the core fixed income book, which is invested in highly-rated ("AA-" and above) and liquid, international and domestic fixed income securities/UAE Central Bank certificates of deposit.

As at 31 December 2012 and 31 December 2013, ENBD's loans to deposit ratio stood at 102.0 per cent. and 99.5 per cent. respectively. Liquidity for ENBD is managed actively by Global Markets and Treasury and is overseen by ENBD's ALCO on a monthly basis or more frequently when needed.

ENBD has been able to adequately deal with liquidity or funding stresses in the past and has structured its assets in such a way that funding is reasonably assured, thereby regulating its refinancing risk. It has adopted a diversification strategy in an attempt to prevent over-exposure to any particular market.

The quality of ENBD's investment portfolio ensures its liquidity and, together with its own funds and "sticky" customer deposits, forms a stable funding source. Even under the adverse conditions prevailing in 2008, 2009 and early 2010, ENBD was able to access the funds necessary to cover customer needs and to meet its funding requirements.

ENBD prepares a maturity gap analysis, which helps identify potential liquidity risks in advance.

Liquidity in UAE dirhams is available through the sale of U.S. dollar denominated securities and subsequent sale of the U.S. dollar proceeds to the inter-bank market (or to the UAE Central Bank) on a same-day basis if required. Liquidity can be easily switched from U.S. dollars to UAE dirhams and vice versa due to the fixed nature and narrow spread of the foreign exchange peg.

Operational Risk

Operational risk is the risk resulting from inadequate or failed internal processes and methodologies, human error, systems or from external events.

In each of ENBD's business units, the unit head is responsible for the effective management of these risks, including identification, assessment and overview. These business managers are supported by a framework consisting of a governance structure, a suite of risk-mitigating policies and skilled operational risk professionals employed throughout ENBD.

ENBD's Operational Risk team monitors operational risk issues on a regular basis, reports major deviations from approved parameters and prepares regulatory risk related reports. Group Operational Risk reviews and approves all bank documentation, new products and any variations on existing products before they are finalised and implemented. Group Operational Risk also reviews new sections and amendments to existing sections of the policies and procedure manuals before they are released. Group Operational Risk also manages ENBD's insurance portfolio and proposes group-wide risk mitigation strategies to the executive management.

ENBD regularly carries out operational risk reviews. The main objectives of these reviews are to identify the risks inherent in each area, analyse them in terms of their severity and likelihood, and develop mitigation strategies for these risks. ENBD agrees key risk indicators during these review sessions in order to facilitate ongoing monitoring of risks.

ENBD has a business continuity management framework which allows prompt action in response to any disruptive events to ensure continuity of operations. ENBD has formulated business continuity plans to ensure uninterrupted provision of services to customers during operational disruptions and these business continuity plans are reviewed and tested at least annually across ENBD. ENBD has also established work area recovery sites providing alternative facilities to business and operational units if their regular offices are not accessible.

Legal Risk

Legal risk is the risk that a customer or counterparty will commence proceedings against ENBD, or one of its operating companies.

ENBD has an internal legal department which deals with both routine and more complex legal issues. Situations of a particular complexity and sensitivity are referred to external law firms, either in the UAE or overseas, as appropriate.

Credit Approval Procedures

Credit Exposure

The lending policy of ENBD is guided by its credit policy, which is reviewed from time to time in light of market conditions. At all times, ENBD strictly adheres to and observes the individual and aggregate percentage limits regulating large exposures stipulated by the UAE Central Bank.

Retail Banking Credit Approval Procedures

ENBD's retail lending policy sets forth clear guidelines for specific retail loan products such as personal loans, auto loans, credit cards and home loans. ENBD's retail lending policy is recommended by the Head of Group Retail Credit and is jointly agreed by the General Manager-Retail Banking and Wealth Management and General Manager-Risk and further approved by ENBD's BCIC.

Retail credit policies are dynamic and are amended based on the prevailing market environment to ensure that product offerings are competitive. Appropriate controls are in place to ensure credit is within the defined thresholds of the Bank's risk strategy.

Retail lending is normally restricted to salaried individuals and, on a selective basis, to self-employed individuals. Generally, retail loans are secured by an assignment of salary, mortgages or liens over property (in respect of home loans) and liens on vehicles (in respect of auto loans).

Discretionary lending authorities have been delegated to lower management levels; however escalations to senior authorities are required depending on the severity of exceptions. Every application for a retail facility must first be recommended by the sales force and reviewed and approved by the retail credit department. Retail Lending is centralised through the Retail Credit Centre, which handles underwriting and disbursements.

Group Retail Credit carries out periodic portfolio reviews at each product level, reviewing portfolio performance across multiple customer segments and split by critical risk and policy drivers. This allows strategic guidance to be given to product teams in terms of sourcing and asset growth in the approved customer segments.

Corporate Banking Credit Approval Procedures

ENBD maintains and updates its corporate credit policy and credit procedures manual from time to time as market conditions warrant and new products enter the market. Together these two documents set forth the types of business and sectors that ENBD is willing to participate in, its policy on security, details of its credit facility application processes, guidelines on credit authorities, borrower risk grading, identification of impaired credits and provisioning.

The corporate credit policy consists of specific business guidelines and rules that enable ENBD's management to maintain a portfolio of counterparty risk exposures aligned to ENBD Business Strategy and Objectives. The policy is designed to ensure that lending officers deal with key credit issues and provide relationship officers specific guidance on the policy where required. These procedures also ensure that appropriate controls exist at all stages of the credit process.

ENBD has in place a formal application process for corporate credit approvals from the individual business unit with the primary responsibility for credit facilities resting with the executives recommending the facility. The individual business unit has a small delegated authority to approve credit facilities and any credit approvals above such delegated authority of the business unit are referred to the Head Office Group Credit Department ("**GCD**"), where risk assessment managers evaluate the proposals and provide their recommendations. The senior management comprising of General Manager-Risk, Group Head-Wholesale Banking, the Chief Executive Officer, the Chief Credit Officer ("**CCO**") and GCD have delegated authority limits to approve credit facilities. Credit facilities above this delegated authority limit are recommended for approval to the Management Credit Committee ("**MCC**") or the Board Credit and Investment Committee ("**BCIC**"). All facilities

approved by the individual business units are reported to GCD for hindsight review on a monthly basis.

In order to ensure further control, the MCC and the BCIC review all credit facilities above a certain threshold even where such credit facilities have been approved within the delegated limits.

Any credit facility not recommended by an appraiser cannot be approved by the authority at the next level, even if the proposed limits are within his/her delegated authority. Such credit facilities can only be approved by the authority at the level above (i.e. the two levels above the initial appraiser who did not recommend the credit facility).

ENBD has an automated system for due dates for facility reviews. This automated system highlights when a due date has passed, as well as highlighting when limits have been exceeded. Whilst excesses are monitored daily by Business Units and reported to GCD on a regular base, any cases of non-conformance with the terms of the facility are also monitored on a monthly basis by GCD and escalated up-to the General Manager, Wholesale Banking.

Security Procedures

ENBD has a standard set of security documentation, which is used in various combinations depending on the facilities granted.

For renewed corporate credit facilities, all security documents of over AED 50 million are reviewed by ENBD's legal department prior to disbursement Documents for new facilities amounting to AED 5 million or in case of non-standard documentation or cases where Credit Administration Unit may require legal opinion are also referred to ENBD's legal department. In a limited number of cases documents are prepared or reviewed by external law firms appointed by ENBD. These documents are also reviewed by ENBD's legal department.

ENBD requires that all documentation is completed before any facilities are drawn. The post-approval processes and documentation are handled by Credit Administration Units. All documents are reviewed by the individual business units before and after they are executed by customers. They are then passed on to Credit Administration Units for a final verification, after which they are stored in a fire-proof environment.

The security required for a particular facility held by ENBD is confirmed independently by the relevant Credit Administration Units, once a year or upon request, as may be the case.

Impaired Loans

IFRS sets forth strict principles for the recognition and provisioning of impaired loans and advances. ENBD has therefore established and maintained regular procedures for the recognition of actual and potential bad debts, identification of non-serviced, unearned or overdue interest and for methodical assessment of potential loan losses.

The primary responsibility for recognising and reporting adverse credit features on any borrowing account lies with the business unit responsible for recommending the lending and for day-to-day management and monitoring of that account. When potential problem credit facilities are identified, they are transferred to a "watch list" and are monitored closely. The credit facilities may be transferred to the "watch list" for a number of reasons, such as any security given not adhering to approval terms or being overdue for review by 90 days.

In line with UAE Central Bank requirements, ENBD classifies those accounts where recovery is considered doubtful and ensures provisions are made accordingly. Delinquent accounts are broadly classified as Substandard, Doubtful or Loss.

Those accounts where agreed payments of principal and/or interest are more than 90 consecutive days in arrears are classified as "substandard accounts". The accrued interest remains suspended while a minimum provision of 25 per cent. of the net exposure amount is made.

Those accounts where partial loss of principal is expected and full recovery of interest and fees is not expected are classified as "doubtful accounts". The accrued interest is suspended from the date that accounts are so classified and a minimum provision of 50 per cent. of the net exposures is made.

Those accounts where a full loss of principal and interest is expected and where ENBD has exhausted all recourse to recovery are classified as "loss accounts". 100 per cent. of the net exposure amount is provided in such cases.

All accounts classified as “doubtful accounts” and “loss accounts” constitute a “bad and doubtful debt” and, unless it is believed that the debt can be recovered by the business units, the debt is then transferred to the Special Loans Group (the “**SLG**”), a unit that specialises in remedial management. The remedial management of accounts and the booking of provisions for accounts not transferred to the SLG continue to be the responsibility of the individual business unit.

ENBD generally waits until all legal and other remedies are exhausted before writing-off fully provisioned loans.

Group operating profit before impairment was AED 7.7 billion for the year ended 31 December 2013, which was AED 1.2 billion (18.4 per cent.) higher as compared to the year ended 31 December 2012. The impaired loan ratio, excluding impaired investment securities, decreased to 13.9 per cent. by 31 December 2013 from 14.3 per cent. reported as at 31 December 2012. The impairment allowance on financial assets in respect of 2013 grew to AED 20.8 billion compared to AED 16.6 billion in 2012. This increase was driven by specific impairments across corporate and retail portfolios. For the year ended 31 December 2013, the Group’s net profit was AED 3.3 billion and consequently AED 0.7 billion (27 per cent.) higher as compared to the year ended 31 December 2012.

As at 31 December 2013, ENBD’s impaired loans amounted to AED 36.1 billion (or 13.9 per cent. of gross loans and receivables), 57.5 per cent. of which have been provisioned for by impairment allowances of AED 20.8 billion. Impaired loans include ENBD’s exposure to the Dubai World Group and Dubai Holding and its subsidiaries (the “**Dubai Holding Group**”), amounting to AED 14.4 billion of debt that has been or is expected to be restructured. Excluding the impact of these exposures, ENBD’s impaired loans amounted to 21.7 billion (or 8.3 per cent. of gross loans and receivables) 81.6 per cent. of which have been provisioned for by impairment allowances of AED 17.7 billion. The net impairment charge for the year ended 31 December 2013 amounted to AED 4.7 billion compared with AED 4.0 billion for the year ended 31 December 2012.

ENBD continues to pro-actively manage credit quality and delinquencies and impaired loans across its corporate and retail portfolios have increased within expected levels.

The following table summarises the movements in allowances for impairment for loans and receivables for ENBD for the years ended 31 December 2013 and 31 December 2012.

Movement in allowances for impairment	31 December 2013	31 December 2012
	<i>(AED million)</i>	
Balance of allowances for impairment as at 1 January	16,595	12,897
Allowance for impairment made during the period.....	4,732	4,925
Write back/recoveries made during the period.....	(329)	(1,071)
Amount written off during the period	(139)	(74)
Interest unwind on impaired loans.....	(93)	(86)
Exchange and other adjustments	—	4
Balance of allowances for impairment as at 31 December	20,766	16,595

Legal and Internal Audit

Industry Regulation and Supervision

Banks and other financial institutions in the UAE are subject to governmental supervision and regulatory oversight exercised by various regulatory bodies, including the SCA, the UAE Central Bank and the DFSA for companies established within the DIFC. The competent local authority in the Dubai, in which the institution is registered, is the Department of Economic Development.

The principal source of banking regulation in the UAE is the UAE Central Bank. The UAE Central Bank provides prudential supervision (see also “*The UAE Banking and Financial Services System*”) of each bank’s capital adequacy, liquidity and anti-money laundering controls and its general banking activities. Monitoring by the UAE Central Bank is undertaken by way of regular inspections of banks and their records and the requirement for regular submission of data including, but not limited to, deposited funds, loans and mortgage business, liquidity status and anti-money laundering measures. ENBD submits monthly, quarterly and annual reports to the Banking

Supervision and Examination Department of the UAE Central Bank. In addition, ENBD's Memorandum and Articles of Association and any amendments thereto, its audited financial statements, its distribution of dividends and certain other documents are all approved by the UAE Central Bank and the SCA.

The SCA is the predominant authority controlling the operation and governance of public joint stock companies generally, while the Department of Economic Development has a very wide jurisdiction in relation to issues such as the incorporation of companies and the regulation of internal and external trade.

ENBD's business units and subsidiaries are engaged in a wide range of banking and investment activities which also fall within the jurisdiction of a variety of other regulatory regimes located both within the UAE and abroad. In the UAE, ENBD Capital and ENBD Asset Management is regulated by the DFSA. ENBD's activities conducted in countries other than the UAE fall under the jurisdiction of other regulators and include the following: the Capital Markets Authority and the Saudi Arabian Monetary Authority in Saudi Arabia; the Monetary Authority of Singapore in Singapore; the Central Bank of Qatar and the Qatar Financial Centre Regulatory Authority in Qatar; the Reserve Bank of India in India; the China Banking Regulatory Commission in China, the Jersey Financial Services Commission in Jersey; the Financial Services Authority in the United Kingdom; and the Egyptian Financial Supervisory Authority in Egypt.

ENBD has an excellent track record in meeting applicable regulatory standards and neither the UAE Central Bank nor any other regulatory authority has raised any material breaches of applicable regulatory standards or imposed sanctions in respect of ENBD.

Internal Audit

Operating under a mandate from the Board, Group Internal Audit provides internal auditing services across ENBD and its subsidiary companies. Group Internal Audit has a principal reporting line to the Board Audit Committee (the "**BAC**"), a body composed of non-executive directors. Planned audit activities are subject to review and approval by the BAC, which also evaluates and approves the level of resources available to Group Internal Audit for such activities.

The BAC meets four times annually to discuss the audit reports produced by Group Internal Audit and to discuss the status of management actions on any issues previously raised with the committee. In addition to these meetings, the General Manager, Group Internal Audit has access to the Chairman of the BAC and the Chief Executive Officer as required.

The primary objective of Group Internal Audit is to independently assess the adequacy and effectiveness of the control framework through which the activities of ENBD are conducted. Group Internal Audit uses a risk-profiling methodology to assess the relative degree of risk in each of the auditable business units and for selecting the business activity to audit. BAC approval is obtained for the risk based annual audit plan.

Group Internal Audit is organised into specialist teams aligned with ENBD's primary business and support areas. Group Internal Audit focuses on the employment of professionally qualified individuals with industry specific experience.

Group Internal Audit is itself subject to a review periodically by independent third party assessors appointed by the BAC.

Real Property

The net book value of freehold land and property owned by ENBD as at 31 December 2013 was AED 1,980 million.

Capital Expenditure

ENBD does not expect to incur capital expenditure outside its ordinary course of business. For the year ending 31 December 2013, ENBD incurred AED 326 million of capital expenditure, compared to AED 276 million for the year ended 31 December 2012. In addition, for the year ending 31 December 2013, ENBD incurred AED 421 million of capital expenditure due to the acquisition of Emirates NBD Egypt.

Capital Adequacy

As per current capital requirements, the UAE Central Bank requires banks operating in the UAE to maintain a prescribed minimum ratio of total capital to total risk-weighted assets of 12 per cent. (of which Tier 1 has to be 8 per cent.).

The tiered components of a UAE bank's regulatory capital comprise of:

- Tier 1 capital, which includes share capital, share premium, legal, statutory and other reserves, retained earnings, non-controlling interest after deductions for goodwill and intangibles and other regulatory adjustments relating to items that are included in equity but are treated differently for capital adequacy purposes; and
- Tier 2 capital, which includes qualifying subordinated debt, undisclosed reserve, and fair value reserve.

While the calculation of capital adequacy ratios in the UAE follows the BIS guidelines, claims on or guaranteed by GCC central governments and central banks are risk weighted at zero per cent. and claims on GCC government non-commercial public sector entities are risk-weighted at 20 per cent.

When assessing the capital adequacy of an individual bank, the UAE Central Bank will take a number of factors into consideration, such as the extent and nature of credit concentration, policies and procedures and internal control systems and may set a higher total capital requirement for that particular bank if it deems it necessary.

As of 31 December 2013, the Group is above the UAE Central Bank imposed requirement, with a total capital adequacy ratio of 19.6 per cent and a Tier 1 capital adequacy ratio of 15.3 per cent.

Under Union Law No. (10) of 1980 Concerning the Central Bank, the Monetary System and Organisation of Banking, banks are required to transfer 10 per cent. of profit each year into a statutory reserve until this reserve makes up 50 per cent. of capital. Distributions cannot be made from this reserve, except in special legally defined circumstances. All dividends have to be authorised by the UAE Central Bank.

Distributions of Profit

Distributions of profit to shareholders are subject to a comprehensive risk management system that is reviewed at the management level and ENBD's ALCO level to ensure the appropriate distribution levels taking into account ENBD's performance, competitor profit distributions and market conditions. ENBD has historically pursued a conservative dividend policy, preferring to build its capital and use such capital to preserve shareholder value.

Basel II

ENBD has implemented the standardised approaches for credit risk under Basel II, and complies with the corresponding requirements as set out by Circular 27/2009 of the UAE Central Bank ("**Circular 27/2009**").

Under Circular 27/2009, the main UAE banks are expected to migrate to the foundation internal ratings based approach in due course. The UAE Central Bank is in direct contact with the concerned banks about the corresponding guidelines and about the migration on a case by case basis.

As at the date of this Base Prospectus, the UAE Central Bank has published draft guidelines and reporting standards (as of October 2010) on its website; final guidelines and reporting standards are yet to be published.

ENBD has implemented the required systems, models and reports (based on the draft guidelines and reporting standards) and is in communication with the UAE Central Bank on the migration to the foundation internal ratings based approach.

Basel III

Though the UAE Central Bank has not yet published final guidelines on the implementation of Basel III, ENBD is pro-actively managing its capital and funding base in anticipation of Basel III.

As per Basel III, the minimum capital ratio requirement against common equity Tier 1 capital including the capital conservation buffer is 7 per cent and against total capital including the capital conservation buffer is 10.5 per cent. (to be achieved by 1 January 2019). ENBD already meets the minimum capital requirement as set out under Basel III as of 31 December 2013.

On 12 July 2012, the UAE Central Bank issued Circular 30/2012 ("**Circular 30/2012**") dated 12 July 2012 entitled "Liquidity Regulations at Banks", which included a set of qualitative and quantitative liquidity requirements for UAE banks which are in line with the Basel III.

Subsequently, on 16 December 2012, the UAE Central Bank decided in its Board Meeting to postpone the implementation of Basel III until details of the requirements of the regulation are agreed. This Circular has currently been suspended by the UAE Central Bank.

Anti-Money Laundering Policies

ENBD has implemented detailed anti-money laundering ("**AML**") and Know Your Customer ("**KYC**") policies and procedures. The responsibility for implementation and monitoring adherence to the policies rests with ENBD Group Compliance and ENBD has dedicated compliance functions across various business units and its international operations to assist in discharging this responsibility.

As part of its AML policy, ENBD conducts KYC and customer due diligence checks, which is mandatory for all new accounts. A customer profile is created at the time of account opening and is updated as customer circumstances change and develop during their time with ENBD.

ENBD also has in place a high risk accounts policy and politically exposed persons policy that covers enhanced due diligence and escalated approval processes for relationships with regards to high risk businesses and customer segments as covered by UAE Central Bank regulations and in accordance with ENBD's internal risk based approach towards KYC and AML.

ENBD has appointed an Anti-Money Laundering Reporting Officer ("**AMLRO**") who reports to the Chief Compliance Officer. The AMLRO is responsible for policy development and awareness, as well as suspicious transaction detection and reporting, responding to staff queries regarding anti-money laundering issues and implementation of an automated anti-money laundering system.

ENBD has sanctions guidelines in compliance with regulations prescribed by the UAE Central Bank and the United Nations that cover restrictions applicable to countries that are subject to sanctions. ENBD has systems and processes in place to monitor transactions against applicable sanctions requirements.

All staff are required to be aware of ENBD's AML, KYC and sanctions policy and procedures. The compliance policies and procedures are easily accessible and available to all staff through ENBD's intranet. In addition, ENBD conducts specific training programmes for customer-facing staff.

ENBD has automated systems in place to monitor transactions and screen customers from an anti-money-laundering perspective and a sanctions perspective.

The UAE has indicated its intention to finalise an IGA Model 1 agreement with the US IRS and ENBD is following the guidelines issued in this respect. As an FFI for the purposes of FATCA, ENBD is taking the necessary steps to be FATCA compliant within the applicable timeframes. This project is being managed by a Group-level Steering Committee chaired by the Group Chief Financial Officer. A gap analysis has been undertaken and is currently in the design and implementation phase. See also "*Taxation – Foreign Account Tax Compliance Act*" for further information on FATCA.

Funding

Global Markets and Treasury manages the overall short-term and long-term liquidity of ENBD, guided by the overriding principle of prudent liquidity management and with frequent reporting to, and instruction from, ENBD's ALCO.

The majority of ENBD funding is provided by customer deposits. The inter-bank market is used for residual funding purposes and term funding is used to lengthen the maturity profile and diversify the client base. The current liquidity position of ENBD is considered to be good. To mitigate future liquidity risks (e.g. associated with market events), Global Markets and Treasury maintains a liquidity buffer, which is designed to be of a size sufficient to deal with all foreseeable liquidity events.

ENBD and its operational companies also raise money through the international capital markets. All capital markets debt raising activity by ENBD and its operational companies is controlled by the Group Funding Desk of Global Markets and Treasury.

ENBD, through EBI, first accessed the international debt markets in April 1999 and has since become one of the most active Middle Eastern banks in employing the debt capital markets to support and diversify its funding needs. With regard to the foregoing, in anticipation of the severity of the approaching liquidity crisis, EBI returned to the syndicated loan market in October 2007 after an absence of four years and raised U.S.\$1.5 billion from a group of 15 banks. That facility was repaid on 9 October 2012.

For short-term funding, EBI established a U.S.\$4 billion Euro Commercial Paper programme (the "**ECP Programme**") under which the equivalent of U.S.\$287.2 million was outstanding as at 31 January 2014, as compared to U.S.\$349.2 million as at 31 January 2013. Following the amalgamation of EBI and NBD with ENBD in November 2009, ENBD is now the issuer under the ECP Programme and is responsible for all series of commercial paper issued by EBI and outstanding under the programme.

ENBD does from time to time buy back its own debt (senior and subordinated) in the open market.

In June 2009, EBI raised AED 4 billion of Tier 1 debt securities. The sole investor was ICD (which is wholly owned by the Government), the majority shareholder of ENBD. These securities are perpetual, subordinated and unsecured and for the first five years have an annual 6.45 per cent. fixed rate coupon, after which they carry a floating rate coupon linked to EIBOR plus a margin of 4 per cent. The UAE Central Bank has approved the qualification of these securities for Tier 1 Regulatory Capital purposes. Further, as mentioned above, ENBD's capital was increased in March 2009 by the conversion of AED 12.6 billion of deposits from the UAE Federal Government into longer-term subordinated debt. This has started to amortise from an eligible capital perspective. To date, ENBD has repaid AED 7.8 billion of these deposits.

In August 2010, ENBD completed an asset backed securitisation of its UAE auto loan portfolio, the first such deal from the Middle East and by ENBD. These auto loans were sold to Emirates NBD Auto Finance Limited (the "**APC**"), which issued ¥19 billion notes due in 2022 carrying a floating rate coupon linked to the London interbank offered rate for one month Japanese Yen deposits plus a margin of 1.8 per cent. As at 31 December 2013, the auto loans and receivables balance transferred to APC was AED 806 million, as compared to AED 968 million as at 31 December 2012, and the associated liability secured by these assets and included under debt issued and other borrowed funds was AED 628 million as at 31 December 2013, as compared to AED 810 million as at 31 December 2012.

In May 2013, ENBD issued regulatory Tier 1 Capital notes amounting to U.S.\$1 billion. The notes are perpetual, subordinated, unsecured and have been issued at a fixed interest rate of 5.75 per cent. with a reset after six years.

In December 2013, ENBD raised U.S.\$800 million through a three year club deal at a cost of U.S.\$3M LIBOR plus a margin of 140 bps.

As at 31 January 2014, ENBD and its main operational companies had, since July 2002, launched 214 bond issues with a total value of U.S.\$15,026 million on seven exchanges: Luxembourg, London, Dublin, NASDAQ Dubai, Singapore, Sydney and Bangkok. As at 31 January 2014 outstanding issuance for ENBD and its main operational companies totalled U.S.\$5,178 million with U.S.\$1,987 million in new issuance for 2013 and \$50 million issued in January 2014. ENBD's objective has always been to diversify and deepen its investor base, reduce the maturity mismatch between assets and liabilities and to manage maturities, thereby reducing the quantum of refinancing risk.

The following table shows the maturity profile of all of the Group’s Strategic Funding Liabilities outstanding as at 31 December 2013:

Information Technology

ENBD’s Information Technology (“IT”) division is focused on utilising the most advanced IT systems to secure ENBD’s customers and ensure that customers’ data is well protected and secured against unauthorised entry. ENBD envisages the role of information technology to be significant in ensuring that IT remains responsive and flexible to the competitive and dynamic forces of the environment within which it operates. Accordingly ENBD continues to invest in IT to ensure that it is resourced in line with modern banking requirements.

ENBD utilises a call centre for 24 hour phone banking and provides online and mobile banking platforms for retail and corporate customers (see “– Retail Banking and Wealth Management – Retail Banking”). A 24-hour IT support centre is also in place with expert support staff to address any IT related issues.

The security and reliability of ENBD’s IT services is protected by the use of a disaster recovery site at a remote premise that can be activated in the case of any incident affecting ENBD’s IT systems to ensure that critical systems and data continue to be fully operational. ENBD’s disaster recovery plan enables for regular testing of recovery operations.

The IT department carries out daily and other periodic data back-ups which are also stored at a remote location. ENBD also carries out annual intrusion tests on its IT network with the assistance of an external vendor. There is no evidence of intrusion attempts to date.

In 2013, the IT division launched several strategic projects to improve customer experience, engagement and acquisition across multiple distribution channels. Technology services and service availability were significantly improved by consolidating and updating existing technologies, including the development of an iPad banking application, the launch of ENBD’s “Customer Relationship Management” sales and marketing platform to improve cross-selling capabilities and enhancing ENBD’s ability to connect with customers through social media channels.

ENBD’s IT division also supported Emirates Islamic in launching its new brand across various distribution channels and ENBD launched a cloud based incentive management platform in collaboration with Oracle. ENBD’s IT division also supported the business in the launch of new products and initiatives such as the co-branded Manchester United card and Visa signature debit and credit cards.

In addition, the corporate banking internet platform was enhanced with the introduction of a liquidity management solution enabling corporate customers to use features such as account aggregation and cash concentration.

The IT division is also in the process of merging ENBD’s Egyptian operations into Group applications.

Insurance

ENBD has various insurance policies in place, including directors and officers insurance, third party liability insurance and bankers blanket bond insurance. ENBD believes that these insurance policies provide it with comprehensive insurance coverage against the various risks to which ENBD may be exposed.

Litigation

ENBD is not involved in any litigation, arbitration or administrative proceedings relating to claims which could have a material adverse effect on its financial condition and the results of operations and is not aware of any such litigation, arbitration or administrative proceeding that is pending or threatened.

Therefore no material provision has been made as at 31 December 2013 regarding any outstanding legal proceedings against ENBD.

Fiscal Year

The fiscal year of ENBD is the calendar year ending on 31 December.

MANAGEMENT OF EMIRATES NBD PJSC

Board of Directors

ENBD is managed by the Board, which is comprised of up to nine members elected by its shareholders to serve terms of three years. The Board is composed of individuals independent of the Government and decisions are taken by the Board in the sole interest of ENBD. As at the date of this Base Prospectus, the Board is comprised of the nine directors listed below.

Name	Position
H.H. Sheikh Ahmed bin Saeed Al Maktoum	Chairman
Mr. Hesham Abdulla Al Qassim	Vice Chairman
H.E. Khalid Juma Al Majid	Director
Mr. Hussain Hassan Mirza Al Sayegh	Director
Mr. Buti Obaid Buti Al Mulla	Director
Mr. Shoaib Mir Hashem Khoory	Director
Mr. Mohamed Hamad Obaid Khamis Al Shehi	Director
Mr. Mohamed Hadi Ahmad Abdulla Al Hussaini	Director
Mr. Ali Humaid Ali Al Owais	Director

H.H. Sheikh Ahmed bin Saeed Al Maktoum was appointed as the Chairman of ENBD in June 2011. His Highness holds a Bachelor degree from the University of Denver, Colorado, USA and he is a Fellow of the Royal Aeronautical Society, a recipient of the Commandeur de l'Ordre de la Legion d'Honneur (the Legion of Honour) of France and a recipient of the Verfassungspostugaleser of Germany. His Highness is currently the Chairman and Chief Executive of the Emirates Group, which includes Emirates Airlines, dnata and other aviation related entities. In addition, His Highness is the Chairman of the Supreme Fiscal Committee of the Government (the "SFC"), Supreme Council of Energy, British University of Dubai, Noor Investment Group LLC, Noor Takaful PJSC, Dubai Airport Free Zone Authority, Dubai Airports, Dubai World, Flydubai and Dubai Aerospace Enterprise, Deputy Chairman of Dubai Executive Council and Dubai World Trade Centre, President of the Dubai Civil Aviation Authority (since 1985) and a director of ICD, the UAE General Civil Aviation Authority and the Dubai Council for Economic Affairs.

Mr. Hesham Abdulla Al Qassim was appointed as the Vice Chairman of ENBD in June 2011. Mr. Al Qassim is currently the Vice Chairman and CEO of Dubai Real Estate Corporation/Wasl. In addition, he is the Chairman of Emirates Islamic, Emirates NBD Capital KSA and Emirates NBD Egypt and a member of the boards of directors of Gulf Finance Corporation PJSC, Amlak Finance PJSC, International Humanitarian City and NGI.

H.E. Khalid Juma Al Majid was appointed as a director of ENBD in November 2009. He is also the Vice Chairman of Juma Al Majid Group of Companies and the UAE Central Bank, a director of the Dubai Chamber of Commerce and Industry and a member of the Board of Trustees of Emirates Nationals Development Programme.

Mr. Hussain Hassan Mirza Al Sayegh was appointed as a director of ENBD in July 2007. He is currently the Chairman of Jotun UAE Ltd and Jotun Powder Coatings UAE LLC, the Deputy Chairman of Oilfields Supply Centre Ltd and Al Nasr Leisureland, and a member of the boards of directors of Emirates National Oil Company Limited (ENOC) LLC, Emirates Petroleum Products Company (EPPCO) LLC, Al Maktoum Foundation, the National Bank of Fujairah, Marsh Inscos and Mawarid Finance PJSC.

Mr. Buti Obaid Buti Al Mulla was appointed as a director of ENBD in July 2007. He is currently the Chairman of Dubai Insurance Co., Vice Chairman of Emirates Islamic and Emirates Investment Bank PJSC and a director of Dubai Bank.

Mr. Shoaib Mir Hashem Khoory was appointed as a director of ENBD in June 2011. Mr. Khoory is the Managing Director of Mir Hashim Khoory LLC. He is the Chairman of Dubai Bank, MAHY Khoory, Group International Institute Management (GIIM) French School in Dubai, and a director of Emirates Islamic, Dubai Real Estate Corporation/WASL, Jebel Ali Cement Factory, Emirates Telecommunications Corporation (Etisalat), and Mir Hashim Khoory LLC.

Mr. Mohamed Hamad Obaid Khamis Al Shehi was appointed as a director of ENBD in June 2011. Mr. Al Shehi is also the Deputy Director General of the Department of Finance of the Government, Secretary of the SFC, member of the Economic Development Committee, Sectoral

Committees of the Executive Council and government representative for the Fiscal Policy Coordination Council of the Ministry of Finance. In addition, he is the Chairman of Emirates Financial Services and a director of Emirates Islamic, Dubai Bank, Emirates NBD Asset Management Ltd, ENBD Capital, Dubai Real Estate Corporation and Galadari Brothers Co. LLC.

Mr. Mohamed Hadi Ahmad Abdulla Al Hussaini was appointed as a director of ENBD in June 2011. Mr. Al Hussaini is a director of Emirates Islamic, Emirates Telecommunications Corporation (Etisalat), Dubai Refreshments Company, Economic Zones World, Dubai Real Estate Corporation, Network International, NGI and Emirates NBD Egypt.

Mr. Ali Humaid Ali Al Owais was appointed as a director of ENBD in March 2013. Mr. Ali is the Chairman of Al Owais Group, United Food Company PJSC, United Can Company LLC and Moderna Group LLC. He is the Vice Chairman of Dubai Refreshment Co. PJSC, Modern Bakery and director of Emirates Islamic, Dar Al Takaful and Oman Refreshment Company.

The business address for each of ENBD’s directors is c/o Emirates NBD PJSC, Baniyas Road, Deira, P.O. Box 777, Dubai, UAE.

No member of the Board has any actual or potential conflict of interest between his duties to ENBD and his private interests or other duties.

Senior Management

The day-to-day management of ENBD is conducted by the following senior managers (the “**Senior Managers**”).

Name	Position
Shayne Nelson	Chief Executive Officer
Abdullah Qassem	Group Chief Operating Officer
Surya Subramanian.....	Chief Financial Officer
Manoj Chawla	General Manager, Risk
Aazar Ali Khwaja.....	Group Treasurer
Patrick Clerkin	Head of Investor Relations & Managing Director, Group Funding & Principal Investments
Jonathan Morris	General Manager, Wholesale Banking
Kevin Flannery.....	General Manager, International
Husam Al Sayed.....	General Manager, Human Resources

Shayne Nelson, Chief Executive Officer

Shayne Nelson has served as Chief Executive Officer of ENBD since November 2013. Shayne has more than 25 years experience in the banking industry and has extensive and diverse experience in various roles. Prior to joining ENBD, he served as the Chief Executive Officer of Standard Chartered Private Bank in Singapore. He was also the Chairman of Standard Chartered Saadiq Islamic Advisory Board and a Board member of Standard Chartered Bank (China) Ltd.

Shayne was also appointed as the Regional Chief Executive Officer for Standard Chartered Bank Middle East and North Africa, Chairman of Standard Chartered (Pakistan) Limited, and Chairman of the Banking Advisory Council to the board of the Dubai International Financial Centre. He also held the position of Chief Executive Officer and Managing Director of Standard Chartered Bank, Malaysia Berhad.

Shayne’s strong background within banking also includes previous positions as Standard Chartered’s Chief Risk Officer for Wholesale Banking, Regional Head of Corporate and Institutional Banking Audit in the Asia Pacific Region and India, as well as Regional Head of Credit in Hong Kong, China and North East Asia. He was also the Head of Corporate and Institutional Banking for Westpac Banking Corporation in Western Australia.

Shayne is also a member of the board of directors of ENBD Capital, a Founding Member of the Higher Colleges of Technology Industry Advisory Council, a Graduate Member of the Australian Institute of Company Directors and an Associate Fellow of the Australian Institute of Managers.

Abdulla Qassem, Group Chief Operating Officer

Abdulla Qassem has served as Group Chief Operating Officer of ENBD since September 2009. Abdulla studied Computer Science & Business Administration at St. Edwards University, Austin,

Texas. His professional career began at EBI in 1988 where he rose from the position of Programmer to General Manager, IT Operations & Administration.

Abdulla's responsibilities in respect of the Group encompass the provision of IT services, including the introduction of innovative technologies, to the Group as well as oversight over administration and banking operations.

Abdulla is also a director of D-Clear Europe Ltd and Smart Stream Technology Group plc, Chairman of Network International and Tanfeeth, Vice-Chairman of SINNAD (Bahrain) and Vice-Chairman at EXCO meetings.

Surya Subramanian, Chief Financial Officer

Surya Subramanian has served as Chief Financial Officer of ENBD since September 2010. He is a Chartered Accountant with more than 30 years' experience in banking and finance in India, Pakistan and Singapore. He has experience in business roles in finance across country, regional and group structures with some of the world's leading financial institutions. More recently, prior to his appointment as Chief Financial Officer of ENBD, Surya was working with the Ministry of Finance and the Accounting and Corporate Regulatory Authority in Singapore to support the promulgation of accounting standards as well as financial reporting oversight for all companies registered in Singapore. He is a member of the IFRS Advisory Council that supports the IASB and the IFRS Committee Foundation.

Manoj Chawla, General Manager, Risk

Manoj Chawla has served as General Manager, Risk of ENBD since September 2013. Prior to joining ENBD Manoj worked in risk management with a large global bank and was based in Thailand and Singapore. Prior to his appointment as General Manager, Risk, Manoj was Chief Risk Officer, UAE of ENBD. Manoj is a seasoned risk professional with over 20 years of experience in risk management across various risk disciplines with key expertise in building risk infrastructure, portfolio restructuring and management, managing merger and acquisition risk. Manoj is a qualified Chartered Accountant, lawyer, Company Secretary and a Certified Islamic Finance executive.

Aazar Khwaja, Group Treasurer

Aazar Khwaja has served as Group Treasurer of ENBD since joining in September 2012. He has more than 20 years of experience in treasury and global markets across a number of geographies. Prior to joining ENBD, he was the Regional Treasurer for Emerging Markets/Africa with Barclays Bank Plc, during which he also served as Chairman of Barclays' regional Asset and Liability Management Committee. His previous roles included Managing Director and Head of Fixed Income Currency and Commodities in Citigroup's Central and Eastern European division, Group Treasurer for Saudi Hollandi (ABN AMRO) Bank in Saudi Arabia, Managing Director of Treasury for ABN AMRO/K&H Bank in Hungary, General Manager of Treasury for ABN AMRO in Romania, as well as Country Treasurer for Citibank NA in Pakistan.

Patrick Clerkin, Head of Investor Relations & Managing Director, Group Funding & Principal Investments

Patrick Clerkin is Head of Investor Relations and Managing Director for ENBD's Group Funding and Principal Investments. The Investor Relations team updates the analyst and investor community on ENBD's performance and development through one-on-one meetings, conferences, roadshows and ENBD's website. The Global Funding team manages the strategic funding needs of ENBD. This includes senior debt and capital issuances and alternative forms of financing such as loan securitisations. Since the beginning of 2012 the team has raised over U.S.\$8 billion dollars of capital and senior debt through public issues and private placements. The Principal Investment team manages ENBD's investment portfolio which includes hedge funds, credit funds and private equity.

Patrick has been with Emirates NBD since 2007. Prior to joining ENBD, he worked in London where he was co-head of the global operating company rating team at Fitch Ratings. Before this he was part of the senior management team that ran the structured investment group at JP Morgan where he looked after capital modelling and risk management.

Patrick has a BSc (First Class) in Actuarial Mathematics and Statistics from Herriot-Watt University and an MSc in Mathematical Finance from Oxford University.

Jonathan Morris, General Manager, Wholesale Banking

Jonathan Morris is the Group's new General Manager of Wholesale Banking and member of the Group's Executive Committee. Jonathan Morris has assumed overall responsibilities for Corporate and Institutional Banking and Investment Bank for Emirates NBD. He joins the Group from Standard Chartered Bank ("**SCB**") where he held the position of Chief Executive Officer for the United Arab Emirates. His previous roles at SCB include Chief Executive Officer, Bahrain, Regional Head of Origination & Client Coverage, Africa, Regional Head of Corporate & Institutional Banking, Europe and Head of Corporate & Institutional Banking UAE & Oman.

Kevin Flannery, General Manager, International

Kevin Flannery, General Manager, International, has been with the Group for 29 years and is a member of the EXCO. He has held a variety of executive and general management roles including corporate, credit, treasury, special loans, regional controller and Country Chief Executive. He has worked in ENBD's commercial banking operations overseas including Kenya, Nigeria, Pakistan and most recently Egypt as acting Chief Executive Officer during ENBD's acquisition of Emirates NBD Egypt in 2013. He has overall responsibility for ENBD's activities in the nine countries outside the UAE where ENBD is represented and has been instrumental in developing and implementing the Group's international strategy and footprint over the last few years. He also leads the implementation of ENBD's non-organic strategy through mergers and acquisitions particularly in the MENA region and successfully negotiated the acquisition of Emirates NBD Egypt.

Husam Al Sayed, General Manager, Human Resources

Husam Al Sayed has served as Group General Manager, Human Resources of ENBD since September 2011. Previously, he served as the General Manager of Human Resources at NBD prior to the merger and continued as Group General Manager of Human Resources of ENBD until 2009. Prior to this, he worked for Emirates National Oil Company (ENOC), as the Group Manager, Human Resources. He has 30 years of experience and knowledge in the field of people management and has a Masters in Public Administration (MPA) from the University of Toledo, USA.

The business address for each of the Senior Managers is c/o Emirates NBD PJSC, Baniyas Road, Deira, P.O. Box 777, Dubai, UAE.

No Senior Manager has any actual or potential conflict of interest between his duties to ENBD and his private interests or other duties.

Committees

ENBD has established a number of committees, which include the following:

Board Executive Committee:

The Board Executive Committee ("**BEC**") acts for the Board on urgent matters arising between regular Board meetings in cases where it is not possible to convene a meeting of the Board. The BEC has the powers of the Board in the management of the business and affairs of ENBD.

Board Audit Committee

The Board Audit Committee ("**BAC**") is responsible for reviewing all internal audit and management compliance reports that are produced by ENBD and providing direction to management on rectifying weaknesses or shortcomings highlighted in such reports. The BAC is also responsible for receiving and evaluating management letters issued by external auditors and reports of regulatory bodies. The members of the BAC comprise members of the Board, and meetings are attended by the Chief Executive Officer, Chief Financial Officer, Head of Internal Audit, and the Company Secretary. Other members of executive and senior management may attend by invitation. The committee meets quarterly.

Board Credit and Investment Committee

This committee meets regularly to review the quality and performance of the credit and investment portfolio of ENBD. The BCIC reviews and monitors the effectiveness of ENBD's credit and investment risk strategy whilst taking into consideration the risk appetite of ENBD. Among other things, the BCIC approves lending strategy and policies, establishes delegated lending authorities and evaluates and approves credit and investment proposals. The members of the BCIC

comprise the Chairman of the Board and at least two other directors as well as the Chief Executive Officer and other members of management.

Management Credit Committee

This committee meets twice a week and supports the BCIC and provides guidance to management on the strategic objectives of ENBD. It assesses, approves and recommends facilities, renewal of existing facilities, debt settlement and write-offs, provisioning, amendments to pricing and ratings, within predetermined parameters. The MCC also monitors, and reviews and recommends policies for, the credit portfolio performance of ENBD's Wholesale Banking unit.

Board Risk Committee

This committee is responsible for the corporate and risk governance framework of the Group. This includes the review, approval and monitoring the Group's risk management procedures, the Group's risk appetite and its overall risk profile. The committee also oversees ENBD's Basel II and III implementation. The committee convenes on a quarterly basis.

Board Nomination and Remuneration Committee

This committee reviews and guides management on strategic human resource decisions relating to executive succession planning, nationalisation strategy, management appointments and remuneration policies. The committee, which meets on a quarterly basis, ensures that human resource governance within the Group is implemented in a professional and efficient manner.

Executive Committee

The Executive Committee (the "EXCO") is headed by the Chief Executive Officer. The role of the EXCO is to collectively monitor the performance of ENBD and make decisions within the authority limits delegated to it by the Board. The EXCO makes specific recommendations to the Board on decisions that fall outside its delegated authority limits. The EXCO comprises the Chief Executive Officer, the Chief Financial Officer, the General Manager, Risk, the Head of Wholesale Banking, the Head of Consumer Banking & Wealth Management, the Head of Information Technology and Operations, the General Manager, Global Markets and Treasury and the Chief Executive Officer of ENBD. The EXCO meets once every two weeks.

Assets and Liabilities Committee

ENBD's ALCO is responsible for dealing with market risk exposures such as liquidity, interest rates, investment and economic capital management. ENBD's ALCO manages the structure and composition of ENBD's investment portfolio, structural interest rates, exchange rate positions and maturity gaps, as well as its capital adequacy position. ENBD's ALCO comprises the Chief Executive Officer, the Chief Financial Officer, the General Manager, Risk, the Head of Wholesale Banking, the Head of Consumer Banking and Wealth Management, the General Manager, Global Markets and Treasury and other senior executives. The Committee meets once a month in the normal course of business and more often if needed.

Management Investment Committee

The Management Investment Committee is responsible for approving ENBD's investments and ensuring that an appropriate balance is achieved between risks and rewards. The Management Investment Committee manages ENBD's reputation risk by setting and enforcing investment guidelines. The Committee comprises members from Global Markets and Treasury, Risk and other senior management. The committee meets monthly.

Employees

As at 31 December 2013, ENBD employed 9,468 staff (excluding the Egyptian business), the majority of whom were full-time employees and 329 of whom were employed in ENBD's overseas operations. As at 31 December 2012, ENBD employed 8,072 staff. ENBD has no history of industrial disputes and considers its relationship with its employees to be good.

Training

Training is an integral part of staff learning and development at ENBD. ENBD's Learning and Development Centre (the "LDC") provides job-specific training to various categories of staff within ENBD, such as tellers, personal banking assistants, sales associates and management, as required.

The training is provided predominantly through e-learning and skills based workshops. The LDC's financial services training programme is geared towards helping staff attain international certifications such as Chartered Institute for Securities & Investment, Institute of Chartered Accountants in England and Wales – Certificate in Finance, Accounting and Business, and Associate Chartered Accountant Certificate. The LDC's Leadership and Management Development programme is aimed at leadership development at varying seniorities. Such training programmes are often run in collaboration with world renowned providers such as Harvard Business Publishing and the IESE Business School. The LDC also facilitates participation of ENBD staff members in relevant external courses, seminars and workshops to enhance their knowledge and skillsets. In addition, there is a special emphasis on training young UAE nationals to assume roles of responsibility within ENBD. The LDC works with ENBD's various businesses and support units to achieve business results and implement projects successfully by executing targeted training modules based on business and staff requirements.

Remuneration Policy

The success of ENBD is dependent upon the competence of employees at all levels of its business. ENBD provides a range of reward and recognition schemes to attract, motivate and retain high calibre individuals to drive the performance of the business and drive new growth streams.

ENBD has a variable pay scheme for middle and senior management under which performance bonuses are awarded based on annual performance appraisals. The bonus awarded is dependent on individual performance, the performance of the respective business unit and the performance of ENBD.

ENBD also pays sales staff incentives for achieving sales and revenue targets to its frontline sales and operations staff in retail sales and in the branches. These sales incentives are administered by Retail Finance with oversight by HR. The incentive plan is flexible and changes in the plan are initiated based on business trends and requirements.

Emiratisation

As part of a policy of "Emiratisation", UAE banks were instructed in 1999 to increase the number of UAE nationals on their payroll by at least 4 per cent. per annum until they reached 40 per cent. of the payroll.

ENBD's UAE nationalisation committee is charged with the responsibility of developing existing UAE staff, attracting talent and working to the needs of the community.

In 1999, UAE nationals comprised 20 per cent. of the staff of EBI and as at the date of this Base Prospectus, this proportion is approximately 25 per cent. ENBD plans to continue to increase the percentage of employees who are UAE nationals in line with the "Emiratisation" policy. Training and recruitment of nationals for managerial positions is a major objective of ENBD. ENBD continues to support the training and sponsorship of students in local universities and colleges.

Related Parties

ENBD enters into transactions with its major shareholders, subsidiaries, directors, executive management and their related concerns in the ordinary course of its business and at commercial interest and commission rates. As at 31 December 2013, ENBD had made loans and advances to related parties totalling AED 92.7 billion and had received customer deposits from related parties totalling AED 6.5 billion.

DESCRIPTION OF EMIRATES NBD GLOBAL FUNDING LIMITED

General

Emirates NBD Global Funding Limited (“**EGF**”) was incorporated in the Cayman Islands as an exempted limited liability company on 3 July 2009 under the Companies Law (as revised) of the Cayman Islands, registered in the Cayman Islands with registration number TU-227990. Its registered office is c/o Deutsche Bank (Cayman) Limited, Boundary Hall, Cricket Square, 171 Elgin Avenue, P.O. Box 1984, Grand Cayman, KY1-1104, Cayman Islands and the telephone number of the registered office is +001 345 949 8244.

The authorised share capital of EGF as at 31 December 2013 is U.S.\$50,000 divided into 50,000 ordinary shares with a par value of U.S.\$1.00 each. The issued share capital of EGF is 1 share, which is fully paid and held by ENBD. EGF has no subsidiaries.

Business of EGF

EGF has no significant prior operating history or significant prior business.

The objects of EGF, as referred to in its Memorandum of Association (as registered or adopted on 3 July 2009), are unrestricted. EGF will not engage in any business activity other than the issuance of Notes under this Programme and other borrowing programmes established from time to time by ENBD, the issuance of shares in its capital and other activities incidental or related to the foregoing. EGF has established a U.S.\$1,000,000,000 Structured Note Programme (the “**Structured Note Programme**”) on 19 December 2011 whereby it may issue, from time to time, structured notes in different currencies and denominations. The Structured Note Programme is admitted to trading on the Luxembourg Stock Exchange’s regulated market and is listed on the official list of the Luxembourg Stock Exchange. As at the date of this Base Prospectus, no notes have been issued by EGF under the Programme, the Structured Note Programme or any other borrowing programme established by ENBD.

Financial Statements

Since the date of its incorporation, no financial statements of EGF have been prepared.

Directors of EGF

The board of directors of EGF and their principal occupations are as follows:

Director	Principal Occupation
Aazar Ali Khwaja	Group Treasurer of ENBD
Patrick Clerkin	Head of Investor Relations & Managing Director, Group Funding & Principal Investments of ENBD
Ajay Sehgal	Deputy General Manager, Treasury of ENBD
Ammar Al Haj	Director, Global Funding of ENBD

The business address of each member of the board of directors is Emirates NBD PJSC, Baniyas Road, Deira, P.O. Box 777, Dubai, United Arab Emirates.

No member of the board of directors has any actual or potential conflict of interest between his duties to EGF and his private interests and/or other duties.

EGF has no employees and is not expected to have any employees in the future.

OVERVIEW OF THE UAE AND THE EMIRATE OF DUBAI

The UAE

The UAE is a federation of seven Emirates. Formerly known as the Trucial States, they were a British protectorate until they achieved independence on 2 December 1971 and merged to form the United Arab Emirates. Each Emirate has a local government headed by the Ruler of the Emirate. There is a federal government which is headed by the President. The federal budget is principally funded by the Emirate of Abu Dhabi.

The UAE as a whole extends along the West coast of the Arabian Gulf, from the coast of the Kingdom of Saudi Arabia near the base of the State of Qatar peninsula in the West to the Emirate of Ras Al Khaimah in the North and across the Mussandam peninsula to the Gulf of Oman in the East, covering an area of approximately 83,600 square kilometres in total.

The federation is governed by the Supreme Council of the Rulers which consists of the Rulers of the seven Emirates (the "**Supreme Council**"). The Supreme Council elects from its own membership the President and the Vice President (for renewable five year terms). H.H. Sheikh Zayed bin Sultan Al Nahyan, the late Ruler of Abu Dhabi, held the position of President from 1971 until his death in November 2004. During his long presidency, H.H. Sheikh Zayed bin Sultan Al Nahyan oversaw massive investment in the infrastructure of the UAE, which transformed the country. Following his death, his son H.H. Sheikh Khalifa bin Zayed Al Nahyan took over as Ruler of Abu Dhabi and has been elected as President of the UAE.

According to data published by the IMF in April 2013, the UAE is the second largest economy in the Gulf Cooperation Council (the "**GCC**") region after the Kingdom of Saudi Arabia based on nominal GDP. It has a more diversified economy than most of the other countries in the Gulf Cooperation Council (the "**GCC**"). According to OPEC data, as at 31 December 2012, the UAE had approximately 6.6 per cent. of the world's proven global oil reserves (giving it the sixth largest oil reserves in the world), generating, according to data produced by the UAE National Bureau of Statistics, 30.8 per cent. of the UAE's GDP for the year ended 31 December 2012.

On 12 December 2013, Moody's reaffirmed the UAE's long term credit rating of Aa2 with a stable outlook. The principal reason cited for this high investment grade rating is the assumption that the obligations of the federal government will be fully supported by the Emirate of Abu Dhabi. The UAE is not rated by the other rating agencies.

The Emirate of Dubai

The Emirate of Dubai is the second largest emirate in the UAE after the Emirate of Abu Dhabi, and is situated on the west coast of the UAE in the south-western part of the Arabian Gulf. It covers an area of approximately 4,357 square kilometres and, except for a tiny enclave in the Hajar Mountains at Hatta, the Emirate of Dubai comprises one contiguous block of territory. The Ruler of Dubai is Sheikh Mohammed bin Rashid Al Maktoum who is also the Vice President and Prime Minister of the UAE.

The Emirate of Dubai started as a pearl diving and fishing village in the first half of the eighteenth century. The growth of the Emirate began in the early part of the nineteenth century when members of the Bani Yas tribe, led by H.H. Sheikh Maktoum Bin Butti, left the Emirate of Abu Dhabi and migrated north to found an independent sheikhdom in the area now known as Dubai.

In the nineteenth century, Dubai, split by a 14 kilometre long creek that leads into a natural harbour, established itself as a centre for the import and re-export of merchandise and this trade activity, along with the pearling industry, were the most important pillars of Dubai's economic activity during the nineteenth century.

In the early part of the twentieth century, to counter the loss of economic activity from the decline in the pearling industry following the First World War, Dubai sought to attract traders through its liberal business policies and low taxes, enabling the Emirate to establish itself as a centre for trade in gold bullion, textiles and consumer durables.

In the 1930s and 1940s, oil was discovered in Kuwait, Qatar and Saudi Arabia, adding to that already found in Iran, Iraq and Bahrain. In 1958, oil was found off the shore of Abu Dhabi and, in 1966, oil was first discovered by the Dubai Petroleum Company at Fateh, which lies 92 km off the coast of Dubai. Over the years, oil revenues have been used to create and develop the economic and social infrastructure of the Emirate. In addition, as a regional trading hub, Dubai was well-placed to capitalise on the increase in Middle East business activity that came with oil exports.

Since the establishment of the UAE in 1971, the Emirate of Dubai has developed its status as a major city, enhancing the well-being of its people and creating an environment that attracts businesses and individuals. To support, maintain and develop this status, the Government intends to focus on: (i) achieving comprehensive development and building human resources; (ii) promoting economic development and government modernisation; (iii) sustaining growth and prosperity; (iv) protecting UAE nationals' interests, the public interest and well-being; and (v) providing an environment conducive for growth and prosperity in all sectors.

Population

The population of the UAE, based on a census carried out in 2005 and according to the UAE National Bureau of Statistics (the "NBS") was approximately 4.1 million, of whom approximately 1.3 million resided in Dubai. The NBS has estimated the population of the UAE to be approximately 8.3 million in 2010. The Dubai Statistics Centre has estimated the population of Dubai to be approximately 2.1 million at the end of 2012.

The populations of both the UAE and Dubai have grown significantly since 1985, reflecting an influx of foreign labour, principally from Asia, as the emirates have developed. The table below illustrates this growth using official census data since 1985 for the UAE:

Population of UAE:

	<u>1985</u>	<u>1995</u>	<u>2005</u>	<u>2010</u>
Total population.....	1,379,303	2,411,041	4,106,427	8,264,070 ⁽¹⁾
Dubai population	370,788	689,420	1,321,453	1,905,476

Sources: Official UAE Census Data

Notes:

(1) NBS estimate.

Estimated Population of Dubai:

The table below sets out the estimated population of Dubai at the end of each of the years indicated:

	<u>2009</u>	<u>2010</u>	<u>2011</u>	<u>2012</u>
Total population, Dubai.....	1,770,978	1,905,476	2,003,170	2,105,875

Source: Dubai Statistics Centre

The majority of the population of Dubai is estimated to be non-UAE nationals, mainly drawn from the Indian subcontinent, Europe and other Arab countries. Approximately 76 per cent. of the population is estimated to be male and 24 per cent. female, reflecting the large male expatriate workforce unaccompanied by family members.

The number of 'active individuals' present during the day in Dubai are estimated at considerably more (approximately 3.1 million at year-end 2012), many of whom work within Dubai yet reside outside of it.

As at 31 December 2012, it was estimated that approximately 15.1 per cent. of the population of Dubai was 19 years of age or under, 29.7 per cent. of the population was between 20 and 29 years of age, 34.5 per cent. of the population was between 30 and 39 years of age, 14.8 per cent. of the population was between 40 and 49 years of age, and 5.9 per cent. of the population was 50 years of age or older. Education and training are an important strategic focus for Dubai. The literacy rate in Dubai for persons at or above the age of 15 was estimated at 96.6 per cent. in 2012 (source: Dubai Statistics Centre).

Governance, Legislation and Judiciary

The UAE

UAE Constitution

The original constitution of the UAE (the "Constitution") was initially provisional and provided the legal framework for the federation. The Constitution was made permanent pursuant to a constitutional amendment in May 1996.

The major principle adopted by the Constitution was that jurisdiction for enacting substantive legislation was confined to the federal government, but the local governments of the seven Emirates were authorised to regulate those matters that were not the subject of legislation by the federal government.

Pursuant to Articles 120 and 121 of the Constitution, the federal government is responsible for foreign affairs; security and defence; nationality and immigration; education; public health; the currency; postal, telephone and other communications services; air traffic control and the licensing of aircraft and a number of other matters including labour relations; banking; the delimitation of territorial waters; and the extradition of criminals. Federal matters are regulated through a number of specially created federal ministries which include the Ministries of Defence, Economy, Finance, Foreign Affairs and Justice. Although most of the federal government ministries are based in the Emirate of Abu Dhabi, many also maintain offices in the Emirate of Dubai. The UAE's monetary and exchange rate policy is managed on a federal basis by the UAE Central Bank. Article 122 of the Constitution states that the Emirates shall have jurisdiction in all matters not assigned to the exclusive jurisdiction of the federation, in accordance with the provision of the preceding two Articles.

The individual Emirates are given flexibility in the governance and management of their own Emirates. The Constitution permits individual Emirates to elect to maintain their own competencies in certain sectors. Based on this flexibility, the Emirate of Dubai has elected to assume responsibility for its own education, judicial and public health systems. The natural resources and wealth in each Emirate are considered to be the public property of that Emirate.

Each Emirate manages its own budget on an independent basis and no Emirate has any obligation to contribute to the budget of any other Emirate. Each Emirate makes contributions to the federal budget in agreed amounts.

Federal Supreme Council

The UAE is governed by the Supreme Council of the Rulers of all the Emirates. This is the highest federal governing body and consists of the Rulers of the seven Emirates. The Supreme Council elects from its own membership the President and the Vice President of the UAE (for renewable five-year terms). Decisions relating to substantive matters are decided by a majority vote of five Emirates, provided that the votes of both the Emirate of Abu Dhabi and the Emirate of Dubai are included in that majority, but matters that are purely procedural are decided by a simple majority vote.

The Supreme Council is vested with legislative as well as executive powers. It ratifies federal laws and decrees, plans general policy and approves the nomination of the Prime Minister and accepts his resignation. It also relieves him from his post upon the recommendation of the President.

The then Ruler of the Emirate of Abu Dhabi, H.H. Sheikh Zayed bin Sultan Al Nahyan, was elected in 1971 as the first President of the UAE and was re-elected as President for successive five-year terms until his death in November 2004. The then Ruler of the Emirate of Dubai, H.H. Sheikh Rashid bin Saeed Al Maktoum, was elected in 1971 as the first Vice-President of the UAE and continued as Vice-President until his death in 1990. H.H. Sheikh Zayed bin Sultan Al Nahyan was succeeded by his son H.H. Sheikh Khalifa bin Zayed Al Nahyan as Ruler of Abu Dhabi who was elected as President of the UAE in November 2004 by the members of the Supreme Council. H.H. Sheikh Mohammed bin Rashid Al Maktoum became the Ruler of Dubai in January 2006 upon the death of his elder brother H.H. Sheikh Maktoum bin Rashid Al Maktoum who had ruled Dubai since 1990. He was also nominated by the President of the UAE, H.H. Sheikh Khalifa bin Zayed Al Nahyan, to be the next Prime Minister and Vice-President of the UAE in January 2006. The members of the Supreme Council accepted the President's nomination shortly thereafter.

Federal Council of Ministers

The Federal Council of Ministers (the "**Cabinet**") is described in the Constitution as the executive authority for the federation and is responsible for implementing policy decisions of the Supreme Council. The Cabinet is the principal executive body of the federation. The Constitution defines the responsibilities of the Cabinet, which include the issuing of regulations, the preparation of draft laws and the drawing up of the annual federal budget.

Based in the Emirate of Abu Dhabi, the Cabinet is headed by the Prime Minister and consists of the Deputy Prime Minister and a number of other Ministers. These Ministers are normally

selected (for no fixed term) by the approval of the Supreme Council on the recommendation of the Prime Minister.

Federal National Council

The Federal National Council is a parliamentary body which comprises 40 members who are UAE nationals. Half of the members are appointed by their respective rulers and the other half is elected under an electoral process. Each Emirate appoints members for a particular number of seats based on such Emirate's population and size. The Emirates of Abu Dhabi and Dubai have eight members each, the Emirates of Ras Al Khaimah and Sharjah have six members each and the other Emirates have four members each. The nomination of representative members is left to the discretion of each Emirate, and the members' legislative term is four calendar years. The members represent the UAE as a whole rather than their individual Emirates.

Presided over by a speaker, or either of two deputy speakers elected from amongst its members, the Federal National Council has both a legislative and supervisory role under the Constitution. This means that it is responsible for examining and, if required, amending, all proposed federal legislation, and is empowered to summon and to question any federal minister regarding ministry performance. One of the main duties of the Federal National Council is to discuss the annual budget of the UAE. Although the Federal National Council can monitor and debate government policy, it has no veto or amendment power and cannot initiate any legislation by itself.

The inaugural Federal National Council elections were held in December 2006, following reforms to enhance public participation in the electoral process. Under these reforms, the Ruler of each emirate selected an electoral college numbering approximately 100 times the number of Federal National Council members for the relevant emirate. The members of each electoral college elected half of the Federal National Council members for their emirate, with the remainder being appointed by the Ruler of Dubai.

The most recent Federal National Council elections were held in September 2011, following the issuance of new electoral guidelines by the National Election Commission in May 2011, addressing the methods of selection of representatives to the Federal National Council, the role of the National Election Commission and its sub-committees and general rules on the elections, nominations, campaign, filing of appeals and timeline for the electoral process. On 24 September 2011, 468 candidates stood for election to the 20 elected positions on the Federal National Council, with a voter turnout across the UAE of 35,877, or 27.8 per cent. of an expanded electoral college of 129,274.

Legal and Court System

There are three primary sources of law in the UAE, namely: (i) federal laws and decrees (applicable in all seven Emirates); (ii) local laws and decrees (i.e. laws and regulations enacted by an individual Emirate); and (iii) the *Shari'a* (Islamic law). The secondary form of law is trade custom or practice. In the absence of federal legislation on areas specifically reserved to federal authority, the Ruler of Dubai or local government of each Emirate can apply his or its own rules, regulations and practices.

The federal judiciary, whose independence is guaranteed under the Constitution, includes the Federal Supreme Court and Courts of First Instance. The Federal Supreme Court consists of five judges appointed by the Supreme Council. The judges decide on the constitutionality of federal laws and arbitrate on inter-Emirate disputes and disputes between the federal government and the Emirates.

In accordance with the Constitution, three of the seven Emirates (the Emirates of Abu Dhabi, Dubai and Ras Al Khaimah) have elected to maintain their own court system, separate from that of the UAE, and these courts have sole jurisdiction to hear cases brought in the respective Emirates. The judicial system in Dubai is comprised of: (i) a Court of First Instance; (ii) a Court of Appeal; and (iii) a Court of Cassation.

Emirate of Dubai

The laws of Dubai are passed by Decree of the Ruler of Dubai, Sheikh Mohammed bin Rashid Al Maktoum, who is also the Vice-President and Prime Minister of UAE. The Crown Prince of Dubai is Sheikh Hamdan bin Mohammed Al Maktoum. The Deputy Rulers are Sheikh Hamdan bin Rashid Al Maktoum and Sheikh Maktoum bin Mohammed Al Maktoum.

The key entities in the structure of the Government are: (i) the Ruler's Court; (ii) the Supreme Fiscal Committee (the "**SFC**"); and (iii) the Executive Council (the "**Executive Council**"). The Dubai Department of Economic Development (the "**DED**") and the Dubai Department of Finance (the "**DOF**") are administrative bodies. All five of these entities have distinct roles:

The Ruler's Court: Except in relation to applicable federal laws, His Highness the Ruler of Dubai is the sole legislator for the Emirate and all Dubai laws are passed by His Highness after drafts of the laws have been approved by the Ruler's Court in consultation with the Executive Council. All other matters that require the involvement of His Highness the Ruler of Dubai are channelled through the Ruler's Court.

Supreme Fiscal Committee: The SFC was established in November 2007 to formulate the fiscal policies of the Government and to regulate Government borrowings. The SFC is authorised to approve borrowings by the Government and Government-owned entities on behalf of the Government. The SFC also aims to improve coordination between various Government entities, and to enable government entities to meet their respective development targets in a cost efficient manner.

Executive Council: The Executive Council seeks to ensure coordination amongst Government departments such as the courts, the police, the Health Authority, the Land Department, the Department of Civil Aviation, the DED and the Department of Tourism and Commerce Marketing. The Executive Council works with these departments to implement an overall strategy for the Government, while considering the requirements and strategies of each particular department. In addition, the Executive Council works with the DOF to prepare an overall budget to fund the requirements of the various government departments. In addition to this broad coordination role, the Executive Council also recommends new laws and regulations, and is involved in the implementation of laws promulgated at both the Emirate and federal levels.

Department of Economic Development: The DED is a regulatory and administrative body responsible for licensing and regulation of the business sector. All businesses operating in Dubai are required to be registered with and licensed by the DED. The DED also helps formulate Government policy in relation to economic planning and the promotion of Dubai as a business centre. The DED works closely with relevant government bodies such as the Ministry of Labour and the Real Estate Regulatory Authority.

Department of Finance: The DOF is the local ministry of finance and treasury for the Government. All revenues of the Government are collected within the DOF and all Government authorities are funded through the DOF. In addition, the DOF also functions as an administrative office of the SFC for executing and monitoring compliance with the SFC's decisions.

Strategy of Dubai

Since the establishment of the UAE in 1971, Dubai has developed its status as a major city, enhancing the well-being of its people and creating an environment that attracts businesses and individuals. To support, maintain and develop this status, the Government intends to focus on (i) achieving comprehensive development and building human resources, (ii) promoting economic development and government modernisation, (iii) sustaining growth and prosperity, (iv) protecting UAE nationals' interests, the public interest and well-being, and (v) providing an environment conducive for growth and prosperity in all sectors.

Dubai Strategic Plan 2015

In 2007, the Government adopted a set of guiding principles for the various sectors that comprise the Dubai Strategic Plan 2015 (the "**DSP 2015**"). The aim of the DSP 2015 is to ensure an understanding of the Government's vision among all government entities and a common framework for the operations of these entities. The DSP 2015 focuses on the core areas of economic development; social development; security, justice and safety; infrastructure, land and development; and government excellence.

The global economic crisis significantly impacted the Government's economic development plans and, as a result, the government is currently reassessing the stated aims of the DSP 2015 in the area of economic development. The DED has been given responsibility for revision of these aims. The stated aims of the DSP 2015 in all other areas remain unchanged.

Economic Development

The DSP 2015 envisages that future economic growth will be focused on the following six sectors: travel and tourism; financial services; professional services; transport and logistics; trade and storage; and construction. These sectors were identified based on their then current status, international competitiveness, Dubai's capacity to develop them and the availability of necessary

enabling factors. The DSP 2015 identifies seven enabling factors that need to be developed in parallel, namely human capital; productivity; science, technology and innovation; the cost of living and doing business; quality of life; economic policy and institutional framework; and laws and regulations.

The specific strategic approaches designed to achieve the DSP 2015's economic development goals are briefly described below:

- *Sector focus and development*: moving Dubai to a new growth path, coupled with future diversification, while maintaining the focus on high value-added sectors that can boost overall economic growth;
- *Productivity growth*: transforming Dubai into a hub of business excellence by raising the productivity of economic sectors and maintaining high production quality standards;
- *Human capital excellence*: preparing Dubai's workforce for the high-value, knowledge-driven economy, which requires attracting and retaining skilled employees, improving UAE nationals' qualifications and increasing their motivation;
- *Science, technology and innovation*: turning Dubai into a science and technology hub in targeted sectors, by supporting the development of existing sectors, and establishing the right environment for nurturing the post-2015 economy;
- *Cost of living and doing business*: ensuring and maintaining Dubai's competitiveness by managing the cost of living in the emirate;
- *Quality of life improvement*: establishing Dubai as a preferred home for current and future residents by improving the well-being of citizens and residents and helping them live healthier lives enriched with opportunity and choice; and
- *Economic policy and institutional framework*: striving for excellence in economic policy-making and deployment through coordination with the federal government, the provision of adequate data, and strengthening the institutional framework and capabilities.

Following the global economic crisis, the Government chose to reassess the economic growth and productivity goals set out in the DSP 2015. As part of this reassessment, which is still ongoing, the Government is in the process of preparing a Medium Term Economic Plan to be implemented through to 2015 (the "**Medium Term Economic Plan**"). The specific proposals and goals that will ultimately be included in the Medium Term Economic Plan will be based on an evaluation which was performed on the growth and performance of Dubai's economy during the period from 2000 to 2010. This review includes a macroeconomic and microeconomic analysis, including an analysis of the various sectors of Dubai's economy during this time, as well as the identification of broad economic development trends such as the importance of increased trade relations with emerging Asian economies such as India and China, the rapid growth in Dubai's labour force since 2000, with total domestic employment growing by 251 per cent. between 2001 and 2009, and the increased importance of Dubai's free trade zones.

The Medium Term Economic Plan is broadly envisioned to emphasise three goals. First, it will focus on reinforcing and growing Dubai's already established position as a regional and global hub for travel, tourism, trade, transportation and logistics services. Second, it will promote the expansion of Dubai's knowledge based economy by creating a regulatory and economic environment conducive for growing the financial and professional services industries, by attracting international companies to establish their headquarters in Dubai and by further establishing Dubai as a regional centre for the construction services industry. Third, it will continue to encourage major Dubai-based companies to expand globally, thereby deepening Dubai's interconnectedness with the global economy. Economic sectors such as retail and trade, transportation and logistics, tourism and financial services are therefore expected to remain important drivers of Dubai's economic growth in the future.

Social Development

The DSP 2015 acknowledges that, for economic success to be sustainable, it is important that social development sector infrastructure be developed. To ensure that the social development sector is properly equipped to deliver the services required, the DSP 2015 set a number of development aims and strategies for achieving those aims. In particular, the aims and strategies focus on:

- preserving national identity and improving community cohesion through, among other measures, amending immigration rules to ensure and maintain a demographic balance and raising levels of cultural awareness and Arabic language proficiency;
- increasing UAE nationals' participation in the workforce and society by equipping them with the necessary life skills for living in a rapidly changing environment and supporting them to become preferred employees in strategic sectors;
- improving the achievement of students and ensuring that all UAE nationals have access to quality education through a range of measures targeted at improving educational facilities, governance, the quality of teaching staff, the curriculum and access to education;
- improving the quality of healthcare services and the health of the population through a range of measures targeted at, among other things, improving the quality and availability of healthcare facilities, governance and the introduction of health insurance;
- ensuring that quality social services are provided to meet the needs of the population by, among other measures, improving the availability of and access to appropriate services and mobilising voluntary social work and civil organisations;
- ensuring equality and acceptable working conditions for the workforce through coordination with the federal authorities to improve and update labour regulations, increasing the awareness of both employers and employees in relation to their respective rights and providing an environment which attracts and retains the necessary expertise; and
- enriching the cultural environment through the development of infrastructure, the identification of talent and the promotion of cultural events.

Infrastructure, Land and Environment

The strategic vision for this sector is to integrate infrastructure development and environmental focus in order to achieve sustainable development. Within this context, the Government aims to provide a sustainable, effective and balanced infrastructure including all elements such as energy, electricity, water, roads, transportation and waste management while protecting the environment. In particular:

- urban planning will focus on optimising land use and distribution to balance economic, infrastructure and social development needs while preserving natural resources;
- the provision of efficient energy, electricity and water supplies to meet the emirate's growing needs;
- the provision of an integrated roads and transportation system to facilitate mobility and improve safety; and
- maintaining the emirate as a clean, attractive and sustainable environment.

Security, Justice and Safety

The aims in this sector are to provide the infrastructure necessary to ensure human rights and public safety in light of the socio-economic environment and the global challenges faced by Dubai. In particular, there will be a focus on preserving security and order through improvements in the police force and border controls whilst ensuring the integrity and transparency of the security services and the protection of human rights. Crisis management and disaster contingency plans are to be developed to ensure the provision of necessary equipment and infrastructure in the event of a crisis.

In the justice area, access to, and the administration of, justice is to be improved through a range of measures aimed at improving case management, the quality of the judiciary and the elimination of existing economic, geographic, legal and protective barriers that impede access to justice.

In terms of safety, relevant safety regulations are to be improved and safety awareness raised and legislation relating to public health is to be updated and developed.

Government Excellence

Although the Government has made progress in enhancing public sector performance in recent years, including through modernising operations, introducing e-government initiatives and promoting the use of advanced technologies, the emirate's leadership remains committed to further enhancing the Government's ability to continuously provide world-class services. The DSP 2015 envisages that the Government will focus on five long-term strategic aims:

- strengthening its strategic and forward-looking focus through implementing an integrated strategy across all government entities, developing mechanisms for risk identification and management and for the evaluation of policies after they have been implemented;
- enhancing the Government's organisational structures and accountability including through the introduction of key performance indicators;
- increasing efficiency through improved financial management techniques such as results-based budgeting, linking budgets to government priorities, ensuring that all departments move from cash based to accruals-based financial systems and updating accounting policies and the consolidation of accounts as well as outsourcing to the private sector where appropriate;
- enhancing responsiveness and customer service through technology improvements and the introduction of complaints and customer care programmes; and
- empowering and motivating public service employees through training, performance management and other tools.

In line with its strategic development plans, the Government implemented a number of reforms in 2007, including a public sector reorganisation to establish a more systematic form of government; to standardise legislation and governance across government institutions and agencies; and to clearly define the role of the various government entities. These changes, made as part of the Institutional Restructuring programme, were designed to bring about more transparent, efficient and accountable institutions. The Government also enacted a number of structural reforms to enhance public sector efficiency and the institutional framework in relation to the budget and debt management process, including the establishment of a new budget framework for performance management and enhanced budgeting and cash management capabilities.

International Relations

Pursuant to Articles 120 and 121 of the UAE Constitution, foreign policy and international relations are a federal matter and, accordingly, Dubai does not enter into bilateral agreements with foreign governments.

The foreign policy of the UAE is based upon a set of guiding principles, laid down by the country's first President, Sheikh Zayed bin Sultan Al Nahyan. He derived these principles from his belief in the need for justice in international dealings between states, including the necessity of adhering to the principle of non interference in the internal affairs of others and the pursuit, wherever possible, of peaceful resolution of disputes, together with support for international institutions, such as the United Nations (the UN).

Within the Arabian Gulf region, and in the broader Arab world, the UAE has sought to enhance cooperation and to resolve disagreement through the pursuit of dialogue. Thus, one of the central features of the UAE's foreign policy has been the development of closer ties with its neighbors in the Arabian Gulf region. The Gulf Cooperation Council (GCC), which comprises the UAE, Kuwait, Saudi Arabia, Bahrain, Qatar and Oman, was founded at a summit conference held in Abu Dhabi in May 1981.

At the broader level of the Arab world as a whole, the UAE is committed to rebuilding a sense of common purpose among both its people and its governments and, to this end, has supported the strengthening of common institutions, such as the League of Arab States. Beyond the Arab world, the UAE has pursued a policy of seeking, wherever possible, to build friendly relations with other nations, both in the developing and in the industrialised world. The UAE also maintains cordial relations with other regional states and has established good relations with the United States of America and the European Union as well as with developing nations in Africa and many of the countries of the former Soviet Union. In 2010, the UAE entered into a nuclear cooperation agreement with the United States that provides the foundation for the UAE's civilian nuclear energy programme and provides a legal framework for commerce in civilian nuclear energy between the two countries.

Since its establishment, the UAE has played an active role in the provision of financial aid to developing countries and has been a contributor of emergency relief to countries and areas affected by conflict and natural disasters. The philosophy behind the aid policy is two-fold: first, the provision of help for the needy is a duty incumbent on all Muslims and, second, the country's policy on utilisation of the revenues from its oil and gas production has always included a

component that they should be devoted, in part, to helping other countries which have fewer natural resources.

The UAE is an active participant in a number of multi-lateral developmental institutions, including the International Bank for Reconstruction and Development (the World Bank), the IMF, the International Development Agency and regional bodies like the OPEC Fund for International Development, the Arab Gulf Fund for the UN, the Arab Bank for Economic Development in Africa, the Abu Dhabi-based Arab Monetary Fund and the Islamic Development Bank. In addition, the UAE is a member of various international organisations including, among others, the GCC, the UN, the League of Arab States, the Organisation of Islamic Countries, the Organisation of Arab Petroleum Exporting Countries, the Organisation of the Petroleum Exporting Countries (OPEC), the World Health Organisation, the International Organisation for Industrial Development, the World Trade Organisation and the Asia-Pacific Economic Co-operation.

The UAE has an ongoing dispute with Iran and is in continuing discussions with Saudi Arabia over border issues. Since 1971, the three Gulf islands of Abu Musa and Greater and Lesser Tunb have been occupied by Iran. The UAE believes that these islands should be returned to the emirate of Sharjah, which claims sovereignty over them, and is seeking to resolve the dispute through bilateral negotiations or a reference to international arbitration.

The UAE is also seeking, through negotiation, to resolve issues related to the 1974 provisional and, as yet, unratified, agreement with Saudi Arabia on the border between the two countries, which the UAE believes should be substantially amended. In addition, the UAE is involved in discussions with the governments of Saudi Arabia and Qatar over a maritime corridor which Qatar has purported to grant to Saudi Arabia, from within Qatar's own maritime waters, but which crosses part of the route of the gas pipeline between Qatar and the UAE.

Economy of the UAE

The UAE is the second largest economy in the GCC after Saudi Arabia. According to OPEC data, at the end of 2012, the UAE had approximately 6.6 per cent. of the world's proven global oil reserves (giving it the sixth largest oil reserves in the world). According to data produced by the UAE National Bureau of Statistics, the UAE's crude oil and natural gas sector accounted for approximately 31.2 per cent. and 30.6 per cent. of the UAE's GDP in real terms in 2012 and 2011 respectively.

The NBS has estimated on a preliminary basis that real GDP in the UAE for 2012 was AED 1025.6 billion and in 2011 was AED 982.7 billion, representing a real GDP growth rate of 4.4 per cent. and 3.9 per cent. respectively, reflecting the general economic recovery in the wake of the global economic crisis. In 2010, the NBS estimated that real GDP in the UAE was AED 946.0 billion, representing a real GDP growth rate of 1.7 per cent. for that year.

The table below shows the UAE's nominal and real GDP and nominal and real GDP growth rates for each of the years indicated.

	2009	2010	2011	2012
UAE Nominal GDP (AED millions).....	935,766	1,055,557	1,280,215	1,409,502
UAE Nominal GDP growth rates (%).....	(19.2)	12.8	21.3	10.1
UAE Real GDP (AED millions).....	930,475	946,021	982,725	1,025,623
UAE Real GDP growth rates (%).....	(4.8)	1.7	3.9	4.4

Sources: UAE National Bureau of Statistics and Ministry of Finance, preliminary estimates.

Although it has one of the most diversified economies in the GCC, the UAE's wealth remains largely based on oil and gas. Whilst, fluctuations in energy prices do have a bearing on economic growth, the UAE is generally viewed as being less vulnerable than some of its GCC neighbours, due to the growth in the non-oil sector, particularly trading, finance, real estate and tourism.

Economy of Dubai

Dubai has a diversified economy which has demonstrated renewed growth, with real GDP increasing by approximately 3.3 per cent. in 2011 and 4.4 per cent. in 2012 after the effects of the global economic recession led to a decrease in real GDP in 2009. Since the UAE was established, when approximately 50 per cent. of Dubai's GDP was oil-related, Dubai's reliance on

oil has decreased significantly, with the mining, quarrying and oil and gas sector accounting for 1.5 per cent. of real GDP in 2012.

The table below shows Dubai's real GDP and real GDP growth rates for each of the years indicated:

	2012	2011	2010	2009
Nominal GDP (AED millions)	333,705	315,392	303,595(1)	294,157
Nominal GDP growth (%)	5.8	3.9	3.2	(14.2)
Real GDP (AED millions)	318,379	304,989	295,256	285,162
Real GDP growth (%)	4.4	3.3	3.5	(2.7)

(1) Does not include the Non-Profit Organisations sector.

Source: Dubai Statistics Centre, NBS.

The real GDP of Dubai in 2012 equalled 31.0 per cent. of the real GDP of the UAE in the same year. In 2011 and 2010, the equivalent proportions were 31.0 per cent. and 31.2 per cent., respectively. Dubai's real GDP per capita in 2012 was approximately U.S.\$41,167, based on an assumed population of 2,105,875 and an exchange rate of U.S.\$1.00 = AED 3.6725.

Within Dubai, no single economic sector contributed more than 31 per cent. to total real GDP in 2012, with the largest sector being the wholesale and retail trade and repairing services sector which contributed AED 96.3 billion, or 30.3 per cent., of Dubai's real GDP, reflecting Dubai's strategic geographic location, rising levels of international trade and the Government's long-standing strategy of positioning Dubai as a trading centre. Other significant contributors to real GDP in 2012 include the manufacturing sector, which contributed AED 48.9 billion, or 15.4 per cent., to real GDP; the transport, storage and communications sector, which contributed AED 45.8 billion, or 14.4 per cent., to real GDP; the real estate and business services sector, which contributed AED 39.9 billion, or 12.5 per cent., to real GDP; the financial services sector, which contributed AED 35.4 billion, or 11.1 per cent., to real GDP and the construction sector, which contributed AED 24.8 billion, or 7.8 per cent., to real GDP. Together, these six sectors contributed 91.5 per cent. of total real GDP in 2012. By contrast, the government services sector contributed 5.6 per cent., the restaurants and hotels sector contributed 4.5 per cent. and the mining, quarrying and oil and gas sector contributed 1.5 per cent. to real GDP in 2012.

In terms of growth, the four strongest principal sectors in recent years have been the electricity and water sector, with a compound annual GDP growth rate of 14.1 per cent. between 2009 and 2012; the restaurants and hotels sector, with a compound annual GDP growth rate of 12.5 per cent. between 2009 and 2012; the domestic services sector, with a compound annual GDP growth rate of 11.9 per cent. between 2009 and 2012; and the manufacturing sector, with a compound annual GDP growth rate of 11.6 per cent. from 2009 to 2012.

Significant growth sectors for Dubai in 2012 were manufacturing, restaurants and hotels, transport, storage and communications and electricity and water. The manufacturing sector grew by 13.0 per cent. in real terms in 2012 principally due to increased demand for non-oil exports from Dubai, particularly industrial exports. The restaurants and hotels sector grew by 16.9 per cent. in real terms in 2012 as a result of increased tourism and higher revenues in the hotel sector. The transport, storage and communication sector grew by 7.3 per cent. in real terms in 2012 as a result of growth in foreign trade levels, an increase in activity at domestic ports and airports (which increased demand for freight and transportation services) and increased revenues collected from the transport sector as a result of a higher number of passengers using public transport. The electricity and water sector grew by 4.8 per cent. in real terms in 2012 as a result of increased generation and consumption of electricity and water in Dubai. In addition, the wholesale and retail trade and repairing services sector grew by 2.3 per cent. in real terms in 2012, largely due to increased economic activity and imports, as this sector depends largely on imports.

In contrast, since the middle of 2008, and reflecting the global financial crisis and sharp falls in international oil and gas prices, there have been significant declines in real estate sales prices and rental rates in the UAE as a whole and a significant slowdown in construction activity. These factors adversely impacted Dubai's GDP in 2010 and 2011, with the real estate and construction sectors declining in real terms in 2010 by 2.6 per cent. and 14.7 per cent., respectively, and in 2011 by 2.6 per cent. and 5.7 per cent., respectively (see "*Risk Factors – Factors that may affect ENBD's ability to, in its capacity as Issuer, fulfil its obligations under Notes issued under the*

Programme and to, in its capacity as Guarantor, fulfil its obligations under the Guarantee – Risks relating to the business of ENBD – Real estate exposure”). However, in 2012, the real estate sector saw growth of 1.7 per cent., the first year of growth in that sector since 2008. In 2012, the construction sector saw a further decline of 4.2 per cent.

Each of the above sectors has benefitted from the Government’s policies aimed at improving the business and investment environment and positioning Dubai as a regional hub, including specific high profile developments initiated by the Government and the establishment of a range of specialised free zones designed to attract new companies and investment. Other supply side factors supporting Dubai’s longer-term economic growth have included the availability of labour and land for real estate development, significant levels of liquidity prior to late 2008 and increasing consumer wealth in the GCC and elsewhere, in part reflecting generally high oil and gas prices, an appropriate legal and regulatory framework and good infrastructure.

The Government continues to focus on economic diversification and in this respect is targeting the travel and tourism; financial services; professional services; transport and logistics; trade and storage and construction sectors in particular as areas for future growth.

The following table sets out Dubai’s real GDP by economic activity and by percentage contribution, as well as the year-on-year growth rate, in the years 2009 to 2012:

Sector	2012			2011		
	AED million	% contribution	% growth	AED million	% contribution	% growth
Wholesale, retail trade and repairing services	96,337	30.3	2.3	94,135	30.9	5.8

Recent Developments and Credit Improvements

While 2009 and 2010 were difficult years for Dubai with the overhang of the global recession, the debt crisis and a decline in the construction and real estate sectors, appropriate steps were taken to lead Dubai towards a recovery. Steps included a series of countercyclical measures, including fiscal and monetary stimuli implemented by the Government (see “– *The Government’s Support of Strategic Government Related Entities*” below).

Foreign Direct Investment and Free Zones

Dubai has a number of free zones which seek to attract foreign direct investment and which are described below. In addition, both local and foreign investors can establish a business presence in Dubai outside of the free zones.

There are many incentives for foreign corporate entities to set up in one of the free zones in Dubai. Foreign corporate entities can freely operate in the free zones and free zone entities can be 100 per cent. Foreign owned, unlike entities registered elsewhere in the UAE which require various degrees of local participation. Free zone entities are exempt from paying corporate tax for 15 years, renewable for an additional 15 years, and individuals are exempt from paying income tax. There are no currency restrictions levied on the capital or the profits of free zone entities and 100 per cent. of their capital and/or profit can be repatriated. The ability to import into the free zones and to export abroad without any import duties, taxes or currency restrictions being levied on the free zone entity is a strong incentive for foreign corporate entities wishing to carry on such activities from and into the Middle East region to set up in one of the free zones.

The incentives to set up in a free zone include a readily available workforce, no restrictions on the issuance of work permits and residence visas, availability of plots of land, pre built warehouses and offices on an annual lease basis, affordable workers’ accommodation and minimal legal and administrative procedures to commence operations.

Each free zone in Dubai is governed both by federal law as well as the laws of Dubai. In addition, each free zone is authorised to adopt and administer regulations which pertain to entities operating and licensed in that individual free zone. The Dubai Free Zones Council was established in 2011 in order to increase coordination amongst the various Dubai free zones and to assist them in unifying the rules and regulations governing free zone companies, in particular the rules related to registration and licensing. In addition, Law No. 13 of 2011, introduced by the Government in

September 2011, provides an additional incentive to establish free zone companies in Dubai by clarifying the ability of free zone companies to conduct business onshore in the Emirate. The law includes provisions which formalise a licensing regime which will enable such free zone companies to operate onshore after registering with the DED.

Dubai has a number of free zones, of which the most important are the Jebel Ali Free Zone, the Dubai Technology and Media Free Zone, the Dubai International Financial Centre, the Dubai Airport Free Zone and Dubai Silicon Oasis.

In addition, a number of sector-specific free zones for services and industry have been established, including Dubai Healthcare City, Dubai Textile City, Dubai Outsource Zone, Dubai Multi Commodities Centre Authority (DMCC) and Dubai Gold and Diamond Park.

The Government's Support of Strategic Government Related Entities

The Government owns, or has significant investments in, strategic Government-related entities ("GREs") which have played a significant role in supporting and facilitating the Government's strategic development plan. Certain GREs have incurred indebtedness, including indebtedness from international financial institutions and in the international capital markets. As a result of the global financial crisis, sharp falls in international oil and gas prices, financial sector instability, limited access to credit and the significant decline in real estate values, both globally and in the Emirate of Dubai and the UAE, certain GREs have suffered from asset value deterioration, limited cash flow and have also experienced liquidity issues. Whilst not legally obliged to do so (under any guarantee or otherwise), the Government announced its intention to support certain entities in order to maintain stability in the UAE economy, the banking system and investor confidence and protect stakeholders.

On 25 March 2010, in light of the severe financial difficulties faced by Dubai World and its subsidiaries and Nakheel PJSC ("Nakheel"), the Government, Dubai World and Nakheel publicly announced proposals for the restructuring of the liabilities of Dubai World and its subsidiaries and Nakheel. It confirmed that the proposals followed a comprehensive analysis of the circumstances facing each company, and were developed in the interests of all stakeholders, including customers, contractors, employees and creditors.

The Government's announcement further explained that the Dubai Financial Support Fund (the "DFSF") would support the restructuring proposals with significant financial resources, including additional funding of up to U.S.\$9.5 billion over the restructuring period, sourced from: (i) U.S.\$5.7 billion, which was remaining from a loan previously made available by the Government of Abu Dhabi; and (ii) internal Government resources.

Dubai World Restructuring

On 23 March 2011, Dubai World signed a final agreement with each of its lenders to restructure its financing facilities, amounting to U.S.\$24.9 billion in debt. Under the terms of the two-tranche debt repayment plan, creditors will receive \$4.4 billion in five years while the second tranche will involve \$10.3 billion over eight years at a fixed interest rate of 2.4 per cent. per annum.

On 5 December 2013, Dubai World confirmed the sale of the Atlantis Hotel in Dubai. The sale is a part of a series of asset disposals by Dubai World which is focussed on divestment of non-core assets under its debt restructuring plan.

Nakheel Restructuring

On 24 August 2011, Nakheel completed a restructuring of its business and financial obligations. Pursuant to Nakheel's restructuring, the Government, acting through the Dubai Financial Support Fund, provided over U.S.\$10 billion of additional funds to Nakheel to fund operations and settle outstanding liabilities. Following the successful completion of Nakheel's restructuring, the company is now owned by the Government.

Expo 2020

Winning the right to host the World Expo in 2020 has crowned a strong 2013 for Dubai. GDP growth in 2013 has exceeded initial projections, the real estate sector continues to recover and equity markets (specifically, the DFM) have rebounded 75 per cent. during the period. Hosting Expo 2020 is anticipated to provide a boost to medium term growth and help to promote one of the Government's broader economic strategies of growing its tourism and hospitality sector over the next few years.

The official impact assessment report indicates that nearly U.S.\$24 billion (AED 88 billion) could be added to Dubai's economy over 2014-2021, or almost 30 per cent. of Dubai's 2011 nominal GDP. Using official Government spending estimates, Expo 2020 is expected to add 0.5 per cent. per year to real GDP growth during the period from 2015-2017, rising to 1.0 per cent. per year over 2018-2020. Among other things, Expo 2020 is intended to help maintain Dubai's growth momentum beyond 2015 by providing a firm timetable for infrastructure delivery and a platform to market Dubai as a regional tourism, trade and business hub in the mid- to long-term.

Refinancing of U.S.\$20 Billion Debt

In 2009, the Government was granted certain facilities amounting to U.S.\$20 billion by the Abu Dhabi Department of Finance and the UAE Central Bank. In March 2014, the Abu Dhabi Department of Finance and the UAE Central Bank announced the signing of an agreement between the Government of Abu Dhabi and the Government of Dubai for the refinancing of a U.S.\$10 billion loan, and the UAE Central Bank also signed an agreement for the re-discounting of bonds with a value of U.S.\$10 billion, issued by the Government. In both cases, the renewable tenure was set for five years, with a fixed interest rate of 1 per cent. for the entire tenure.

THE UNITED ARAB EMIRATES BANKING AND FINANCIAL SERVICES SYSTEM

As Dubai does not have a separate monetary or financial system, this section describes the UAE's monetary and financial system generally, although certain sections focus specifically on Dubai where information is available.

Monetary and Exchange Rate Policy

The UAE's monetary and exchange rate policy is managed by the UAE Central Bank. The principal objective of the UAE's monetary policy to date has been to maintain the stability of the fixed exchange rate regime and to manage inflation. In common with most other GCC countries, and reflecting the fact that oil and gas revenues are priced in US dollars, the UAE dirham is linked to the US dollar and the UAE authorities have expressed publicly their commitment to the UAE dirham and the fixed exchange rate regime. In the case of the UAE, the exchange rate has been maintained at AED 3.6725 = U.S.\$1.00 since 22 November 1980. There are no exchange controls in the UAE and the UAE dirham is freely convertible.

With the advent of the global financial crisis in 2008, the UAE's monetary policy was, in addition, focused on protecting its banking sector and a number of measures were announced by the UAE Central Bank and federal authorities in this regard. See "*Response to the Global Financial Crisis*" below.

Liquidity and Money Supply

The following table sets out certain liquidity indicators for the UAE as at 31 December in each of the years 2009 to 2012:

	2009	2010	2011	2012
	<i>(in millions of AED)</i>			
Currency issued (M0).....	45,580	47,775	52,087	57,773
Money supply (M1).....	223,482	232,961	264,096	299,173
Private domestic liquidity (M2).....	740,618	786,388	825,758	862,374
Overall domestic liquidity (M3)	947,780	985,172	1,001,357	1,083,053
Private sector credit.....	723,866	720,617	730,861	729,032
Domestic credit.....	958,588	972,107	992,906	1,026,259

Sources: UAE Central Bank

Reflecting high oil prices through the first half of 2008, the UAE experienced significant capital inflows with broad money (comprising cash and money on deposit in banks in the domestic currency) expressed as a percentage of the UAE's nominal GDP being 58.3 per cent. as at 31 December 2008. AED term deposits in particular grew significantly in the period to mid-2008. The growth in liquidity was also reflected in increased availability of credit with high levels of both private sector credit and domestic credit as at 31 December 2008.

Reflecting the effects of the global financial crisis, the rate of growth in broad money has slowed, with broad money increasing by only 4.4 per cent. in the 12-month period from 31 December 2011 to 31 December 2012, compared with an increase of 5.0 per cent. in the 12-month period from 31 December 2010 to 31 December 2011, with private sector credit decreasing from AED 730,861 million as at 31 December 2011 to AED 729,032 million as at 31 December 2012. However, domestic credit increased from AED 992,906 million as at 31 December 2011 to AED 1,026,259 million as at 31 December 2012.

Foreign Reserves

The following table sets out the foreign assets holdings of the UAE Central Bank as at 31 December in each of the years 2009 to 2012:

	2009	2010	2011	2012
	<i>(in millions of AED)</i>			
Foreign Assets Holdings	89,875	116,701	132,291	168,463

Sources: UAE Central Bank

These assets are principally held in deposit accounts with banks outside the UAE or are invested in securities and treasury bills issued by non-UAE issuers. The official reserves figure, however, excludes the stock of publicly controlled foreign assets held in other accounts by investment bodies controlled by individual Emirates.

In addition, the ruling families of the various emirates as well as the governments of the emirates and private citizens within the emirates have significant sums invested abroad.

Foreign currency reserves partially declined in the second half of 2008 and 2009 due to a drop in global oil prices as compared to oil prices prevailing in the first half of 2008, but subsequently increased in 2010 reflecting higher oil prices. This upward trend continued in 2011 and oil prices have remained stable since then.

Banking and Financial Services

The financial corporations sector in Dubai contributed AED 34.5 billion (or 11.1 per cent. of Dubai's real GDP) in 2012.

Within the UAE as a whole, the financial sector was estimated to have contributed approximately 6.9 per cent. of real GDP in 2012 (according to preliminary estimates published by the NBS). With 51 licensed commercial banks (comprising 23 local banks with 834 branches and 28 licensed foreign banks with 86 branches) as at October 2013, serving a population estimated to be in the region of 8.3 million at the end of 2010, the UAE could be viewed as an over-banked market, even by regional standards.

UAE banks continue to be profitable, although they have been affected by the liquidity issues that have been experienced by banks globally since the second half of 2008. According to the UAE Central Bank, the aggregate loans and advances extended to residents and non-residents of the UAE at 31 October 2013 were AED 1,157.8 billion, compared to AED 1,099 billion at 31 December 2012, AED 1,071 billion at 31 December 2011 and AED 1,031.3 billion at 31 December 2010. Of these amounts, specific and general provisions were AED 94.9 billion, AED 85.4 billion, AED 71.6 billion and AED 56.8 billion, respectively equating to provision rates of 8.2 per cent., 7.7 per cent., 6.6 per cent. and 5.5 per cent., respectively.

The table below provides a statistical analysis of the UAE banking sector as at 31 December in each of 2009, 2010, 2011, 2012 and as at September 2013:

	2009	2010	2011	2012	Sep 2013 ⁽²⁾
Total number of commercial banks	52	51	51	51	51
Total number of branches.....	756	815	851	890	920
Total number of employees.....	37,704	37,403	37,499	36,246	34,702
Total credit facilities ⁽¹⁾					
(AED millions)	958,588	972,107	992,906	1,026,259	1,087,267
Total assets ⁽¹⁾					
(AED millions)	1,521,002	1,609,257	1,665,220	1,794,395	1,910,938
Total deposits					
(AED millions)	982,579	1,049,628	1,069,750	1,167,797	1,269,908

Notes:

(1) As at 31 December 2012.

(2) As at 31 December 2013 (except Noor Islamic Bank – 30 June 2013).

(3) Year of merger of EBI and NBD.

Supervision of Banks

The UAE Central Bank, established in 1980, is the governing body that regulates and supervises all banks operating in the UAE. The Central Bank has supervisory responsibility for all banking institutions in the UAE. Supervision is carried out through on-site inspections and review of periodic submissions from the banks. The frequency of inspection depends on the perceived risk of the bank, but inspections are carried out in all banks at least once every 18 months. Returns are made monthly, quarterly, semi-annually or annually, depending on the nature of the information they are required to contain. An improved risk management framework is currently being implemented, which is designed to provide the UAE Central Bank with more up-to-date information on credit, market and operational risks within the banking sector.

The UAE Central Bank does not act as a lender of last resort, a role which tends to fall on the individual Emirates.

Federal Law No. 10 of 1980 (the “**1980 Law**”) grants the UAE Central Bank powers to:

- exercise currency issue, stabilisation, valuation and free convertibility;
- direct credit policy for balanced growth of the economy;
- organise and promote an effective banking system with private banks and institutions;
- advise the federal government on financial and monetary issues;
- maintain the federal government’s reserves of gold and foreign currencies;
- act as a bank for the federal government and other banks operating in the UAE; and
- act as the federal government’s financial agent with the IMF, the World Bank and other international financial organisations.

The UAE Central Bank is also responsible for regulating anti-money laundering activities in the UAE. It has established a Financial Intelligence Unit and hosted teams from the Financial Action Task Force (“**FATF**”) and the IMF who reviewed, discussed and tested existing UAE laws and regulations. This led the FATF to decide, in January 2002, that the UAE had put in place an adequate anti-money laundering system.

Since 1999, regulated banks in the UAE have been required to report in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board.

Characteristics of the Banking System

The UAE banks are predominantly focused on the domestic market. With much of the economy directly or indirectly dependent on the oil sector, the UAE banks are vulnerable during long periods of low oil prices. In particular, oil revenues tend to drive levels of liquidity. There is a high degree of state involvement in the UAE banking sector, with the five largest banks being controlled by the governments and/or ruling families of individual emirates.

Additionally, a number of banks have developed in the Islamic world, including in the UAE, to serve customers who wish to observe *Shari'a* principles, including the prohibition on the charging of interest on any financial transaction. These institutions offer a range of products, which broadly correspond to conventional banking transactions but are structured to ensure that all relevant *Shari'a* principles are complied with. The principal Dubai-based Islamic banks are Dubai Islamic Bank, Emirates Islamic, Dubai Bank (which was acquired in May 2011 by the Government and in October 2011 by Emirates NBD PJSC) and Noor Islamic Bank.

Structure of the Banking System

Banking institutions in the UAE fall into a number of categories, as defined by the 1980 Law. Domestic commercial banks, also known as local banks, of which there were 23 as at 31 October 2012, are required to be public shareholding companies with a minimum share capital of AED 40 million.

Licensed foreign commercial banks, of which there were 28 as at 31 October 2012, need to demonstrate that at least AED 40 million has been allocated as capital funds for their operations in the UAE. The 1980 Law also licences financial institutions (institutions whose principal functions are to extend credit, carry out financial transactions, invest in moveable property and other activities but are not permitted to accept funds in the form of deposits), investment banks (institutions which may not accept deposits with maturities of less than two years but which may borrow from its head office or other banks and the financial markets) and financial and monetary intermediaries (money and stock brokers).

Response to the Global Financial Crisis

Capital

The national banks are well capitalised by international standards. The UAE Central Bank previously required all UAE banks to have a total capital adequacy ratio of at least 10 per cent. (of which Tier I capital must reach a minimum of 6 per cent. and Tier II capital may only be considered up to a maximum of 67 per cent. of Tier I capital), of total risk weighted assets. However, as a result of the global economic slowdown, the UAE Ministry of Finance and the UAE Central Bank temporarily increased the total capital ratio to 11 per cent. (from 30 June 2009) and 12 per cent. (from 30 June 2012). Subsequently, on 31 August 2009, the UAE Central Bank recommended that domestic and foreign banks operating in the UAE should ensure a minimum Tier I capital adequacy ratio of 7 per cent. with a minimum total capital adequacy ratio of 11 per cent. by 30 September 2009. Furthermore, the UAE Central Bank required banks operating in the UAE to increase their Tier I capital adequacy ratio to at least 8 per cent., with a minimum total capital adequacy ratio of 12 per cent. by 30 June 2010.

While the calculation of capital adequacy ratios in the UAE follows the Bank of International Settlements guidelines, claims on or guaranteed by GCC central governments and central banks are risk-weighted at zero per cent. and claims on GCC government non-commercial public sector entities are risk-weighted at 50 per cent.

Banks in the UAE are required to transfer 10 per cent. of profit each year into a statutory reserve until this reaches 50 per cent. of capital. Distributions cannot be made from this reserve, except in specific defined circumstances. All dividends paid by UAE banks have to be authorised in advance by the UAE Central Bank.

The UAE banks were required to implement the Basel II Accord using the standardised approach for credit risk by December 2007 and all UAE banks were expected to be internal risk-based compliant for credit risk by 1 January 2011. The Basel II Accord requires banks to maintain a minimum capital adequacy ratio of 8 per cent. calculated as the percentage of total eligible regulatory capital to total risk weighted assets for credit risks, operational and market risks. Under Pillar II of the Basel II Accord, regulators could require some banks to provide additional capital based on the overall risk profile, beyond the minimum requirements under Pillar I of the Basel II Accord.

During 2009, the Government (acting through the ICD) subscribed for AED 4 billion of mandatory convertible securities issued by ENBD. In addition, the federal government provided AED 50 billion in deposits to UAE banks and UAE banks were given the option to convert those deposits into Tier II capital in order to enhance capital adequacy ratios. A number of banks in the UAE subsequently made such conversions. As a result, the average capital adequacy ratio of all UAE

national banks increased to 20.8 per cent. as at 31 December 2011 and as at 31 December 2010 from 19.2 per cent. as at 31 December 2009. The average capital adequacy ratio of all UAE national banks was 21.0 per cent. as at 31 December 2012. A number of banks have repaid their Tier II deposits either in full or in part.

The following table sets out the average capital adequacy ratio of all UAE national banks as at 31 December in each of the years 2009 to 2012.

	<u>2009</u>	<u>2010</u>	<u>2011</u>	<u>2012</u>
Total capital adequacy ratio (%)	19.2	20.8	20.8	21.0
Tier I capital adequacy ratio (%).....	15.4	16.1	16.3	17.6

Sources: UAE Central Bank

Notes:

Liquidity

Most of the UAE banks are funded through on-demand or time based customer deposits made by private individuals or private sector companies. Together, these deposits constituted approximately 63.8 per cent. of total deposits of the UAE banking sector at 28 February 2011. Government and public sector deposits contributed approximately 23.1 per cent. of total deposits at 28 February 2011. Non-resident sources contributed approximately 11.0 per cent. as at the same date.

There is currently no formal deposit protection scheme in the UAE. While no bank has, so far, been permitted to fail, during the 1980s and early 1990s a number were restructured by the authorities and, in May 2011, Dubai Bank was taken over by the Government, see "*Increased Provisions and Insolvencies*" below. In October 2008, in response to the global financial crisis, the UAE federal government announced that it intended to guarantee the deposits of all UAE banks and foreign banks with core operations in the UAE. Thereafter, in May 2009, the UAE's Federal National Council approved a draft law guaranteeing federal deposits although the law remains unapproved.

In addition, the UAE Central Bank announced a number of measures aimed at ensuring that adequate liquidity is available to banks operating in the UAE. In September 2008, the UAE Central Bank established an AED 50 billion liquidity facility which banks can draw upon subject to posting eligible debt securities as collateral. The liquidity facility is available only for the purpose of funding existing commitments. New lending is required to be based on growth in the customer deposit base. The UAE Central Bank also established a certificates of deposit repurchase facility under which banks can use certificates of deposit as collateral for dirham or US dollar funding from the UAE Central Bank.

Certain mortgage companies based in the UAE have experienced significant liquidity issues since 2008. One of these institutions is Tamweel, which was established in 2004 as a real estate Islamic finance provider. In October 2010, the Government supported the move by Dubai Islamic Bank to take a controlling stake in Tamweel (of 58.25 per cent.) and additionally assisted Tamweel in rolling over existing banking and corporate debts for five years. Subsequent to the support provided by Dubai Islamic Bank, Tamweel returned to profitability in 2010. Additionally, Tamweel's share listing on the DFM was restored on 10 May 2011, after having been suspended in November 2008.

The UAE Central Bank is expected to tighten regulations on how banks in the UAE manage liquidity through the introduction of new qualitative, quantitative and reporting requirements on liquidity risk management.

Increased Provisions and Insolvencies

A number of UAE and Dubai banks have announced exposures to well-known GCC-based companies which have become insolvent or have been or are being restructured. These include the Saad and Algosaibi groups of Saudi Arabia, and Tabreed, the Dubai World group and the Dubai Group in the UAE. As a result of declining economic conditions since late 2008 and increasing insolvencies and restructurings, the total specific and general provisions recorded by banks in the UAE as at 31 October 2013, and for the years ended 31 December 2012, 31 December 2011 and 31 December 2010 were AED 94.9 billion, AED 85.4 billion, AED 71.6 billion and AED 56.8 billion, respectively, equating to provision rates of 8.2 per cent., 7.7 per cent., 6.6 per cent. and 5.5 per cent., respectively.

In November 2010, the UAE Central Bank published a new set of rules making it mandatory for banks and financial institutions to make provisions for their impaired loans on a quarterly basis. The new guidelines prescribe specific provisions for three categories of impaired loans and stipulate that lenders should build up general provisions equal to 1.5 per cent. of risk weighted assets over a period of four years, up from the previous requirement of 1.25 per cent.

Dubai Bank was taken over by the Government in May 2011, supported by both the UAE Central Bank and the UAE Ministry of Finance. The objective was to ensure the preservation of all of Dubai Bank's depositors' interests and the takeover was designed to ensure that Dubai Bank's business continued uninterrupted while options for the bank's future were assessed. Subsequently, in October 2011, in accordance with a decree issued by the Ruler of Dubai, ENBD acquired a 100 per cent. stake in Dubai Bank, following which Dubai Bank became a fully-owned Islamic banking subsidiary of ENBD.

Federal Debt Management

In December 2010, the Federal National Council passed the Public Debt Law under which the total value of UAE's public debt should not be more than 25 per cent. of the GDP or AED 200 billion, whichever is lower at the time of issuing public debt. The Public Debt Law is awaiting the approval of the President of the UAE and is therefore yet to be enacted. The Public Debt Law could therefore change before it is enacted.

Credit Information Agency

In May 2010, the Government appointed the Emirates Credit Information Company ("**Emcredit**") as the official body for providing credit information services in Dubai. Emcredit is now the entity responsible for providing credit reporting services in the emirate, with responsibility for collecting, storing, analysing and disseminating credit information in Dubai. Additionally, in February 2011, the UAE Central Bank issued new regulations in relation to the retail banking sector, aimed at controlling lending activities and excessive charges by banks, whilst also protecting banks by regulating lending and encouraging banks to carry out proper due diligence on potential borrowers.

Recent Trends in Banking

Establishment of a Credit Bureau in the UAE

Al Etihad Credit Bureau ("**AECB**"), a federal government company specialised in providing UAE-based credit reports and other financial information, has recently announced in a media statement dated 7 January 2014 that it will be operational by the first quarter of 2014 upon receiving formal approval of the bureau's regulations and credit report charges from the UAE Cabinet. AECB has approached all UAE-based banks to sign data sharing agreements to enable the provision of customer credit information. AECB expects to complete the agreements with the banks and create an electronic database by the time it commences operations.

It is expected that ENBD will be signing up to the agreement alongside other UAE regulated banks. The implementation of regulations for the sharing of credit report data and the commercial operation of the UAE's first credit bureau is expected to bring some reduction in risk in the origination of customer lending and banking business generally.

Large Exposures

The Central Bank defines large exposures as any funded or unfunded exposures (less provisions, cash collaterals and deposits under lien) to a single borrower or group of related borrowers exceeding prescribed limits. The large exposure limits (defined as a percentage of the bank's capital base) were previously as follows:

- to a single borrower or group of borrowers – 7 per cent.;
- to a shareholder of the bank holding more than 5 per cent. of the bank's capital – 7 per cent.;
- overseas interbank exposures – 30 per cent. (UAE interbank exposures are subject to a 25 per cent. limit if their maturity is over one year, otherwise they are exempt from the regulations);
- to the bank's parent company, subsidiaries or affiliates – 20 per cent. (60 per cent. for all such exposures in aggregate); and
- to Board members – 5 per cent. (25 per cent. for all such exposures in aggregate).

On 11 November 2013, the Central Bank published the Large Exposure Notice amending certain of the large exposure limits set out above. The Large Exposure Notice was published in the Official Gazette on 30 December 2013 and entered into force on 30 January 2014. The Large Exposure Notice introduced new limits of 100 per cent. of the bank's capital base for all lending to UAE local governments and their non-commercial entities, together with a 25 per cent. limit to any single such non-commercial entity. Exposures above these limits are subject to approval by the Central Bank. Set out below is a table showing a summary of the changes introduced by the Large Exposure Notice (defined as a percentage of the bank's capital base calculated under Basel II):

	New Limit		Old Limit	
	Individual	Aggregate	Individual	Aggregate
UAE federal government and their non-commercial entities	Exempt	Exempt	Exempt	Exempt
UAE local government and their non-commercial entities	No cap for UAE local government; 25% for each non-commercial entity	100%	Exempt	Exempt
Commercial entities of UAE federal government and UAE local government.....	25%	100%	25%	None
Commercial or other (non-commercial) private sector entities and individuals	25% max	None	7%	None
Shareholders who own 5 per cent. or more of the bank's capital and related entities	20%	50%	7%	None
Exposure to bank's subsidiaries and affiliates	10%	25%	20%	60%
Board members.....	5%	25%	5%	25%

New Mortgage Cap Regulation and Consumer Loan Regulation

The Central Bank introduced regulations regarding bank loans and other services offered to individual customers by way of a circular dated 23 February 2011 the ("**Retail Circular**") on retail banking and notice no. 31/2013 dated 28 October 2013 (which was published in the UAE official gazette (the "**Official Gazette**") on 28 November 2013 and entered into force on 28 December 2013) (the "**Mortgage Regulations**"), These regulations, among other things, limit the fees and interest rates which banks in the UAE can charge to retail customers and impose maximum loan/income and loan to value ratios for retail products such as residential mortgage loans. For example, the Retail Circular requires that the amount of any personal consumer loan shall not exceed 20 times the salary or total income of the borrower with the repayment period not exceeding 48 months.

The Mortgage Regulations, which supersede Central Bank notice no. 3871/2012 dated 30 December 2012, provide that the amount of mortgage loans for non-nationals should not exceed 75 per cent. of the property value for a first purchase of a home with a value of less than AED 5 million and, for a first purchase of a home with a value greater than AED 5 million, should not exceed 65 per cent. of the property value. For the purchase of a second or subsequent home, the limit for non-nationals is set at 60 per cent. of the property value (irrespective of the value of the property in question). The corresponding limits for UAE nationals are set at 80 per cent. in respect of a first purchase of a home with a value less than or equal to AED 5 million, 70 per cent. for a first home with a value greater than AED 5 million and 65 per cent. of the property value for a second or subsequent purchase (irrespective of the value of the property). ENBD is compliant with the Retail Circular and the Mortgage Regulations. The Mortgage Regulations and other circulars may affect ENBD's net retail income and may potentially add to market price volatility in the UAE real estate market.

Insurance

There is an absence of published statistical data on the insurance sector in the UAE and Dubai. Insurance companies are regulated by the Insurance Division of the Federal Ministry of Economy.

Capital Markets

The capital markets in the UAE are regulated by a number of entities including the Emirates Securities and Commodities Authority (the “**SCA**”), which licenses intermediaries to trade on the DFM and the Abu Dhabi Stock Exchange (the “**ADX**”). The SCA is a federal government organisation but has financial, legal and administrative independence.

In common with other regional exchanges, the DFM and ADX experienced a sustained decline in market capitalisation from mid-2008 to the end of 2010. However, the ADX recovered slightly in 2009, with a 17 per cent. increase in market capitalisation, following a fall of 43 per cent. in 2008.

The other significant stock exchange in the UAE is NASDAQ Dubai (formerly known as the Dubai International Financial Exchange) which commenced operations in September 2005 and, as an entity based in the Dubai International Financial Centre, is separately regulated.

Dubai Financial Market

The DFM, which is now, along with NASDAQ Dubai, owned by Borse Dubai, was established by the Government in 2000 as an independent entity and operates as a market for the listing and trading of shares, bonds and investment units issued by companies, investment funds and other local or foreign financial institutions that conform to its listing requirements.

The DFM Index stood at 1,353.4 as at 31 December 2011 compared to 1,630.5 as at 31 December 2010, a decrease of 17.0 per cent. during 2011. This is a reflection of reduced profits especially from the leading real estate sector. However, the DFM Index stood at 1,622.53 as at 31 December 2012, reflecting an increase of 20 per cent. from 2011. The total market capitalisation of the DFM Index reduced by 8.5 per cent. in 2011 reaching AED 182.0 billion as at 31 December 2011 down from AED 199.1 billion as at 31 December 2010. 2012 saw a slight increase of 0.8 per cent. in the total market capitalisation of the DFM Index reaching AED 183.4 billion as at 31 December 2012.

The following table sets out the number of traded shares, the value of traded shares, and the number of executed transactions on the DFM and the closing price of the DFM Index as at 31 December in each of the years 2009 to 2012:

	2009	2010	2011	2012
Number of Traded Shares (<i>millions</i>).....	110,700	38,392	25,163	40,463
Value of Traded Shares (<i>AED millions</i>)	173,600	69,665	32,088	48,774
Number of Trades.....	1,984,000	795,000	444,814	621,434
Market Capitalisation (<i>AED millions</i>)	213,377	199,086	181,993	183,386
DFM Index year-end index closing price.....	1,803.58	1,630.52	1,353.39	1,622.53

Source: Dubai Statistics Centre, DFM

The value of traded shares on the DFM decreased by 53.9 per cent. reaching AED 32.1 billion in 2011, down from AED 69.7 billion in 2010. The value of traded shares on the DFM increased by 52.0 per cent. reaching AED 48.8 billion in 2012, up from AED 32.1 billion in 2011. The number of shares traded decreased by 34.5 per cent. to AED 25.2 billion in 2011 from 38.4 billion in 2010. The number of shares traded increased by 60.7 per cent. to AED 40.5 billion in 2012 from 25.2 billion in 2011. The number of trades decreased by 44.0 per cent. to 444,814 in 2011 from 795,000 in 2010. The number of trades increased by 39.7 per cent to 621,434 in 2012 from 444,814 in 2011. The real estate and construction sector accounted for the highest value of trades in 2012, at AED 23.2 billion, representing 47.7 per cent. of the value of all traded shares. This was followed by the banking sector with a value of AED 8.9 billion, representing 18.2 per cent. of the value of all traded shares, the financial and investment services sector with a value of AED 5.1 billion, representing 10.5 per cent. of the value of all traded shares, and the services sector with AED 4.1 billion, representing 8.4 per cent. of the value of all traded shares.

NASDAQ Dubai

NASDAQ Dubai (formerly known as the Dubai International Financial Exchange or DIFX) commenced operations in September 2005. On 22 December 2009, DFM announced that it had made an offer to Borse Dubai Limited and the NASDAQ OMX Group to acquire NASDAQ Dubai. The offer was valued at U.S.\$121 million and comprised U.S.\$102 million in cash and 40 million DFM shares. The merger was approved by Borse Dubai Limited and the OMX Group and was completed on 11 July 2010. Subsequent to the transaction, both NASDAQ Dubai and DFM are operating as two distinct markets that are subject to different regulatory frameworks. NASDAQ Dubai is regulated by the Dubai Financial Services Authority and the DFM is regulated by the SCA.

NASDAQ Dubai's standards are comparable to those of leading international exchanges in New York, London and Hong Kong. NASDAQ Dubai allows regional and international issuer's access to regional and international investors through primary or dual listings. Investors can access NASDAQ Dubai through a unique mix of regional and international brokers.

NASDAQ Dubai currently lists equities, equity derivatives, Dubai gold securities, structured products, sukuk and conventional bonds. It is one of the world's largest exchanges for sukuk, with 22 sukuk listed on NASDAQ Dubai as at 18 March 2014.

Equity listings on NASDAQ Dubai include DP World, which had the Middle East's largest IPO in 2007 at U.S.\$5.0 billion, as well as Damas, Depa and Gold Fields.

In 2011, the value of equities on NASDAQ Dubai declined by 29.0 per cent. to AED 3.4 billion compared to AED 4.8 billion in 2010. However the volume of equities traded fell in 2011 to 0.6 billion shares from 2.6 billion shares in 2010. The closing price of the NASDAQ Dubai UAE 20 Index as at 31 December 2011 was 1,374.4, down 23.7 per cent. from 31 December 2010 when the closing price was 1,800.6.

In 2012, the value of equities on NASDAQ Dubai declined by 45.2 per cent. to AED 1.9 billion compared to AED 3.4 billion in 2010. However the volume of equities traded fell in 2012 to 0.2 billion shares from 2011. The closing price of the NASDAQ Dubai UAE 20 Index as at 31 December 2012 was 1,820, up 32.4 per cent. from 31 December 2011.

The following table sets out the number of traded shares, the value of traded shares and the number of executed transactions on NASDAQ Dubai, the market capitalisation of NASDAQ Dubai and the closing price as at 31 December of the NASDAQ Dubai UAE 20 Index in each of the years 2009 to 2012:

	2009	2010	2011	2012
Number of Traded Shares (<i>millions</i>).....	3,096	2,623	602	259
Value of Traded Shares (<i>AED millions</i>)	3,952	4,805	3,410	1,867
Number of Executed Transactions.....	22,471	20,241	16,416	11,792
Market Capitalisation (<i>AED millions</i>)	181,229	183,337	32,777	36,426
NASDAQ Dubai UAE 20 year-end closing price..	1,851.35	1,800.58	1,374.39	1,820

TAXATION

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes and does not constitute legal or tax advice. Prospective purchasers of Notes should consult their tax advisers as to the consequences under the tax laws of the countries of their respective citizenship, residence or domicile of acquiring, holding and disposing of Notes and receiving payments under the Notes. This overview is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

Dubai and the United Arab Emirates

The following is a general overview of the current tax law and practice in Dubai and the UAE (to the extent applicable in Dubai) ("**Dubai Law**") and does not constitute legal or tax advice. Prospective investors in the Notes are advised to consult their own tax advisers with respect to the tax consequences under the tax laws of the country in which they are resident, of the purchase ownership or disposition of the Notes or any interest therein.

Under existing Dubai Law, although an income tax decree has been enacted in Abu Dhabi and in Dubai (the Abu Dhabi Income Tax Decree 1965 (as amended) and the Dubai Income Tax Decree 1969 (as amended)) which provides for tax to be imposed on the taxable income of all bodies corporate which carry on a trade or business, the regime is not currently enforced. In practice, only companies active in the hydrocarbon industry, some related service industries and branches of foreign banks operating in the UAE have been required to pay tax. There are currently no withholding taxes required to be levied under UAE, Abu Dhabi or Dubai law in respect of payments on debt securities (including in relation to the Notes). In the event of the imposition of any withholding, the relevant Obligor has undertaken to gross-up any payments subject to certain limitations, as described in Condition 7.

The Constitution of the UAE specifically reserves to the Federal Government of the UAE the right to revise taxes on a federal basis for the purposes of funding its budget. It is not known whether this right will be exercised in the future.

The UAE has entered into double taxation arrangements with certain other countries, but these are not extensive in number.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**Directive**"), each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in that other Member State; however, for a transitional period, Austria and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at a rate of 35%. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments. Luxembourg has announced that it will no longer apply the withholding tax system as from 1 January 2015 and will provide details of payments of interest (or similar income) as from this date.

A number of non-EU countries and certain dependent or associated territories of certain Member States including Switzerland, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

The European Council formally adopted a Council Directive amending the Directive on 24 March 2014 (the "**Amending Directive**"). The Amending Directive broadens the scope of the requirements described above. Member States have until 1 January 2016 to adopt the national legislation (which national legislation must apply from 1 January 2017) necessary to comply with the Amending Directive. The changes made under the Amending Directive include extending the scope of the Directive to payments made to, or collected for, certain other entities and legal

arrangements. They also broaden the definition of "interest payment" to cover income that is equivalent to interest.

Investors who are in any doubt as to their position should consult their professional advisers.

The Proposed Financial Transactions Tax

The European Commission has published a proposal for a directive for a common financial transactions tax (the "**FTT**") in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**").

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No. 1287/2006 are exempt and, therefore, the issuance and subscription of Notes should be exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including: (i) by transacting with a person established in a participating Member State; or (ii) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Luxembourg Taxation

The following overview is of a general nature. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

(i) Luxembourg tax residency of the Noteholders and Couponholders

A Noteholder or a Couponholder will not become resident, nor be deemed to be resident, in Luxembourg by reason only of the holding of the Notes or Coupons, or the execution, performance, delivery and/or enforcement of the Notes or Coupons.

(ii) Withholding Tax

Luxembourg resident individual Noteholders and Couponholders

Under Luxembourg general tax laws currently in force, and subject to the law of 23 December 2005 below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes or Coupons, nor on accrued but unpaid interest in respect of Notes or Coupons, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes or Coupons held by Luxembourg resident holders of Notes. However, under the Luxembourg law dated 23 December 2005 (the "**Law**"), a 10 per cent. Luxembourg withholding tax is levied since 1 January 2006 on interest payments made by Luxembourg-based paying agents (defined in a similar way as in the Directive) to Luxembourg individual residents. This withholding tax also applies on accrued interest received upon disposal, redemption or repurchase of the Notes or Coupons. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent.

Furthermore, pursuant to the Law as amended by the law of 17 July 2008, Luxembourg resident individuals acting in the course of the management of their private wealth who are the beneficial owners of interest payments made by a paying agent established outside Luxembourg in a Member State of either the European Union or the EEA, or in a jurisdiction having concluded an agreement with Luxembourg in connection with the Directive can opt to self declare and pay a 10 per cent. tax on these interest payments.

The withholding tax of 10 per cent. as described above is final when Luxembourg resident individuals are acting in the context of the management of their private wealth.

Luxembourg non-resident Noteholders and Couponholders

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest in the context of the holding, disposal, redemption or repurchase of the Notes or Coupons, nor on accrued but unpaid interest in respect of the Notes or Coupons. However, under the Directive and the Luxembourg laws dated 21 June 2005 (the "**Laws**") implementing the Directive and notifying several agreements concluded between Luxembourg and certain dependent or associated territories of the Member States, a Luxembourg based paying agent (within the meaning of the Directive) is required to withhold tax on interest and other similar income (including reimbursement premium received at maturity) paid by it to (or under certain circumstances, to the benefit of) an individual resident in another Member State or a residual entity in the sense of article 4.2 of the Directive, established in another Member State of the European Union unless the beneficiary of the interest payments elects for the procedure of the exchange of information or for the tax certificate procedure. The same regime applies to payments to individuals resident and residual entities established in certain dependent or associated territories of the EU.

The withholding tax rate is currently 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-European Union countries to the exchange of information relating to such payments.

In each case described here above, responsibility for the withholding tax will be assumed by the Luxembourg paying agent.

On 18 March 2014, the Luxembourg government has submitted to the Luxembourg parliament the draft Law N6668 putting an end to the withholding tax system as from 1 January 2015 and implementing the automatic provision of details on payments of interest (or similar income) under the Directive for any payment made as from 1 January 2015. This draft law is in line with the announcement of the Luxembourg officials on 10 April 2013.

Cayman Islands

The following is a discussion of certain Cayman Islands tax consequences of an investment in the Notes issued by EGF. The discussion is a general overview of present law, which is subject to prospective and retroactive change. It is not intended as tax advice, does not consider any investor's particular circumstances, and does not consider tax consequences other than those arising under Cayman Islands law.

Under existing Cayman Islands laws:

- (a) payments of amounts in respect of any Notes will not be subject to taxation in the Cayman Islands and no withholding will be required on such payments to any Noteholder and gains derived from the sale of any Notes will not be subject to Cayman Islands income or corporation tax. The Cayman Islands currently have no income, corporation or capital gains tax and no estate duty, inheritance or gift tax;
- (b) no stamp duty is payable in respect of the issue or transfer of the Notes although duty may be payable if Notes are executed in or brought into the Cayman Islands; and
- (c) certificates evidencing the Notes, in registered form, to which title is not transferable by delivery, should not attract Cayman Islands stamp duty. However, an instrument transferring title to such a Notes, if brought to or executed in the Cayman Islands, would be subject to Cayman Islands stamp duty.

EGF has been incorporated under the laws of the Cayman Islands as an exempted company with limited liability and, as such, has applied for and obtained an undertaking from the Governor-in-Cabinet of the Cayman Islands, pursuant to Section 6 of the Tax Concessions Law (1999 Revision) of the Cayman Islands, that for a period of 20 years from the date of issue no law which is thereafter enacted in the Cayman Islands imposing any tax to be levied on profits, income, gains or appreciation shall apply to EGF or its operations and, in addition, that no tax to be levied on profits, income, gains or appreciations or which is in the nature of estate duty or inheritance tax shall be payable on or in respect of the shares, bonds, sukuk or other obligations (which would include the Notes) of EGF or by way of the withholding in whole or part of any relevant payment (as defined in Section 6(3) of the Tax Concessions Law (1999 Revision)).

An annual registration fee is payable by EGF to the Cayman Islands Registrar of Companies which is calculated by reference to the nominal amount of its authorised capital. At current rates, this annual registration fee is approximately U.S.\$853.66. The foregoing is based on current law and practice in the Cayman Islands and this is subject to change therein.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (**FATCA**) impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "foreign financial institution", or **FFI** (as defined by FATCA)) that does not become a **Participating FFI** by entering into an agreement with the U.S. Internal Revenue Service (**IRS**) to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States account" of the Issuer (a **Recalcitrant Holder**). The Issuer may be classified as an FFI.

The new withholding regime will be phased in beginning 1 July 2014 for payments from sources within the United States and will apply to "**foreign passthru payments**" (a term not yet defined) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or after the "**grandfathering date**", which is the later of (a) 1 July 2014 and (b) the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified on or after the grandfathering date and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Notes are issued before the grandfathering date, and additional Notes of the same series are issued on or after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (each, an **IGA**). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "**Reporting FI**" not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction generally would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being **FATCA Withholding**) from payments it makes. The Model 2 IGA leaves open the possibility that a Reporting FI might in the future be required to withhold as a Participating FFI on foreign passthru payments and payments that it makes to Recalcitrant Holders. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and the Cayman Islands have entered into an IGA based largely on the Model 1 IGA.

If the Issuer becomes a Participating FFI, the Issuer and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

Whilst the Notes are in global form and held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, the Guarantor, any paying agent or the common depositary, given that each of the entities in the payment chain between the Issuer and the participants in the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Notes will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which

are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

SUBSCRIPTION AND SALE

The Dealers have, in an amended and restated programme agreement (as supplemented from time to time, the "**Programme Agreement**") dated 17 April 2014 agreed with the Issuers and the Guarantor a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of the Notes*" and "*Terms and Conditions of the Notes*". In the Programme Agreement, the Issuers have agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

Hong Kong

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Notes other than (i) to persons whose ordinary business is to buy or sell shares or debentures (whether as principal or agent); (ii) to "professional investors" within the meaning of the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the "**SFO**") and any rules made under the SFO; or (iii) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap.32) of Hong Kong (the "**CO**") or which do not constitute an offer to the public within the meaning of the CO; and
- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue (in each case whether in Hong Kong or elsewhere), any advertisement, invitation or document relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to any Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" within the meaning of the SFO and any rules made under the SFO.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the Securities Act or pursuant to an exemption from the registration requirements of the Securities Act.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has offered and sold any Notes, and will offer and sell any Notes (a) as part of their distribution at any time and (b) otherwise until 40 days after the completion of the distribution of all Notes of the Series of which such Notes are a part, as determined and certified as provided below, only in accordance with Rule 903 of Regulation S under the Securities Act. Each Dealer who purchases Notes of a Series (or in the case of a sale of a Series of Notes issued to or through more than one Dealer, each of such Dealers as to the Notes of such Series to be purchased by or through it or, in the case of a syndicated issue, the relevant lead manager) shall determine and certify to the Principal Paying Agent the completion of the distribution of the Notes of such Series. On the basis of such notification or notifications, the Principal Paying Agent has agreed to notify such Dealer/lead manager of the end of the distribution compliance period with respect to such Series.

Each Dealer has also agreed that, at or prior to confirmation of sale of Notes, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Notes from it during the distribution compliance period a confirmation or notice to substantially the following effect:

"The Securities covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Securities as determined and certified by the relevant Dealer, in the case of a non-syndicated issue, or the Lead Manager,

in the case of a syndicated issue, and except in either case in accordance with Regulation S under the Securities Act. Terms used above have the meanings given to them by Regulation S.”

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it, its affiliates or any persons acting on its or their behalf have not engaged and will not engage in any directed selling efforts with respect to any Notes, and it and they have complied and will comply with the offering restrictions requirement of Regulation S.

The Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended and regulations thereunder.

In respect of Bearer Notes where TEFRA D is specified in the applicable Final Terms the relevant Dealer will be required to represent and agree that:

- (a) except to the extent permitted under U.S. Treasury Regulations Section 1.163-5(c)(2)(i)(D) (the “D Rules”), (i) it has not offered or sold, and during the restricted period it will not offer or sell, Bearer Notes to a person who is within the United States or its possessions or to a United States person, and (ii) it has not delivered and it will not deliver within the United States or its possessions definitive Bearer Notes that are sold during the restricted period;
- (b) it has and throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Bearer Notes are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;
- (c) if it is a United States person, it is acquiring Bearer Notes for purposes of resale in connection with their original issuance and if it retains Bearer Notes for its own account, it will only do so in accordance with the requirements of U.S. Treasury Regulations Section 1.163-5(c)(2)(i)(D)(6);
- (d) with respect to each affiliate that acquires Bearer Notes from it for the purpose of offering or selling such Notes during the restricted period, it repeats and confirms the representations and agreements contained in subparagraphs (a), (b) and (c) on such affiliate’s behalf; and
- (e) it will obtain from any distributor (within the meaning of U.S. Treasury Regulations Section 1.163-5(c)(2)(i)(D)(4)(ii)) that purchases any Bearer Notes from it pursuant to a written contract with such Dealer (other than a distributor that is one of its affiliates or is another Dealer), for the benefit of the relevant Issuer and each other Dealer, the representations contained in, and such distributor’s agreement to comply with, the provisions of sub-paragraphs (a), (b), (c) and (d) of this paragraph insofar as they relate to the D Rules, as if such distributor were a Dealer hereunder.

Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder, including the D Rules.

In respect of Bearer Notes where TEFRA C is specified in the applicable Final Terms, the relevant Dealer will be required to represent and agree that:

- (a) it has not offered, sold or delivered, and will not offer, sell or deliver, directly or indirectly, any Notes within the United States or its possessions in connection with the original issuance of the Bearer Notes; and
- (b) in connection with the original issuance of the Bearer Notes it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if such prospective purchaser is within the United States or its possessions and will not otherwise involve the United States office of such Dealer in the offer and sale of the Bearer Notes.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Public Offer Selling Restrictions under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are subject to the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive; or
- (b) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the relevant Obligors for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the relevant Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision:

- the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State;
- the expression “**Prospectus Directive**” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State; and
- the expression “**2010 PD Amending Directive**” means Directive 2010/73/EU.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) in relation to any Notes which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the relevant Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21 (1) of the FSMA does not or would not, if the relevant Obligor was not an authorised person, apply to such Obligor; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the “**FIEA**”) and each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

France

Each of the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and will not offer or sell, directly or indirectly, Notes to the public in France, and has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, the Base Prospectus, the relevant Final Terms or any other offering material relating to the Notes, and that such offers, sales and distributions have been and shall be made in France only to (i) providers of investment services relating to portfolio management for the account of third parties (*personnes tournissant le service d’investissement pour compte de tiers*), and/or (ii) qualified investors (*investisseurs qualifiés*), other than individuals, all as defined in, and in accordance with, Articles L.411-1, L.411-2 and D.411-1 to D.411-3 of the French Code *monétaire et financier*.

Republic of Italy

The offering of the Notes has not been registered pursuant to Italian securities legislation and, accordingly, no Notes may be offered, sold or delivered, nor may copies of the Base Prospectus or of any other document relating to the Notes be distributed in the Republic of Italy, except:

- (i) to qualified investors (*investitori qualificati*), as defined pursuant to Article 100 of Legislative Decree No. 58 of February 24, 1998, as amended (the “**Financial Services Act**”) and Article 34-ter, first paragraph, letter b) of Commissione Nazionale per la Società e la Borsa (“**CONSOB**”) Regulation No. 11971 of 14 May 1999, as amended from time to time (“**Regulation No. 11971**”); or
- (ii) in other circumstances which are exempted from the rules on public offerings pursuant to Article 100 of the Financial Services Act and Article 34-ter of Regulation No. 11971.

Any offer, sale or delivery of the Notes or distribution of copies of the Base Prospectus or any other document relating to the Notes in the Republic of Italy under (i) or (ii) above must be:

- (a) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Financial Services Act, CONSOB Regulation No. 16190 of 29 October 2007 (as amended from time to time) and Legislative Decree No. 385 of September 1, 1993, as amended (the “**Banking Act**”); and
- (b) in compliance with Article 129 of the Banking Act, as amended, and the implementing guidelines of the Bank of Italy, as amended from time to time, pursuant to which the Bank of Italy may request information on the issue or the offer of securities in the Republic of Italy; and
- (c) in compliance with any other applicable laws and regulations or requirement imposed by CONSOB or any other Italian authority.

The United Arab Emirates (excluding Dubai International Financial Centre)

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that the Notes to be issued under the Programme have not been and will not be offered, sold or publicly promoted or advertised by it in the UAE other than in compliance with any laws applicable in the UAE governing the issue, offering and sale of securities.

Dubai International Financial Centre

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered and will not offer the Notes to be issued under the Programme to any person in the Dubai International Financial Centre unless such offer is:

- (a) an "Exempt Offer" in accordance with the Markets Rules of the Dubai Financial Services Authority (the "**DFSA**"); and
- (b) made only to persons who meet the "Professional Client" criteria set out in Rule 2.3.2 of the Conduct of Business Module of the DFSA Rulebook.

Kingdom of Saudi Arabia

No action has been or will be taken in the Kingdom of Saudi Arabia that would permit a public offering of the Notes. Any investor in the Kingdom of Saudi Arabia or who is a Saudi person (a "**Saudi Investor**") who acquires any Notes pursuant to an offering should note that the offer of Notes is a private placement under Article 10 or Article 11 of the "Offer of Securities Regulations" as issued by the Board of the Capital Market Authority resolution number 2-11-2004 dated 4 October 2004 and amended by the Board of the Capital Market Authority resolution number 1-28-2008 dated 18 August 2008 (the "**KSA Regulations**"), through a person authorised by the Capital Market Authority ("**CMA**") to carry on the securities activity of arranging and following a notification to the CMA under the KSA Regulations.

The Notes may thus not be advertised, offered or sold to any person in the Kingdom of Saudi Arabia other than to "sophisticated investors" under Article 10 of the KSA Regulations or by way of a limited offer under Article 11 of the KSA Regulations. Each Dealer represents and agrees, and each further Dealer appointed under the Programme will be required to represent and agree, that any offer of Notes to a Saudi Investor will be made in compliance with the KSA Regulations.

Investors are informed that Article 17 of the KSA Regulations place restrictions on secondary market activity with respect to the Notes, including as follows:

- (i) a Saudi Investor (referred to as a "**transferor**") who has acquired Notes pursuant to a private placement may not offer or sell Notes to any person (referred to as a "**transferee**") unless the offer or sale is made through an authorised person where one of the following requirements is met:
 - (a) the price to be paid for the Notes in any one transaction is equal to or exceeds Saudi Riyals one million or an equivalent amount;
 - (b) the Notes are offered or sold to a sophisticated investor; or
 - (c) the Notes are being offered or sold in such other circumstances as the CMA may prescribe for these purposes;
- (ii) if the requirement of paragraph (i)(a) above cannot be fulfilled because the price of the Notes being offered or sold to the transferee has declined since the date of the original private placement, the transferor may offer or sell the Notes to the transferee if their purchase price during the period of the original private placement was equal to or exceeded Saudi Riyals 1 million or an equivalent amount;
- (iii) if the requirement in paragraph (ii) above cannot be fulfilled, the transferor may offer or sell Notes if he/she sells his entire holding of Notes to one transferee; and
- (iv) the provisions of paragraphs (i), (ii) and (iii) above shall apply to all subsequent transferees of the Notes.

Cayman Islands

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it shall not make, and has not made, any invitation or offer to the public in the Cayman Islands to subscribe for the Notes.

People's Republic of China

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that the Notes will not be offered or sold directly or indirectly within the People's Republic of China (for such purposes, not including Hong Kong and

Macau Special Administrative Regions or Taiwan) ("PRC"). This Base Prospectus or any information contained or incorporated by reference herein does not constitute an offer to sell or the solicitation of an offer to buy any securities in the PRC. This Base Prospectus, any information contained herein or the Notes have not been, and will not be, submitted to, approved by, verified by or registered with any relevant governmental authorities in the PRC and thus may not be supplied to the public in the PRC or used in connection with any offer for the subscription or sale of the Notes in the PRC.

The Notes may only be invested by the PRC investors that are authorised to engage in the investment in the Notes of the type being offered or sold. Investors are responsible for obtaining all relevant governmental approvals, verifications, licences or registrations (if any) from all relevant PRC governmental authorities, including, but not limited to, the State Administration of Foreign Exchange, the China Securities Regulatory Commission, the China Banking Regulatory Commission, and other relevant regulatory bodies, and complying with all relevant PRC regulations, including, but not limited to, any relevant foreign exchange regulations and/or overseas investment regulations.

General

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will (to the best of its knowledge and belief) comply with all applicable securities laws, regulations and directives in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes this Base Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Obligors nor any of the other Dealers shall have any responsibility therefor.

None of the relevant Obligors or any of the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about and observe any applicable restrictions on the distribution of this Base prospectus and the offering and sale of any Notes.

With respect to each Series, the relevant Dealer will be required to comply with any additional restrictions agreed between the relevant issuer and the relevant Dealer and as set out in the relevant subscription agreement or dealer accession letter, as applicable.

GENERAL INFORMATION

Authorisation

The entry into the Programme, the issue of Notes under the Programme and the giving of the Guarantee by ENBD was duly authorised by a resolution of the Board on 30 September 2009. Entry into the Programme and the issue of Notes by EGF under the Programme was duly authorised by a resolution of the board of directors of EGF dated 17 April 2014.

Approval of the Base Prospectus, Admission to Trading and Listing of Notes

Application has been made to the CSSF to approve this document as a base prospectus. The CSSF assumes no responsibility as to the economic and financial soundness of the Programme or in respect of the quality or solvency of ENBD or EGF pursuant to Article 7(7) of the Luxembourg Law. Application has also been made to the Luxembourg Stock Exchange for Notes issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market and to be listed on the Official List of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's Regulated Market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2004/39/EC).

Application has also been made to the DFSA for Notes issued under the Programme to be admitted to the DFSA's Official List of securities. An application may be made for any Series to be admitted to trading on NASDAQ Dubai.

Documents Available

For the period of 12 months following the date of this Base Prospectus, copies of the following documents will, when published, be available for inspection from the registered office of each of ENBD and EGF and from the specified offices of the Paying Agents for the time being in London and Luxembourg:

- (a) Memorandum and Articles of Association (with an English translation thereof) of each of ENBD and EGF;
- (b) the consolidated audited financial statements of ENBD in respect of the financial years ended 31 December 2012 and 2013, in each case together with the audit reports prepared in connection therewith;
- (c) the Programme Agreement, the Deed of Covenant, the Guarantee and the Agency Agreement (which contains the forms of the Global Notes, the Notes in definitive form, the Receipts, the Coupons and the Talons); and
- (d) a copy of this Base Prospectus.

In addition, copies of this Base Prospectus, each Final Terms relating to Notes which are admitted to trading on the Luxembourg Stock Exchange's Regulated Market and each document incorporated by reference are available on the Luxembourg Stock Exchange's website at www.bourse.lu.

Clearing Systems

The Notes have been accepted for clearance through Euroclear and Clearstream, Luxembourg (which are the entities in charge of keeping the records). The appropriate Common Code and ISIN for each Tranche of Notes allocated by Euroclear and Clearstream, Luxembourg will be specified in the applicable Final Terms.

The address of Euroclear is Euroclear Bank SA/NV, 1 Boulevard du Roi Albert II, B-1 210 Brussels and the address of Clearstream, Luxembourg is Clearstream Banking, 42 Avenue JF Kennedy, L-1855 Luxembourg.

Conditions for Determining Price

The price and amount of Notes to be issued under the Programme will be determined by the relevant Issuer and the relevant Dealer at the time of issue in accordance with prevailing market conditions.

Significant or Material Change

There has been no significant change in the financial or trading position of ENBD since 31 December 2013 and there has been no material adverse change in the prospects of ENBD since 31 December 2013.

There has been no significant change in the financial or trading position of EGF since its incorporation on 3 July 2009 and there has been no material adverse change in the prospects of EGF since 3 July 2009.

Litigation

None of the Issuers nor any other member of the Group is or has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which any of the Issuers are aware) in the 12 months preceding the date of this document which may have or have in such period had a significant effect on the financial position or profitability of any of the Issuers or the Group.

Auditors

The auditors of ENBD are Ernst & Young Middle East (Dubai Branch). Ernst & Young Middle East (Dubai Branch) were appointed as auditors of ENBD on 6 March 2013 and have audited, in accordance with International Standards on Auditing, ENBD's consolidated financial statements as of and for the year ended 31 December 2013 as stated in their report incorporated by reference herein.

Ernst & Young Middle East (Dubai Branch) is regulated in the UAE by the UAE Ministry of Economy which has issued Ernst & Young Middle East (Dubai Branch) with a license to practice as auditors. There is no professional institute of auditors in the UAE and, accordingly, Ernst & Young Middle East (Dubai Branch) is not a member of a professional body in the UAE. All of Ernst & Young's audit partners are members of the institutes from where they received their professional qualification.

Prior to 6 March 2013, the auditors of ENBD were KPMG, who have audited ENBD's accounts, without qualification, in accordance with International Financial Reporting Standards for each of the two financial years ended 31 December 2011 and 31 December 2012.

KPMG is regulated in the UAE by the UAE Ministry of Economy which has issued KPMG with a licence to practice as auditors. There is no professional institute of auditors in the UAE and, accordingly, KPMG is not a member of a professional body in the UAE. All of KPMG's audit professionals and partners are members of the institutes from where they received their professional qualification.

Since the date of its incorporation, no financial statements of EGF have been prepared and EGF is not required by Cayman Islands law to do so.

Dealers Transacting with EGF and ENBD

In the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuers or the Issuers' affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuers routinely hedge their credit exposure to the Issuers consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
